Biodiversity and Climate Change	The Committee has identified that the green agenda is important in its approval of the build back better principles, the actions will support the Council's Biodiversity and Climate Change Strategy.	Head of Policy, Communications and Governance

2. INTRODUCTION AND BACKGROUND

- 2.1 The Council's consideration of its approach to recovery from the COVID-19 pandemic commenced in June 2020. A framework of objectives and themes was agreed by the Policy and Resources Committee at its meeting on 24 June 2020 following consultation with a politically balanced member group. It was agreed that this group would, amongst other things, provide feedback and suggestions for proposed actions for recovery ahead of these being sent to the relevant committees for decision making where this was required.
- 2.2 The Council's initial consideration of recovery was undertaken in the context of significant budgetary constraints and uncertainties. However, as part of the local government financial settlement for 2021/22, councils across the country received additional resources for addressing COVID-19 and its effects. This was reported to the Policy and Resources Committee on 10 February 2021 where it was noted that Maidstone's share of the un-ringfenced grant was £860,000. In line with government guidance, the first call on this grant was identified for the immediate COVID-19 response in 2021/22. It was later recognised that it would be appropriate to deploy this funding to support the recovery from COVID-19 and that a further report

would be brought to Policy and Resources Committee setting out the recovery strategy and likely funding requirements. As this is a one-off grant, it would not be prudent to use it to offset underlying budget pressures and it was not therefore included within the Strategic Revenue Projection. The revenue outturn for 2020/21 was better than had been feared at times during the year for the reasons set out in the 4th Quarter Finance, Performance and Risk report presented to the Policy and Resources Committee on 23rd June 2021. Given this context consideration could be given to applying the £860,000 grant to projects which would help deliver the recovery objectives, KPIs and updated areas of focus already in place.

2.3 Further Councillor engagement took place through a briefing held on 9 June 2021. The briefing covered:

- Updated position on the impact and effect of the pandemic
- Themes previously agreed by Policy and Resources Committee
- Project ideas reflecting the objectives and KPIs previously agreed

Following this, a discussion paper was presented to and debated at Policy and Resources Committee on 23 June. A follow up meeting was then held with Service Committee Chairs and Vice Chairs to continue to work on the Council's approach to recovery and renewal including a distilled list of projects.

2.4 From the discussions with Councillors, Build Back Better principles for Maidstone have been agreed and an Action Plan developed which meets the cross-cutting principles.

2.5 It was identified by Councillors at the workshops and at committee that whilst funding was from a one-off source, it should be put to use in ways to ensure legacy and longevity where possible. Actions have been identified that will ensure we maximise the one-off spend to leave a legacy.

2.6 An Action Plan has been developed for Recovery and Renewal with the following themes:

- Vibrant Economy
- Community Resilience
- The Way we Work
- Responding to Increased Demands

The plan has been considered by Policy and Resources Committee and this Committee is now asked to consider those actions that fall within its terms of reference and provide comment to Policy and Resources Committee.

2.7 Policy and Resources Committee have strategic oversight for recovery and renewal and progress on the final plan will be reported to the Committee on a six-monthly basis.

2.8 It should be noted that the Council has existing responsibilities in relation to responding the Pandemic and if the current surge continues this may result in an increased demand in support for those affected by COVID-19. The Action Plan is such that not all work will commence at the same time, nor

will it require the total resource to be allocated and spent immediately as such if further resources were required to respond to the pandemic, actions and spending could be paused and adjusted and reported to this Committee to ensure the Council remains in a state of readiness to respond.

2.9 The Council is currently undertaking a number of initiatives in response to the pandemic including:

- Maintaining a community hub and helpline,
- Identifying and supporting financially vulnerable people
- Initiatives to re-open the high street safely including digital campaigns and promotions to encourage visitors
- Making the best use of the Homelessness Prevention Grant to enable households to remain in their homes.
- COVID-19 compliance checks
- Agile working

2.10 We have previously reported on our response to the pandemic and these reports are listed as background documents.

2.11 Details on each project or action proposed which falls within the Committee's remit has been provided in **Appendix A**, following discussions with Councillors further explanation and information on the Community Resilience Fund is set out below and in **Appendix C** to this report.

2.12 The Community Resilience Fund set out in Appendix A has been proposed following the successful Winter Funding Grant whereby small and large voluntary and community sector groups were able to bid for money to run initiatives to keep vulnerable people warm and fed. The themes for the fund have been identified as a result of our survey of the Voluntary and Community Sector (VCS) earlier this year (**Appendix B**), which shows a significant change in demand for services in relation to Mental Health and Isolation and Loneliness. This was also evidenced in our resident survey carried out in 2020 on the impact of the pandemic.

2.13 The Fund will provide one-off money of between £500-£5000 to support projects run by the community and voluntary sector that benefit the residents of Maidstone centred on mitigating the impact of the pandemic.

2.14 A draft scheme structure and application process has been designed (at **Appendix C**) which incorporates best practice from Local Authorities across the country and is mindful of our recent learning with the Winter Funding Grant; the scheme should be kept as simple as possible to maximise uptake.

3. AVAILABLE OPTIONS

3.1 The Committee is asked to consider the actions for recovery and renewal that are outlined in Appendix A for comment. The Committee is asked to comment on the proposals and make recommendations as appropriate.

4. RISK

- 4.1 The Coronavirus Pandemic has had a severe and long-lasting impact on the lives of Maidstone communities and businesses, not responding and effectively planning for recovery and renewal will increase the risk to our communities and businesses as well as the Council. The Council's corporate risk register contains risks relating to the pandemic the actions proposed will mitigate the risks.

5. CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK

- 5.1 As well as consultation with Councillors through the Member COVID-19 recovery consultative forum, reports were received on a regular basis by Policy and Resources in 2020 and 2021:

24 June 2020: Response to Covid19 Public Health Emergency
Approach to recovery from the Covid19 Pandemic

16 September 2020: Strategic Plan Review – Update on Priority Milestones

20 January 2021: Strategic Plan – Proposed Areas for Focus 2021-2026
and Key Performance Indicators for Covid-19
Recovery

10 February 2021: Strategic Plan Refresh

- 5.2 On the 9 June 2021 a virtual member briefing was held for Members where information was provided on the impact to date of the pandemic, and stimulated discussion on what to 'Build Back Better' would mean for Maidstone, this was followed by a discussion paper on 23 June 2021 and a workshop with the Service Committee Chairs and Vice Chairs. All of this feedback has been taken into account in the development of the actions for recovery and renewal.
- 5.3 A report was taken to Policy and Resources on the 21 July where the projects and actions for recovery and renewal were agreed for the purpose of engagement with the service committees.
-

6. NEXT STEPS: COMMUNICATION AND IMPLEMENTATION OF THE DECISION

- 6.1 Proposals will be considered by all four Service Committees before being considered by Policy and Resources in October. Work will then commence on the actions when approved, including communication.
-

7. REPORT APPENDICES

The following documents are to be published with this report and form part of the report:

- Appendix A: Recovery and Renewal Actions
 - Appendix B: Voluntary and Community Sector Survey Results
