2. INTRODUCTION AND BACKGROUND

- 2.1 Pursuant to S.33A of the Planning and Compulsory Purchase Act 2004 (as amended) when preparing development plan documents local planning authorities and county councils (in two-tier areas) are subject to a legal duty to cooperate with each other, and with other prescribed bodies (as set out in regulation 4 of the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended)), on strategic matters that cross administrative boundaries. In order to demonstrate effective and on-going joint working, the National Planning Policy Framework (NPPF) requires strategic policy making authorities to prepare and maintain one or more statements of common ground (SoCG), documenting the cross-boundary matters being addressed and to describe progress in cooperating to address these.
- 2.2 SoCG are written records of the progress made by strategic policy-making authorities during the process of planning for strategic cross-boundary matters. It documents where effective cooperation is and is not happening throughout the plan-making process and is a way of demonstrating at examination that plans are deliverable over the plan period, and based on effective joint working across local authority boundaries even if there are still matters to be resolved. In the case of local planning authorities, it also forms a key part of the evidence required to demonstrate that they have complied with the duty to cooperate.
- 2.3 A SoCG may also be used as an effective tool for demonstrating cooperation between the Local Planning Authority and those who play a part in helping deliver their Plan. Importantly, the Duty to Cooperate, is not a duty to agree, and it is a legitimate role for SoCG’s to also document areas where agreement has not yet been reached, should this be the case.
- 2.4 These SoCG’s are pertinent to the Maidstone Local Plan Review, which was submitted to the Secretary of State for Examination in Public on 31 March 2022. The examination hearings are currently in process. SoCG’s are being used by the Council to demonstrate legal compliance in terms of the plan-making process, as well as to demonstrate progress in resolving issues of plan soundness that the Planning Inspector is considering following representations made during the Regulation 19 consultation and the examination

- 2.5 This report brings to the Committee two draft Statements of Common Ground. These are with National Highways and Natural England.
- 2.6 The SoCG in Exempt Appendix 1 has been produced by Maidstone Borough Council and National Highways. It provides an update to the SoCG published in March 2022. It clarifies the highways and transport work to be undertaken before the recommencement of the stage two Local Plan Review examination hearings as requested to National Highways; specifically in relation to the Garden Communities and the proposed Local Plan Review.
- 2.7 The SoCG in Exempt Appendix 2 has been produced by Maidstone Borough Council and Natural England. It provides an update to the SoCG published in November 2022. It clarifies the position with regards to nutrient neutrality in the River Stour and sets out the agreement reached on the approach MBC has adopted to calculating nutrient budgets.
- 2.8 There remains a matter surrounding air quality and nitrogen deposition at Boxley Wood. As at the time of writing this report, MBC is in discussions with Natural England in order to resolve air quality matters. The updated position around Air Quality will form the basis of a future iteration of this SoCG.
- 2.9 There is potential to bring to this committee a SoCG between Kent County Council and Maidstone Borough Council. If it is possible to bring this SoCG to the 5th April 2023 PI PA this will be brought as a urgent update.

3. AVAILABLE OPTIONS

- 3.1 Option 1: That Planning, and Infrastructure Policy Advisory Committee recommend that the draft Statements of Common Ground (Exempt Appendices 1 & 2) be approved by the Lead Member for Planning & Infrastructure. This would allow these documents to be finalised and signed, in accordance with the agreed protocol, in order that they may be published as part of the Council's evidence base for the Local Plan Review examination.
- 3.2 Option 2: That Planning, and Infrastructure Policy Advisory Committee recommend that the draft Statements of Common Ground (Exempt Appendices 1 & 2) be approved by the Lead Member for Planning & Infrastructure subject to further comments and changes. While this would allow the Statements of Common Ground to be finalised and signed, in accordance with the agreed protocol, it may cause delays or other risks in the Local Plan Review examination process.
- 3.1 Option 3: That Planning, and Infrastructure Policy Advisory Committee recommend that the draft Statements of Common Ground (Exempt Appendices 1 & 2) are not approved by the Lead Member for Planning & Infrastructure. However, this would mean the documents could not be finalised and signed, thus potentially prejudicing national requirements associated with the production of the Local Plan Review and discharge of the Council's duty to cooperate with other authorities.
-

-
