Introduction

This paper provides the Audit Committee with a report on progress in delivering our responsibilities as your external auditors. The paper also includes:

- a summary of emerging national issues and developments that may be relevant to you as a district council
- includes a number of challenge questions in respect of these emerging issues which the Committee may wish to consider.

Members of the Audit Committee can find further useful material on our website www.grant-thornton.co.uk, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications - 'Local Government Governance Review 2012', 'The developing internal audit agenda', 'Preparing for the future', 'Surviving the storm: how resilient are local authorities?'

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Audit Manager.

Accounting and audit issues

Implications of the Local Government Finance Act 2012

The Local Government Finance Act 2012 has now been given Royal Assent. The Act has amendments in two areas of local government finance:

- Council tax support will now be localised and local authorities will be responsible for implementing their own council tax reduction schemes.
- 50% of the non domestic rates collected locally will be retained by the local authority. Billing authorities will pay over a share to central government and proportionate shares to their precepting bodies.

In December 2012, CIPFA issued a consultation on proposed amendments to the 2013/14 Code of Practice on Local Authority Accounting in the United Kingdom for the implications of business rates retention schemes. In summary, the changes are to account for business rates in a similar way to council tax. The Comprehensive Income and Expenditure Statement will need to show amounts collectible by each authority. Debtors/creditors will be recognised when these amounts do not match the actual amounts paid by each billing authority over to preceptors and government. The Collection Fund adjustment account will be used for accounting for the differences. Top-ups and tariffs and the safety net and levy will be recognised as grant income or expenditure. Individual authorities in a pool will need to account for their share of income and expenditure debtors/creditors as stipulated in any agreement made by individual authorities in the pool.

Challenge questions:

- Do you know your key risks?
- · Have officers ensured the financial impact is fed into medium term financial plans?

Accounting and audit issues

Provisions

Under IAS 37 'Provisions, Contingent Liabilities and Contingent Assets', the criteria for recognising a provision is that there is:

- a current obligation as a result of a past event;
- · a transfer of economic benefit is probable; and
- a reliable estimate of the liability can be made.

We wish to highlight the following matters to you for consideration where a provision may be required:

- Mutual Municipal Insurance the Scheme of Arrangement was triggered in November 2012, therefore it is now virtually certain that there will be a transfer of economic benefit. If this liability has not been discharged by 31 March 2013, we would expect local authorities to recognise a creditor or, if the timing or amount of the payment is uncertain, a provision in their financial statements.
- Equal pay in October 2012 the supreme court ruled that more than 170 former Birmingham City Council employees can make equal
 pay claims. This effectively extends the time workers have to bring equal pay compensation claims from six months to six years. We
 would expect local authorities to consider whether they have received any additional claims and, where the criteria set out in IAS 37
 have been met, recognise a provision.

Grant Thornton

'Towards a tipping point?: Summary findings from our second year of financial health checks of English local authorities'

In December 2012, Grant Thornton published 'Towards a tipping point?: Summary findings from our second year of financial health checks of English local authorities'. This financial health review considers key indicators of financial performance, financial governance, strategic financial planning and financial controls to provide a summary update on how the sector is coping with the service and financial challenges faced. The report provides a summary of the key issues, trends and good practice emerging from the review.

Challenge questions:

• Have you considered the findings of the report?

Local government guidance

'Auditing the Accounts 2011/12' report

In December, the Audit Commission published 'Auditing the Accounts 2011/12'. The report summarises the results of auditors' work on the financial statements of both principal and small bodies. The key finding in the report is that bodies have improved the quality and timeliness of their financial reporting in 2011/12.

'Striking a balance: improving councils' decision making on reserves'

In December, the Audit Commission published 'Striking a balance: improving councils' decision making on reserves.' The report covers the findings from research undertaken by the Audit Commission on the level of reserves that councils hold and the decisions councils make on them.

The report encourages English councils to focus more attention on their reserves. It suggests that management should be providing more comprehensive information on reserves to elected members and councils should provide greater clarity on the reasons for holding reserves. The report includes questions for elected members that will help them in their decision making and scrutiny roles.

Challenge questions:

• Are your officers providing you with the right information about reserves?

Local government guidance

'Tough Times: Councils' financial health in challenging times'

In November, the Audit Commission published 'Tough times 2012: Councils' financial health in challenging times.' This is the second report it has produced looking at how councils are dealing with the issues from the Spending Review and focuses on the financial health of councils.

The report finds that councils generally delivered on their planned savings, however, auditors reported that signs of financial stress were visible.

Challenge question:

· Have you considered the findings of the report and any actions required?

'Protecting the public purse 2012'

In November, the Audit Commission published "Protecting the public purse 2012: Fighting fraud against local government." The report provides the results of the Audit Commission's annual survey of English local government bodies. It finds that local government bodies are targeting their investigative resources more efficiently and effectively. Local government bodies detected more than 124,000 cases of fraud in 2011/12 totalling £179m. It also reports that new frauds are emerging in areas such as business rates, Right to Buy housing discounts and schools.

The report includes a checklist for those charged with governance to use to review their counter-fraud arrangements.

Challenge questions:

- Have you considered the findings of the report?
- Are there any issues that could relate to your authority and how are these being dealt with?
- Have you reviewed your existing arrangements for tackling fraud?

If you have any fraud queries, talk to your audit manager to see how Grant Thornton could help.
