

Communities, Housing & Environment Committee

15 November 2016

Is the final decision on the recommendations in this report to be made at this meeting?

No

Strategic Plan Performance Update Quarter 2 2016/17

Final Decision-Maker	Policy & Resources Committee
Lead Head of Service	Angela Woodhouse, Head of Policy & Communications
Lead Officer and Report Author	Anna Collier, Policy & Information Manager. Alex Munden, Performance and Business Information Officer
Classification	Public
Wards affected	All

This report makes the following recommendations to this Committee:

1. Note the summary of performance for Quarter 2 of 2016/17 for Key Performance Indicators (KPIs) and corporate strategies and plans.
2. Note the progress of strategic plan action plan at appendix II
3. Note where complete data is not currently available.
4. Note the performance of Key Performance Indicators from Quarter 1 of 2016/17 for which data was not available at Policy & Resources on 26 July 2016

This report relates to the following corporate priorities:

- Keeping Maidstone Borough an attractive place for all
- Securing a successful economy for Maidstone Borough

Key Performance Indicators monitor the delivery of the Council's Corporate Priorities as set out in the Strategic Plan 2015-20. The Performance Plan provides progress against the Council's key strategies which deliver the Council's corporate priorities.

Timetable

Meeting	Date
Wider Leadership Team	17 October 2016
Communities, Housing & Environment	15 November 2016
Policy & Resources Committee	23 November 2016

Strategic Plan Performance Update Quarter 2 2016/17

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1 Communities, Housing & Environment Committee is asked to review the progress of key strategies, plans, and performance indicators that support the delivery of the Strategic Plan 2015-2020.
 - 1.2 Data has been provided where it was not available for the Quarter 1 performance update.
-

2. INTRODUCTION AND BACKGROUND

- 2.1 Having a comprehensive set of actions and performance indicators ensures that the Council delivers against the priorities and actions set in the Strategic Plan.
 - 2.2 A midyear update has been provided for any objectives in the Strategic Plan Action Plan that were due between 1 April and 30 September 2016. Updates for these objectives can be found in Appendix II. These are progress updates against specific milestones through the last two quarters.
 - 2.3 The Strategic Plan now has 33 Key Performance Indicators that were agreed by Committee in April 2016. This is in addition to the existing 14 plan and strategy updates.
 - 2.4 Performance indicators are judged in two ways; firstly on whether performance has improved, sustained or declined, compared to the same period in the previous year. This is known as direction. Where there is no previous data, no assessment of direction can be made.
 - 2.5 The second way is to look at whether an indicator has achieved the target set and is known as PI status. If an indicator has achieved or exceeded the annual target they are rated green. If the target has been missed but is within 10% of the target it will be rated amber and if the target has been missed by more than 10% it will be rated red.
 - 2.6 Some indicators will show an asterisk (*) after the figure, these are provisional values that are awaiting confirmation. Data for some of the indicators were not available at the time of reporting in these cases a date has been provided of when the information is expected.
 - 2.7 Contextual indicators are not targeted but are given a direction. Indicators that are not due for reporting or where there is delay in data collection are not rated against targets or given a direction.
-

3. Quarter 2 Performance Summary

- 3.1 There are 33 key performance indicators (KPIs) which were developed with Heads of Service and unit managers, and agreed by Policy & Resources Committee for 2016/17. Fifteen of these relate to the Communities, Housing & Environment Committee for quarter 2.
- 3.2 Overall, 82% (9) of KPIs reported this quarter achieved their annual target for quarter 2. For 60% of indicators, performance improved compared to the same quarter last year.

