The "Property" tab is highlighted in yellow. Below the tabs, there is a "Search for:" section with two radio buttons: "Applications" (selected) and "Appeals". Below this is a "Status:" dropdown menu with "All" selected. At the bottom, there is a text input field with a question mark icon on the left and a "Search" button on the right. The text above the input field reads "Enter a keyword, reference number, postcode or single line of an address."

- Using the available spaces, enter the property details you have and click on the 'Search' button.

- You will then see a list of the matching addresses we hold. If you've only entered a postcode, it will return a list of all properties with that postcode. You may find that entering only a street name returns too many results, try to be specific.

You can navigate additional pages by using the numbers or 'next' button in the bottom-left. To view a particular record, click on the **bold** address.
