Definitions:

Alternate Weekly Collections – *refuse and recycling are collected fortnightly on alternate weeks*

Twin-stream – *recycling is separated into two components, usually Paper and card in one container and plastic, glass and metals in another. Occasionally glass is collected as the separate material*

Commingled – *all dry recycling i.e. paper, card, plastic, glass and cans, are collected in the same bin*

Maidstone operate an Alternate Weekly Collection with a fully commingled recycling and chargeable garden waste.
