## AGENDA

## STRATEGIC LEADERSHIP AND CORPORATE SERVICES OVERVIEW AND SCRUTINY **COMMITTEE MEETING**

Tuesday 7 January 2014 Date: Time: 6.30 pm Town Hall, High Street, Maidstone Venue:

Membership:

1.

Councillors: Black, Butler, Mrs Gooch (Chairman), Mrs Grigg (Vice-Chairman), Hotson, D Mortimer, Nelson-Gracie, Mrs Parvin and Pickett

Page No.

web-cast 2. Apologies 3. **Notification of Substitute Members** 4. **Notification of Visiting Members/Witnesses** 5. **Disclosures by Members and Officers** 6. To consider whether any items should be taken in private because of the possible disclosure of exempt information 1 - 6 7. Minutes of the Meeting held on 3 December 2013. 8. Budget Strategy 2014-15 Onwards - Capital Interviews with Paul Riley, Head of Finance and Resources, Councillor Chris Garland, Leader of the Council and Councillor Brian Moss, Cabinet Member for Corporate Services. 31 - 51 9. Budget Strategy 2014-15 Onwards - Revenue. Interviews with Paul Riley, Head of Finance and Resources, Councillor Chris Garland, Leader of the Council and Councillor Brian Moss, Cabinet Member for Corporate Services. **10.** Budget Strategy 2014-15 - Fees and Charges

The Committee to consider whether all items on the agenda should be

Interviews with Paul Riley, Head of Finance and Resources, Councillor Chris Garland, Leader of the Council and Councillor Brian Moss, Cabinet Member for Corporate Services.

**Continued Over/:** 

Issued on 24 December 2013

Alison Brown

Alison Broom, Chief Executive, Maidstone Borough Council, Maidstone House, King Street, Maidstone Kent ME15 6JQ

7 - 30

52 - 88

| 11. | Strategic Plan Refresh 2014-15                                      | 89 - 130  |
|-----|---|-----------|
|     | Interview with Angela Woodhouse, Head of Policy and Communications. |           |

# Agenda Item 7

## MAIDSTONE BOROUGH COUNCIL

## Strategic Leadership and Corporate Services Overview and Scrutiny Committee

## MINUTES OF THE MEETING HELD ON TUESDAY 3 DECEMBER 2013

#### Present: Councillor Mrs Gooch (Chairman), and Councillors Black, Brindle, Butler, Mrs Grigg, D Mortimer, Nelson-Gracie, Pickett and Yates

#### 71. THE COMMITTEE TO CONSIDER WHETHER ALL ITEMS ON THE AGENDA SHOULD BE WEB-CAST

**<u>RESOLVED</u>**: That all items on the agenda be web-cast.

72. <u>APOLOGIES</u>

It was noted that apologies for absence were received from Councillor Hotson.

73. NOTIFICATION OF SUBSTITUTE MEMBERS

Councillor Brindle substituted for Councillor Hotson.

74. NOTIFICATION OF VISITING MEMBERS/WITNESSES

There were no Visiting Members.

75. DISCLOSURES BY MEMBERS AND OFFICERS

There were no disclosures.

#### 76. TO CONSIDER WHETHER ANY ITEMS SHOULD BE TAKEN IN PRIVATE BECAUSE OF THE POSSIBLE DISCLOSURE OF EXEMPT INFORMATION

**RESOLVED:** That all items on the agenda be taken is public as proposed.

#### 77. MINUTES OF THE MEETING HELD ON 5 NOVEMBER 2013

**RESOLVED:** That the minutes of the meeting held on 5 November 2013 be agreed as a correct record and duly signed.

78. <u>REVIEW OF COMPLAINTS JULY-SEPTEMBER (QUARTER 2) 2013</u>

The Chairman introduced Sam Bailey Research and Performance Officer, Jennifer Shepherd, Waste and Street Scene Manager, Sandra Marchant, Customer Services Manager and Councillor Brian Moss, Cabinet Member for Corporate Services. The Committee considered paragraph 1.5.1 on page 5 of the agenda which referred to the increase in the number of complaints received in Quarter 2. It was explained that the rise in complaints reported at Quarter 2 specifically related to the introduction of the new waste contract. Concerns were raised about the long wait times faced by residents who rang the Contact Centre in relation to the new waste contract.

