RESOLVED: That the change to the order of business be noted.

110. <u>REPORT OF THE DIRECTOR OF FINANCE AND BUSINESS IMPROVEMENT - MEDIUM TERM FINANCIAL STRATEGY: FEES AND CHARGES</u>

The Director of Finance and Business Improvement provided an overview of the proposed fees and charges for service areas within the remit of the Committee. The Director assured the Committee that, although some increases were above inflation, they had been calculated to take account of costs and the market rate.

During discussion the following points were raised:

- An increase in the charge for school visits to the Museum was proposed. This was based on the results of a bench marking exercise with similar organisations.
- It was proposed that the charge for use of the Museum's glass room should be decreased in order to encourage short term use by smaller groups.

Members requested clarification on mooring fees and the hire of Jubilee Square from the Director of Finance and Business Improvement, who confirmed that this would be circulated to Members after the Committee meeting.

RESOLVED: That the proposed Medium Term Financial Strategy fees and charges for Heritage, Culture and Leisure Committee for 2017/18, as set out in detail at Appendix A to the report of the Director of Finance and Business Improvement, be approved.

111. REFERENCE FROM POLICY AND RESOURCES COMMITTEE - LAND AT GORE COURT ROAD

The Director of Finance and Business Improvement presented the referral from Policy and Resources Committee that recommended the implementation of a semi-natural buffer within the Senacre Recreation Ground.

In response to questions the Director explained that the one-off costs of planting the buffer would be paid for by the developer. There would be no cost to the Council.

RESOLVED: That the relevant Officer be delegated to implement a seminatural buffer within the Senacre Recreation Ground bounding the new hedgerow to increase its value for wildlife and long term protection.

112. VERBAL REPORT OF THE MEMBER FOR EAST WARD - RIVER FESTIVAL

The Chairman outlined the procedures for a Member's report to Committee and clarified that the Committee must decide whether or not to take the matter further and request an Officer report on the subject to a future meeting.

Councillor Naghi delivered a verbal report on the River Festival which covered:

- Councillor Naghi wished for the River Festival to be reinstated
- For this to happen, the River Festival Committee required the Council's support
- The support required to put on the event included officer resources, through the Safety Advisory Group and the Cleansing Department cleaning up after the event
- In 2017, the traditional date of the river festival coincided with the Ramblin' Man Festival

 However both events should be able to coexist, as those who had not bought tickets for Ramblin' Man could enjoy free entertainment at the River Festival

The Director of Finance and Business Improvement informed the Committee that the Festivals and Events Strategy required events to be self-financing, and that it was unlikely that the Council would be able to contribute to the River Festival from available resources.

RESOLVED: That it be agreed that the Council facilitate the River Festival Committee, including links to the Safety Advisory Group and clean up after the event.

113. REPORT OF THE HEAD OF POLICY AND COMMUNICATIONS - STRATEGIC PLAN PERFORMANCE UPDATE QUARTER 3

The Head of Policy and Communications introduced the report detailing the progress of key strategies, plans and key performance indicators (KPIs) within the Heritage, Culture and Leisure Committee's service areas.

The Committee was asked to note that, with regard to the KPI relating to the number of children taking part in formal educational activities on and off the museum site, the performance had improved but not reached target.

In response to questions from the Committee, the Head of Policy and Communications advised that:

- The target of 19,625 for footfall at the Museum and Visitor Information Centre was for the year. The report would be amended to show that the target would be missed.
- It had not been a full year since the Museum began to close on a Monday and so the quarterly effect could not yet be reported on.
- There were several opportunities that were soon to come on stream for the Museum including a new Ancient Civilisations gallery and projects with outside groups and partners.

RESOLVED: That

- The summary of performance for Quarter 3 of 2016/17 for Key Performance Indicators (KPIs) and corporate strategies and plans be noted.
- 2. That it be noted where complete data was not currently available.
- 3. That it be noted that no further actions to be taken or amendments to the Quarter 3 report were identified.

115. REPORT OF THE DIRECTOR OF FINANCE AND BUSINESS IMPROVEMENT -MEDIUM TERM FINANCIAL STRATEGY & BUDGET PROPOSALS 2017/18

The Director of Finance and Business Improvement presented the report which set out the details of revenue budget proposals for the services within the remit of the Committee. The Committee was informed that the reduction in the New Homes Bonus would have no effect on the budget, but would affect capital expenditure and may require the Council to borrow to fund capital projects.

In addition to the budget proposals included at Appendix B the Director advised that Policy and Resources Committee had requested that the Committee consider the growth allocation of £50,000 annually to the Museum for the years 2017/18 and 2018/19. In response to a question it was explained that removal of the growth projection might result in the withdrawal of the Museum educational service, an additional day of closure and staff redundancies.

