73. PETITIONS

Councillor John Perry, the Chairman of Staplehurst Parish Council, presented a petition in the following terms on behalf of residents of the Borough living in parished areas and the Maidstone Area Committee of the Kent Association of Local Councils:-

We the undersigned believe that the removal of the Concurrent Functions Grant and its replacement by the proposed Parish Services Scheme will seriously damage the provision of essential local services or lead to a significant percentage increase in the tax burden on residents of parished areas. We further believe that the proposal will cause an unfair difference in the treatment of residents between parished and unparished areas and re-establish double-taxation on Parishes that the Concurrent Functions Grant has addressed over the last 20 years or more. We call upon Maidstone Borough Council to turn away from the proposed abolition of the Concurrent Functions Grant and to continue with current arrangements (that have already been subject to cuts of more than 35% since 2010-11). Alternatively, we call upon Maidstone Borough Council to establish an alternative rating system for Parishes to reflect their lesser absorption of Borough services, while recognising that Parishes must play their part in keeping the overall standards and central services of the Borough at an acceptable level. Should Maidstone Borough Council not commit, as a matter of priority, to maintaining funding for parished areas at the current level (which is already substantially reduced), we call on our Parish Council to arrange an appropriate poll under the 1972 Local Government Act, in co-ordination with other Parishes within the Borough.

During the discussion on the petition, Members made a number of points including:-

- It was accepted that there was a need to review the existing Concurrent Functions arrangements, and that funding should be based on the services provided. However, Concurrent Functions funding had been cut by more than 30% already, and this was far greater than cuts to other budgets. Parish Councils played a fundamental role in local government and needed flexibility in decision making. The situation should be reviewed.
- It was difficult to justify cutting the funding for Parishes by more than 30%, given the underspend on the revenue budget, and then proposing what appeared to be a further 80% cut in funding. Parish Councils had a degree of autonomy over how they spent their money and to take this away was not in the spirit of localism. Parish Councils were united in their opposition to the change in arrangements and disappointed about the way in which the negotiations had been conducted taking into account the good working relationship which had been fostered between the Borough and Parish Councils over many years. It should have been possible to negotiate amendments to the current framework and make budgetary savings.
- The Borough Council's Concurrent Functions Scheme had been regarded as an exemplar, but times had changed and the Scheme was now in need of some amendment. At a time when local Councils were being provided with more flexibility, with an emphasis on devolution and localism, the narrowing of the Scheme went against the thrust of government policy. The new Scheme was narrow in what it included and there was a risk that full value for money for both the Borough and Parish Councils would not be achieved. It was now necessary to draw a line under the past, and move forward to design a Scheme worth having for residents, Parishes and the Borough Council.
- The scale of the reduction in funding for individual Parishes was unacceptable. Parish Councils had their accounts audited and could demonstrate how their funds were spent.
- Further discussions were required to sort out the misunderstandings which had arisen and the misinformation. For example, it should be made clear that Parishes would not be bidding against each other and that the new Scheme was designed to avoid double taxation. In the current economic climate, a Scheme was needed which was clear and transparent and which would work for the benefit of all residents of the Borough.
- Further clarification was required as to the services that the Borough Council would fund.

- Although the new Scheme would recompense Parish Councils for any service they carried out that the Borough Council would otherwise perform, any extra service or standard above that which the Borough would provide would need to be funded through the Parish precept, and this could cause problems for smaller Parishes.
- The intention was to introduce a system that was fair to all residents of the Borough and to provide it in a simple, transparent and accountable manner. The decision had been made to delay the introduction of the new Scheme until 2013/14 to provide a transitional period for Parish Councils to review their services and options.
- In the present economic climate, the existing Concurrent Functions Scheme was unaffordable.
- It was recognised that the entire process relating to the introduction of the new Parish Services Scheme had been very difficult. However, the national economic picture was grim and it was known that in the Comprehensive Spending Review 2014/15 there would be further cuts in local government funding. All three tiers of local government had to think differently about how they administered their finances, directed resources and prioritised. Overall, it was considered that the new Parish Services Scheme was the way forward. There was no statutory requirement upon District Councils to make funding available to Parish Councils, but the new Scheme recognised the needs of Parish Councils and that they carried out services that the Borough Council would otherwise perform. There were concerns that could be overcome. Parish Councils should engage with the Officers to identify their funding requirements and priorities. However, money was tight.

It was suggested that the petition and the points raised in the debate should be referred to the Cabinet as a whole rather than to the relevant Cabinet Member. The Leader of the Council accepted this change.

RESOLVED: That the petition and the points made by Members during the debate be referred to the Cabinet for consideration.

74. QUESTION AND ANSWER SESSION FOR MEMBERS OF THE PUBLIC

There were no questions from members of the public.

75. QUESTIONS FROM MEMBERS OF THE COUNCIL

Question to the Leader of the Council

Councillor Moss asked the following question of the Leader of the Council:-

The Joint Transportation Board at its last meeting rejected the draft Strategic Transport Strategy. This was proposed by Councillor

Paul Carter, the Leader of Kent County Council, on the basis that the Strategy was ill-conceived and unaffordable. Funding streams and developer contributions would just not cover the cost of the proposals when taken into account with other necessary infrastructure provision. Much of the debate had focused on a proposal to construct a one way gyratory system at Barming involving Fountain Lane, opening up St Andrew's Road cul-de-sac and Tonbridge Road. These roads would then carry the full A26 traffic flow. Objections were voiced by members of the Stop St Andrew's Road Group who spoke at the meeting; they are supported by over 600 local residents. Several Councillors including myself spoke in their support.

The proposal would have serious quality of life issues for the residents of St Andrew's Road and Fountain Lane. Indeed much of the greater Barming area would be affected as the proposal would encourage vehicle rat-runs through the Beverley Estate and North Street.

A serious effect of the rethink of the Draft Strategy is that the houses on St Andrew's Road and Fountain Lane are now subject to blight unless there is an assurance that these proposals will not be brought back for further discussion. This blighting effect could last for many months.

Would you give your assurance that this proposal will not be considered again in order that we may reflect local community opinion and the need to preserve local quality of life? Also, that cheaper, but no less effective methods, will be explored as an alternative.

The Leader of the Council responded to the question.

Councillor Moss asked the following supplementary question of the Leader of the Council:-

I am aware that the recommendations of the Joint Transportation Board are only advisory. Can I have your assurance that the views of local people will form a significant part of the basis upon which decisions are made on the related Integrated Transport and Core Strategies by the Cabinet and the Council, in line with current legislation?

The Leader of the Council responded to the question.