Sandra Marchant, Customer Services Manager, informed the Committee on some of the mitigating circumstances that had impacted on call wait times as follows:

- A number of staff had left the Contact Centre and new staff had started in August at the same time as the waste contract;
- Waste calls had increased from 600 calls per week to 1700 calls per week;
- New staff were at a trainee level but had solely contracted on waste calls; and
- In the past 6 weeks calls had reduced to approx 600 to 700per week, wait times had been reduced to 14 seconds and 100% of calls were answered.

The Committee was informed that the implementation of the new waste contract had involved a project team and it was not felt that the changes would have a great impact on residents as the model was based on Maidstone's existing scheme; the two other partnership authorities, Swale and Ashford faced operational changes as a result of the new scheme. It was however unforeseen that the existing contracted waste collection rounds changed before the commencement of the new contract. It was clarified that the changes were made by Kent County Council as the disposal authority. Prior to this all Maidstone borough had its refuse collected one week and its recycling the following week.

Jennifer Shepherd, Waste and Street Scene Manager, explained that the new contract included the disposal of waste for the three partnership authorities and therefore the waste flow was more difficult to manage. Kent County Council had found that if it was to continue with operations in the same way for all three authorities as there would have been peaks and troughs in disposal rather than a continuous flow. It was confirmed that there was nothing Maidstone could have done to influence this change as it was within the jurisdiction of Kent County Council as the disposal authority.

The result of the late changes to collection rounds resulted in an impact on rural collections. There were steeper learning curves for vehicle operatives learning new rounds with most of the missed collections reported occurring in rural areas.

Members questioned the financial penalties that had been included in the new contract. It was explained that there was a grace period that had

been applied. The grace period had now ended and defaults and rectification processes were being applied.

The Committee questioned the lessons learned as a result of the implementation of the new waste contract and the number of complaints received. Mrs Shepherd told Members that the 2007 restructure of waste collections and the more recent introduction of the food waste collection had been evaluated alongside the new waste contract. The number of complaints received as a result of the new scheme was higher than those received during the introduction of food waste collection therefore the impact on residents that should be considered and managed going forward was operational changes rather than service changes.

The Committee felt that the way in which complaints were reported to it could be improved as the overall picture was positive and the waste contract was an anomaly which should be made clear in the report.

Members noted that the new contract arrangements would result in significant savings to the Council going forward.

#### **RESOLVED:** that

- a) The report be noted; and
- b) The way in which complaints are reported be improved so that any anomalies similar to the implementation of the waste contract be separated to the overall complaints figure to ensure there is more transparency and clarity in quarterly complaints reports.

#### 79. MID-YEAR STRATEGIC PLAN PERFORMANCE REPORT 2013/14

The Chairman introduced Clare Wood, Policy and Performance Officer and Georgia Hawkes, Business Transformation Manager.

The Committee considered the Mid-Year Strategic Plan performance Report and its appendices which included the following:

- Mid- Year Strategic Plan Update and KPI performance Report 2013/14;
- Indicator Definitions 2013/14;
- Customer Service Improvement Programme Mid-Year Update; and
- Borough Profile

Members queried the purpose, length and content of the covering report. It was clarified that the covering report provided contextual information to the comments provided by officers in relation to their Key Performance Indicators. Ms Wood, as the report's author and the Council's Performance Officer, was able to provide analysis of the Council's performance in the covering report.

The Committee considered the Hazlitt Theatre, the running of which had recently been taken over by an external company. In response to their questions Members were informed that there were two indicators in place, 004.05 and 007.01, to measure the quality of the service that would be provided.

Ms Hawkes informed the Committee on the Customer Services Improvement Plan at Appendix C to the report which collated the performance of all projects that were part of improvements plans for the Council. Members questioned the progress of the Customer Services Channel Shift Project which was reported as 'amber'.

Ms Hawkes informed the Committee that there had been a drop in visits to the Council's website. However this was considered to be good with a new, improved transactional website as combined with fewer visits there was a lower 'bounce' rate. A slight increase had been seen in the number of pages visited which demonstrated that whilst visiting the site more pages were being visited. The results had been compared with other Councils who had launched similar websites and the same was found. It was highlighted that the new website had 500 pages compared with its previous 3000.

