

Strategic Plan 2015-2020

Foreword from the Leader, Councillor Annabelle Blackmore

The Strategic Plan is Maidstone Borough Council's most important document because it illustrates how we will create the conditions in making Maidstone Borough an attractive place to live, work and visit. The council faces tough challenges over the next five years however we must create the conditions which allow for managed economic growth, but also respects our natural environment and the heritage which the county town of Kent possesses.

Maidstone is the county town of Kent and we have attracted investment and growth to help secure our future. We have a unique mix of rural Kentish villages, urban areas and a vibrant town centre, which makes Maidstone a highly desirable place in which to live, work and visit. However I believe we must not be complacent. Following public consultation about our priorities it was clear residents value a clean and safe borough and improvement to our transport infrastructure to ease the traffic congestion across the Borough of Maidstone.

The delivery of improved road infrastructure must occur through close working with key partners. For example work on the improved Bridges Gyratory scheme will start later in 2015. Other schemes across the borough will be funded through a variety of measures and will seek to improve key pinch points.

Although our borough is a clean and safe place we must work with all partners to continue to improve all areas of the public realm for the benefit of all. Working together with our parish councils and other local community groups we will facilitate improvements across the borough.

Over the next five years the Council will face a difficult financial future, along with most public sector organisations, as our funding for the provision of local services is reduced. We are taking steps to manage our assets more effectively through a series of measures including our Festivals and Events programme.

This document puts people at the heart of our plans. I want Maidstone to have a bright future and I believe the Strategic Plan sets out what we want to achieve over the next five years and what we will deliver for our residents, our businesses and also our visitors.

Maidstone is the county town of Kent, in terms of its geography it is largely rural and the countryside offers high quality landscape and biodiversity. Approximately 50% of the borough population lives in a parished area. We are focused on achieving economic prosperity, whilst at the same time balancing protecting the environment and landscape that makes the borough of Maidstone a great place to live, work in and visit.

We mean:

Ensuring there are good Leisure and Cultural Attractions

There is always something to see or do in Maidstone with the river, two museums and a theatre in the town centre, four green flag parks, a well-used leisure centre, a castle, various markets and a variety of festivals and events held across the Borough and throughout the year.

We mean:

Enhancing the Appeal of the Town Centre for Everyone

Maidstone has had an historically thriving town centre however we need to ensure that we keep pace with the changing economic environment and continue to meet the demands of businesses and consumers. Investment in Maidstone town centre is needed if it is to continue to be a popular place for leisure, to live, shop and work.

We mean:

- Ensuring we have a thriving and attractive town centre that is fit for the future

We will:

- Be proactive in delivering a vision for the town centre through working with partners, businesses and regenerating areas ourselves.

Measured by:

- % of vacant retail units
- Conversion of office space to residential,

Securing Improvements to the Transport Infrastructure for our Borough

Maidstone is strategically situated between London and the channel ports and is serviced by two motorway networks, the M20 and M2, with rail connections to central London. With regard to travelling in and around the Borough by car, congestion is an issue particularly at peak time in the town centre. The bus transport network serving Maidstone town is relatively strong whilst rural transport presents distinct challenges.

We mean:

- A transport network that meets the needs of residents and businesses

We will:

- Deliver an integrated transport strategy and work with our partners to seek improvements to the transport infrastructure

Measured by:

- Measures from Integrated Transport Strategy
- Resident Survey

Promoting a range of employment skills and opportunities across the borough

There were 68,300 people employed in the Maidstone economy in 2012 with a high proportion in the public sector, reflecting the town's status as Kent's County Town and administrative capital. There were 6,760 registered businesses in Maidstone in 2012, equivalent to 43 businesses per 1,000 population, compared to 39 for England and an above average rate of self-employment.

We mean:

- Meeting the skills and employment needs of our residents, not becoming a dormitory borough and supporting and attracting businesses

We will:

- Adopt a Economic Development Strategy and Deliver with Partners.
- Work with businesses and support them to grow and develop
- Support the principle of an enterprise hub
- Work with our partners to support those not in education, employment or training (NEET)

Measured by:

- % of our residents that are NEET
- Net change in jobs
- % of Job Seekers Allowance claimants
- Business Start-ups versus failures

Planning for Sufficient Homes to meet our Borough's Needs

Over the last five years, the supply of new affordable housing within the borough has been greater than in neighbouring authorities, although still less than historic levels. 189 new affordable homes were built in the borough in 2013/14. In total 630 new homes were delivered in 2012/13, of these new homes over 80% were built on land that had previously been developed.

We mean:

- Having enough homes to meet our residents needs with sufficient homes across a range of tenures

We will:

- Adopt a local plan
- Deliver the Housing Strategy

Measured by:

- Net Additional Homes
- % of additional homes that are affordable