RESOLVED: That the budget proposals for services within the remit of the Heritage, Culture and Leisure Committee, as set out in Appendices B and D to the report of the Director of Finance and Business Improvement, be agreed for submission to Policy and Resources Committee.

Third Quarter Budget Monitoring 2016/17

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1 This report provides the committee with an overview of the revenue budget and outturn for the third quarter of 2016/17, and highlights financial matters which may have a material impact on the medium term financial strategy or the balance sheet.
- 1.2 As at the 31 December 2016, this committee was showing an overall adverse variance of £15,000. The individual variances for each service area are detailed within **Appendix I**.
- 1.3 The position for the council as a whole at the end of the third quarter shows a decrease in the overspend forecast at the end of the second quarter. Additional controls over spending that were introduced to address this at the end of the second quarter are detailed at paragraph 2.7 of this report.

2. INTRODUCTION AND BACKGROUND

- 2.1 The Director of Finance & Business Improvement is the Responsible Financial Officer, and has overall responsibility for budgetary control and financial management. However in practice, day to day budgetary control is delegated to service managers, with assistance and advice from their director and the finance section.
- 2.2 The medium term financial strategy for 2016/17 onwards was agreed by full Council on 2 March 2016. This report advises and updates the committee on the current position with regards to revenue expenditure against the approved budgets.
- 2.3 Attached at **Appendix I** is a table detailing the current budget and expenditure position for this Committee's services in relation to the third quarter of 2016/17, to December 2016. The appendix details the net budget per cost centre for this Committee. Actual expenditure is shown to the end of December 2016 and includes accruals for goods and services received but not yet paid for.
- 2.4 The columns of the table in the Appendix show the following detail:
 - a) The cost centre description;
 - b) The value of the total budget for the year;
 - c) The amount of the budget expected to be spent by the end of December 2016;
 - d) The actual spend to that date;
 - e) The variance between expected and actual spend;
 - f) The forecast spend to year end; and
 - g) The expected significant variances at 31 March 2017.

- 2.5 **Appendix I** shows that of a net annual expenditure budget of £2,471,734 it was expected that £2,486,830 would be spent up until the end of December. These totals include internal recharges. At this point in time the budget is reporting an over spend of £15,096, and the current forecast indicates that the current forecast indicates that the outturn position for this committee is a net overspend of £187,000.
- 2.6 Explanations for variances within individual cost centres which exceed or are expected to exceed £30,000 have been provided in accordance with the council's constitution.

Heritage, Culture & Leisure Committee	Positive Variance Q3 £000		Year end Forecast Variance £000
Cultural Development Sports – There	30		40
has been very little expenditure in this			
service area this year. Leisure Centre – There is an unrealised		-28	-37
budget strategy saving relating to the installation of solar panels at the leisure centre.		20	3,
Parks & Open Spaces – There is an underspend on the arboricultural works budget which is offset by additional running costs.	40		13
Mote Park Café – This variance has arisen due to higher than budgeted staff costs and lower than expected income. The budget variance has highlighted an urgent need for a review of the café's operating model.		-152	-197
Bereavement Services – This service is currently generating income above budget due to in part to increased memorial sales.	25		16
Market – There is a shortfall against the income budget.		-18	-22
Heritage, Culture & Leisure total			-187

- 2.7 The overall forecast for the council at the end of the third quarter shows a decrease in the overspend projected at the end of the second quarter.

 Increased control in the following areas of spending were introduced across the council at the end of the second in order to improve the position:
 - 1. Recruitment;
 - 2. Temporary staff;
 - 3. Discretionary spending; and
 - 4. Contractual commitments.

These have achieved a measure of success and at this stage a reduction in the previously forecast overspend is projected for the Council as a whole.

3 AVAILABLE OPTIONS

3.1 In considering the current position on the revenue budget at the end of December 2016 the committee can choose to note those actions or it could chose to take further action.

4 PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS

4.1 The committee is requested to note the content of the report and agree on any necessary action to be taken in relation to the budget position.

5 CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK

5.1 This report is not expected to lead to any consultation.

6 NEXT STEPS: COMMUNICATION AND IMPLEMENTATION OF THE DECISION

- 6.1 The third quarter budget monitoring reports were considered by the service committees in January and February 2017, culminating in a full report to Policy and Resources committee on 15 February.
- 6.2 Details of the actions taken by service committees to manage the pressures in their budgets will be reported to Policy and Resources committee if appropriate.
