- A) Notice has been given pursuant to Council Procedure Rule 12 of the intention to present a petition in the following terms:

Platts Heath Safe Transport Scheme

We, the undersigned, call upon Kent County Council to produce, with local community participation, a transport plan to make our village safe and sustainable for the future.

We request:

- *A maximum speed limit of 20mph in School Lane*
- *20mph outside the school in Headcorn Road*
- *Investigations to take place to identify methods to slow down traffic entering from the north and south on Headcorn Road*
- *The 30mph speed limit in Lenham Road to be extended further south as outlined in a previous report sent to Maidstone Joint Transportation Board*
- *Improved and additional signage and road markings*

We ask that Kent County Council fully consider these requests and produce a plan that works and enables the community to have a safer environment for all residents. Consultation and input must include the School and all local residents and plans implemented at the Council's earliest opportunity.

- B) Notice has been given pursuant to Council Procedure Rule 12 of the intention to present a petition in the following terms:

We the undersigned agree with the Planning Committee of the Maidstone Borough Council when at their meeting on 28 May 2015 and in connection with the proposed development on the Mayfield Nursery site (Planning Application number 13/1823); they voted for the following Informative to be added to the Planning consent:

"The highway improvements to the A20 associated with the development shall include the provision of a pedestrian footway along the southern side of the highway linking the development with the existing bus stop and an uncontrolled crossing in the close vicinity of the existing bus stop."

We urge Kent County Council and Maidstone Borough Council to ensure that this resolution is carried out before first occupation of the Mayfield Nursery development.