4. RAG Rating	Green	Amber	Red	N/A	Total
KPIs	9	0	2	7	15
Strategic Actions	6	0	0		6
Direction	Up	Across	Down	N/A	Total
KPIs	6	0	4	5	15

Data not available

- 4.1
- Percentage of household waste sent for reuse, recycling, or composting
- 4.2 Kent County Council provides the recycling and composting data. Currently, only the data for July has been provided. Complete data for Quarter 2 will be provided as an update to Communities Housing & Environment Committee in the Quarter 3 performance update.
-

5. Performance by Priority

Priority 1: Keeping Maidstone Borough an attractive place for all

- 5.1 Quarter 1: Recycling rates were higher than the same period in 2014/15. With overall waste reduced. Mixed recycling was higher which increased recycling rates for April even though composting levels were down. There was a significant increase in recycling in June to just over 55%, following work to reduce contamination. The target was marginally missed in quarter 1, but the figure for June indicates performance is increasing, and recycling is likely to reach the target this year.
- 5.2 Quarter 2: Recycling data is only available for July, but was 52.8% which is above target. As data for the remaining quarter is unavailable a quarterly comparison is not possible. The lower contamination rate of household waste, and recycling of street arisings has contributed to a higher recycling rate. This is the highest recycling rate for quarter 2 since we started recording this data. Full data for quarter two will be available in quarter 3.
- 5.3 The percentage of land and highways assessed as having acceptable levels of litter is 8.65% against a target of 6.5%. An increased littering score in Park Wood contributed to lower performance against the target for quarter 2. The scores in Park Wood were higher as retail outlets were highly

littered, and they were surveyed before the scheduled cleansings had arrived. Performance is significantly lower than quarter 2 in 2015/16.

- 5.4 The percentage of land and highways assessed as having acceptable levels of detritus is 17.5% against a target of 18%. This is comparable to the same quarter last year. Even though this is a challenging target for the levels of detritus, we have achieved the target for the quarter.
- 5.5 The number of incidences of fly-tipping has shown a seasonal increase in comparison to quarter 1. There was an increase in the number of fly-tips reported on footpaths and bridleways. There has been a 200% increase in construction and demolition waste, and 150% increase in garden waste. However, quarter 2 saw a 33% reduction in white goods and electrical item waste. Fant Ward had the highest number of fly tips, and there was an increase in construction waste in Boxley. Work is still ongoing to establish the reason for these increases, and to determine if there is any link with the disruptions to household waste collections.
- 5.6 No safeguarding practitioners have been trained for quarter 2. The lack of training in this quarter, as well as quarter 1, makes it unlikely that the annual target will be achieved. The safeguarding policy is set to be agreed by Communities, Housing, and Environment Committee on 18 October 2016. Once agreed, a skills and training audit will take place to identify appropriate staff to take the safeguarding leads. These officers will receive safeguarding training from the Community Partnerships Team.
- 5.7 Crime in the borough has seen a 17% increase in the year to date up to August. Figures are not yet available for September 2016 but are expected to be available by the end of October. July and August 2016 compared to 2015 shows a 19% increase, with 285 additional crimes. The increase could again be seen in a positive light as it demonstrates domestic abuse campaigns are working, and people are more confident in reporting crime. If call handling of the 101 service improves, we may see a further increase in the number of crimes reported. This is something communities, Housing, and Environment Committee are looking at when they meet as the Crime and Disorder Committee.
- 5.8 The number of Disabled Facilities Grants completed is 26 for quarter 2 against a target of 25. This is more than double the completion rate for quarter 2 in 2015/16. Completion of grant cases is back on track despite complications from migrating the cases to a new system in August 2016. Performance is expected to improve as the year progresses, if the trend from last year continues.
- 5.9 The number of people completing a course at the Leisure Centre after being referred by a GP was 36 for quarter 2. This is a provisional figure as final figures are not provided until the middle of the month.
- 5.10 The number of older isolated people prevented from social isolation was 20 for the quarter. Café Culture at the museum continues to attract a regular clientele. We will consider a summer break in the future as only 2 people attended in August.

5.11 The percentage of parishes satisfied with the level of communication and engagement with Maidstone Borough Council is 38.3%. A total of 62 responses were received from Parish Councillors and Clerks. Almost a third (32%) were neither satisfied nor dissatisfied with engagement. Comments for this question and others from the survey as a whole are being reviewed and will help shape future communication and engagement.

Priority 1: Keeping Maidstone an attractive place for all & Priority 2: Securing a successful economy for Maidstone Borough

5.12 The number of children taking part in formal educational activities at the museum was 1598. This is a reduction on quarter 1, and the target of 2085 has been missed for quarter 2. This quarter was comparable with the same quarter last year. The reduction quarter-on-quarter was due to the Summer School Holidays. Schools sessions and Arts Award continue to be popular and highly regarded by schools. The Learning Service works with schools across Kent with reduced fees for schools in the Maidstone Borough.