Members questioned the Council's performance in terms of its energy consumption which was included under the Asset Management Work stream. They were informed of the Carbon Management Strategy which set out a number of measures that were being undertaken by the Council. The Committee commented on Major Asset Review – King Street, also included in the Asset Management Work stream, and the need for crossdepartmental awareness of its possible future uses. The Cabinet Member for Corporate Services, Councillor Moss, informed the Committee that the Council would be giving careful consideration to this asset and no quick decisions would be made.

**RESOLVED:** that the report be noted and the recommendations as set out at 1.2.1 in the report be agreed.

#### 80. BUDGET WORKING GROUP - BUDGET WORKSHOP RECOMMENDATIONS

The Committee considered the minutes and recommendations of the Budget Working Group – Budget Workshop held on  $1^{st}$  October 2013.

Paul Riley, Head of Finance and Resources and Councillor Brian Moss, Cabinet Member for Corporate Services were invited to advise the Committee on its recommendations and how best to take them forward as savings proposals for the Budget Strategy and Medium Term Financial Strategy.

The Committee agreed that the following recommendations be taken forward by Mr Riley as part of his report on the Budget Strategy 2013-14 onwards to Cabinet on 18 December 2013:

• That Head of Environment and the Public Realm be instructed to investigate the options going forward for the Park and Ride.

Evidence should be provided and investigation undertaken of the following:

- Areas where Park and Ride was a success?
- The location of current sites should be revaluated particularly Sittingbourne Road
- The feasibility of a Park and Ride model where you pay to park for a  $\pounds$ 1?
- What are the alternatives to a Park and Ride service? The principle of Park and ride should be challenged - Is Park and Ride right for Maidstone and what is its actual impact on traffic and congestion?
- That the Head of Commercial & Economic Development investigate the parking arrangements at Mote Park and the possible introduction of variable charges to combat all day commuter parking, the impact of local schools using Mote Park for parking and the cost of enforcement;
- That the Head of Finance and Resources begin looking at the options for Council office accommodation in preparation for the end of the lease on Maidstone House in 2023. Options should be considered now (in line with decisions on the Gateway and the 2016 1<sup>st</sup> floor break clause) to enable the correct long-term decisions for the Council. The Budget Working Group recommends that the plausibility of the Council building its own offices be given primary consideration; and
- That from the start of the 2014/15 Municipal Year Cabinet be invited to a Workshop session with the Strategic Leadership & Corporate Services Overview and Scrutiny Committee to undertake its prioritisation exercise of services within each portfolio area. Consideration should be given to both statutory and non-statutory functions; should the Council continue to provide them and could they be commissioned. This should take place on an annual basis going forward

**RESOLVED:** that the following recommendations be taken forward by Mr Riley as part of his report on the Budget Strategy 2013-14 onwards to Cabinet on 18 December 2013:

- a) That Head of Environment and the Public Realm be instructed to investigate the options going forward for the Park and Ride. Evidence should be provided and investigation undertaken of the following:
  - Areas where Park and Ride was a success?
  - The location of current sites should be revaluated particularly Sittingbourne Road
  - The feasibility of a Park and Ride model where you pay to park for a £1?
  - What are the alternatives to a Park and Ride service? The principle of Park and ride should be challenged Is Park and

Ride right for Maidstone and what is its actual impact on traffic and congestion?

- b) That the Head of Commercial & Economic Development investigate the parking arrangements at Mote Park and the possible introduction of variable charges to combat all day commuter parking, the impact of local schools using Mote Park for parking and the cost of enforcement;
- c) That the Head of Finance and Resources begin looking at the options for Council office accommodation in preparation for the end of the lease on Maidstone House in 2023. Options should be considered now (in line with decisions on the Gateway and the 2016 1<sup>st</sup> floor break clause) to enable the correct long-term decisions for the Council. The Budget Working Group recommends that the plausibility of the Council building its own offices be given primary consideration; and
- d) That from the start of the 2014/15 Municipal Year Cabinet be invited to a Workshop session with the Strategic Leadership & Corporate Services Overview and Scrutiny Committee to undertake its prioritisation exercise of services within each portfolio area. Consideration should be given to both statutory and non-statutory functions; should the Council continue to provide them and could they be commissioned. This should take place on an annual basis going forward.

