However, under Section 3 of the Local Government Act 1999 (as amended) a best value authority has a statutory duty to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. One of the purposes of the Key Performance Indicators is to facilitate the improvement of the economy, efficiency and effectiveness of Council services. Regular reports on Council performance help to demonstrate best value and compliance with the statutory duty.	Team Leader (Contentious and Corporate Governance)

## 2. INTRODUCTION AND BACKGROUND

- 2.1 Performance management is a key tool to ensuring that the Council is delivering on its priorities, as set out in our strategic plan, and which indicates whether action is required to ensure that we improve our services, give value for money and good outcomes for the residents of Maidstone.
- 2.2 Performance Management has undergone a few evolutions both nationally and locally, with a general reduction in emphasis on performance monitoring. Nationally there has been a recent increase in focus. In July 2023, the Office of Local Government (OFLOG) launched a beta-version of a new online tool, which brings together a range of existing metrics across local government service areas, to provide authoritative and accessible data and analysis about the performance of local government and support its improvement.
- 2.3 Not all metrics have yet been confirmed, and there are currently no published metrics falling under the remit of this committee. The Local Authority Data Explorer can be found here: <https://oflog.data.gov.uk/>.
- 2.4 The government have also committed to ensuring that OFLOG will develop all future metrics by July 2025, and under their current proposed future metrics, the following are relevant for this committee:
- Homelessness and rough sleeping
  - Public Health
  - Animal Welfare
  - Anti-social behaviour
  - Environment
  - Housing
  - Neighbourhood Crime
  - Parks and Green Spaces

### Draft Key Performance Indicator Set 2024/25

- 2.5 Proposed key performance indicators for consideration for the period 2024/25 are outlined in the tables over the page. Indicators have been developed based upon:

- New and potential Oflog indicators as described above,
- Current Strategic Priorities,
- Feedback from members over the course of the year,
- Advice from Head of Services and key managers.

2.6 Thirty-seven indicators are proposed for this committee, an increase from the current twenty-four.

2.7 The below indicators are proposed to be removed from this committee:

- Percentage of successful Prevention Duty outcomes
- Percentage of successful Relief Duty outcomes
- Number of completed housing assistances
- Percentage of CPWs to CPNs in period (CPT/SMP)
- Number of trees planted/size of area rewilded

2.8 The new indicators proposed for this committee are:

- Percentage of rent arrears (as a percentage of total rent roll) of properties managed by MBC's Accommodation Team
- Percentage of void residential properties managed by MBC's Accommodation Team (re-lets)
- Percentage of repairs completed within 21 Days (on residential properties managed by MBC's Accommodation Team)
- Percentage of gas safety certificates in place on residential properties managed by MBC's Accommodation Team

- Number of Homeless Applications made
- Number of applicants where S195(2) Prevention Duty ended as applicant became homeless and S189B(2) Relief Duty accepted
- Percentage of fly tips assessed within 2 working days
- Percentage of fly-tips clear or assessed within 4 working days

### Reporting

2.9 Reporting will change in 2024/25 to increase transparency of the Council's performance. Dashboards of performance will be developed for each committee, which will be refreshed monthly for members.

- 2.10 In addition to the monthly dashboard, Committee can request more detail about performance from Heads of Service or Managers at committee on any aspect of the performance to feature on the Committee agenda.
- 2.11 A formal summary of performance will be reported biannually, with the annual report providing a more in-depth analysis including trends and benchmarking data.
- 

### **3. AVAILABLE OPTIONS**

- 3.1 Members of the Policy Advisory Committee can choose to recommend to Cabinet the draft key performance indicator set, as it set out at appendix A.
- 3.2 Alternatively, Members can recommend to Cabinet to remove or add any indicators suggested as they feel are relevant for the committee.
- 3.3 Members could recommend that performance is not monitored but this is not recommended. Performance management is a cornerstone of a well-performing authority and this would reduce transparency and oversight of the Council's services and overall performance.
- 

### **4. PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS**

- 4.1 That Members of the Policy Advisory Committee recommend the draft indicator at appendix A to Cabinet, as this has been developed based upon aligning to national data sets, strategic priorities and expert officer advice.
- 

### **5. RISK**

- 5.1 The risks associated with this proposal, including the risks if the Council does not act as recommended, have been considered in line with the Council's Risk Management Framework. The recommended approach reduces the risk to the Council. We are satisfied that the risks associated are within the Council's risk appetite and will be managed as per the Policy.

### **6. CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK**

- 6.1 Key Performance Indicators are presented to committees and cabinet throughout the year and feedback is continually collected and fed into the indicator review process at the end of the municipal year.
- 6.2 Meetings have been had with Corporate Leadership Team, Heads of Service and key Managers which has led to the draft set presented to committee today.
- 

### **7. NEXT STEPS: COMMUNICATION AND IMPLEMENTATION OF THE DECISION**

- 7.1 The development of a performance dashboard is currently underway and will continue once the final set of indicators is approved.
- 7.2 Once the dashboard is at a stage of user-testing, the Chair and Vice-Chair of this committee will be invited to feedback on the contents and outputs of the dashboard, which will contribute towards its final view.
-