5.13 Footfall in the High Street has exceeded its target of 2,058,735 for quarter 2. Footfall was slightly higher in comparison to the same quarter of 2015/16, and we are pleased to see that the Bridge Gyrotory works have not had an impact.

Priority 2: Securing a successful economy for Maidstone Borough

5.14 Homelessness preventions exceeded the target with 102 preventions in quarter 2, against a target of 75. This was due to a review of historic and open housing advice and prevention cases, with all completed cases being closed.

5.15 A total of 139 affordable homes were delivered, exceeding the target of 45 for the quarter. The affordable housing programme is maintaining a steady supply of new build affordable units. The annual target has already been exceeded with 225 affordable homes delivered to date. According to latest schedules, there are in excess of 300 affordable dwellings forecast for completion by the end of the year.

5.16 We have housed 155 people through the housing register for quarter 2 2016/17. This is a 50% increase on the number housed for the same period last year, and has exceeded the quarterly target of 150. This indicator remains on track to exceed the annual target.

6. CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK

6.1 The Strategic Plan Performance Update will be reported quarterly to the service committees; Communities Housing and Environment Committee, Strategic Planning, Sustainability and Transport Committee, and Heritage, Culture, and Leisure Committee. The report will then go to Policy & Resources committee following these meetings, with any feedback from the Committees.

7. PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS

- 7.1 The Council could choose not to monitor the Strategic Plan and/or make alternative performance management arrangements, such as the frequency of reporting. This is not recommended as it could lead to action not being taken against performance during the year, and the Council failing to deliver its priorities.
- 7.2 The Communities, Housing & Environment Committee review the performance data presented and request further information to understand previous, current, and future performance where relevant.

8. CROSS-CUTTING ISSUES AND IMPLICATIONS

Issue	Implications	Sign-off
Impact on Corporate Priorities	The key performance indicators and strategic actions are part of the Council's overarching Strategic Plan 2015-20 and play an important role in the achievement of corporate objectives. They also cover a wide range of services and priority areas, for example waste and recycling.	Angela Woodhouse, Head of Policy & Communications
Risk Management	The production of robust performance reports ensures that the view of the Council's approach to the management of risk and use of resources is not undermined and allows early action to be taken in order to mitigate the risk of not achieving targets and outcomes.	Angela Woodhouse, Head of Policy & Communications
Financial	Performance indicators and targets are closely linked to the allocation of resources and determining good value for money. The financial implications of any proposed changes are also identified and taken into account in the Council's Medium Term Financial Plan and associated annual budget setting process. Performance issues are highlighted as part of the budget monitoring reporting process.	Section 151 Officer

Staffing	Having a clear set of targets enables staff outcomes/objectives to be set and effective action plans to be put in place.	Angela Woodhouse, Head of Policy and Communications
Legal	None identified.	Legal Team
Equality Impact Needs Assessment	The Performance Indicators reported on in this quarterly update measure the ongoing performance of the strategies in place. If there has been a change to the way in which a service delivers a strategy, i.e. a policy change, an Equalities Impact Assessment is undertaken to ensure that there is no detrimental impact on individuals with a protected characteristic.	Equalities and Corporate Policy Officer
Environmental/Sustainable Development	A number of performance indicators relate to our performance in environmental services. This has a significant effect on our ability to monitor the Environment in Maidstone. This is also important as one of our key priorities is to provide a clean and safe environment.	Policy and Information Manager
Community Safety	We have Key Performance Indicators that relate to important areas of community safety. These ensure that the work being done by the Community Safety Unit is relevant, and that key areas such as safeguarding are being developed.	Policy and Information Manager
Human Rights Act	None identified.	Policy and Information Manager
Procurement	Performance Indicators and Strategic Milestones monitor the any procurement needed to achieve the outcomes of the Strategic Plan.	Policy and Information Manager

Asset Management	Performance Indicators that measure our commercial activities monitor our use of our assets. Good performance shows good management of our assets, or can highlight where assets can be utilised more efficiently.	Policy and Information Manager
