**Executive Summary**

This report sets out the 2022/23 financial and performance position for the services reporting into the Executive as at 30<sup>th</sup> June 2022 (Quarter 1). The primary focus is on:

- The 2022/23 Revenue and Capital budgets; and
- The 2022/23 Key Performance Indicators (KPIs) that relate to the delivery of the Strategic Plan 2019-2045.
- Corporate Risk Register

The combined reporting of the financial and performance position enables the Committee to consider and comment on the issues raised and actions being taken to address both budget pressures and performance issues in their proper context,

reflecting the fact that the financial and performance-related fortunes of the Council are inextricably linked.

### Budget Monitoring

At the Quarter 1 stage the Council has incurred net expenditure of £0.059m against the approved profiled budget of £1.488m, representing an underspend of £1.428m.

Overall net expenditure at the end of Quarter 1 for the services reporting to CS PAC is -£0.193m, compared to the approved profiled budget of £0.704m, representing an underspend of £0.897m.

At the Quarter 1 stage, the Council has incurred overall expenditure of £2.688m against a budget allocation within the Capital Programme of £35.476m.

Capital expenditure at the end of Quarter 1 for CS PAC was £0.084m against a total budget of £12.633m.

### Performance Monitoring

A number of targets were missed due to current issues with the economy and the after-effects of Covid-19, although there were improvements in a number of other areas.

### Corporate Risk Update

The report outlines all the Council's corporate risks. Of particular note is the addition of a new risk relating to the May 2023 elections and arising from the introduction of Voter ID. All other corporate risks have been reviewed and updated with some changes to risk scores and risk descriptions as noted in the report. The risk register (Appendix 3) details how the Council is responding to these risks and undertaking necessary preparations and actions to reduce likelihood and impact where possible to do so.

### Recovery & Renewal Update

The Recovery and Renewal Action Plan at Appendix 4 details the progress made against actions for the last two quarters.

A number of initiatives, increasing access to funding to support vulnerable households, have been successfully delivered. These include the issue of fuel vouchers in August with the remainder to be issued in September, helping 431 households.

There has been significant progress as part of the culture change project to help facilitate new ways of working across the organisation. An event was held in July involving staff, partners and service users to help understand how the Council is perceived and what needs to adapt or change to achieve continuous improvement in its approach to service design and delivery.

Twenty organisations were funded from the 1st phase of the Community Resilience Fund amounting to £58,429.00. There will be a second wave of funding available in Autumn/Winter 2022 for organisations in the VCS.

Seventeen events were held throughout the summer months in Maidstone Town Centre to support a 'vibrant visitor economy. This included Fusion Festival, Brenchley Gardens Concerts and Art in the Park.

There has been delay with some actions including the Mid Kent Skills hub, however this is expected to move forward once commercial terms have been agreed. A Volunteering and Funding Support Event, organised by Funding for All, in partnership with MBC is currently under development and is due to take place at the end of November.