#### 81. FUTURE WORK PROGRAMME

The Committee considered its future work programme. It was felt that an additional meeting was required in January for the Members to consider the report on the MKIP Operational Model and scope a review. It was agreed that the meeting would take place on 9 January at 10am at Maidstone House.

**RESOLVED:** that an additional meeting be arranged for 9 January at 10am to consider the report on MKIP Operational Model and scope a review.

#### 82. DURATION OF MEETING.

6.30pm to 8.40pm

# Agenda Item 8

## **MAIDSTONE BOROUGH COUNCIL**

## **CABINET**

## WEDNESDAY 14 AUGUST 2013

## **REPORT OF CORPORATE LEADERSHIP TEAM**

### Report prepared by Paul Riley Head of Finance & Resources

#### 1. BUDGET STRATEGY 2014 15 ONWARDS CAPITAL

- 1.1 <u>Issue for Decision</u>
- 1.1.1 To determine the strategy for developing the future Capital Programme, for 2014/15 onwards, as part of the consideration of the Medium Term Financial Strategy (MTFS).
- 1.1.2 To consider and approve the amount and allocation of capital resources for the delivery of the objectives of the strategic plan and other key strategies.
- 1.2 <u>Recommendation of Corporate Leadership Team</u>
- 1.2.1 That Cabinet approve for consultation:
  - a) the draft Medium Term Financial Strategy for capital, as set out in appendix B;
  - b) the capital funding projection set out in Appendix C; and
  - c) the proposed capital programme 2014/15 onwards set out in Appendix D.
- 1.2.2 That Cabinet agree to use of the Strategic Leadership and Corporate Service Overview and Scrutiny Committee's budget working group as the all-party sounding board for capital proposals.
- 1.3 <u>Reasons for Recommendation</u>
- 1.3.1 Attached at **Appendix A** is a summary of the current capital programme. The programme as given in Appendix A was approved by Council in February 2013. Subsequently Cabinet has approved

amendments at its meetings in May 2013 and August 2013 that are not reflected in Appendix A however the agreed amendments have been taken into account in the development of the recommendations in this report.

- 1.3.2 The Medium Term Financial Strategy (MTFS) is directly influenced by the country's economic situation and the government's strategy to remove the structural deficit. The impact covers both the revenue and capital elements of the strategy and must be considered in any review of the capital programme.
- 1.3.3 In the spending review 2010, and more recently the spending round 2013 and the autumn statement 2013, the government has reduced the level of resources available for capital expenditure. The most direct effect for Maidstone has been seen in the area of support for affordable housing through the Homes and Communities Agency.
- 1.3.4 As part of the spending round 2013 and the autumn statement 2013 the government has also announced a series of initiatives that direct capital resources towards economic growth in a targeted way. Most of the funding for these programmes is being directed through Local Enterprise Partnerships (LEPs). Proposals must therefore be submitted as bids to the SE-LEP if the resources are to be directed towards Maidstone initiatives.
- 1.4 Determining the Strategy MTFS Principles
- 1.4.1 In their 2012/13 review of the capital programme the Corporate Service Overview and Scrutiny Committee recommended a number of changes to the strategy. In addition, the Committee gave their support to prudential borrowing where it was used for acquisitions that were of a commercial nature and provided a net revenue benefit after costs. The review made many recommendations including proposed changes to the strategy, such as:
  - a) Creation of a standalone capital strategy separate from the MTFS;
  - b) Active encouragement of capital proposals;
  - c) The creation of a cross party sounding board to evaluate proposals; and
  - d) The development of a disposal, acquisition and management strategy for assets

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

- 1.4.2 The strategy set out in this report has been developed from the current MTFS. In addition it includes possible actions arising from the recommendations listed above. The first of which is the creation of a stand alone strategy separate from the MTFS. While this would achieve the visibility that was of concern to the Overview and Scrutiny Committee, it would remove the integrated view of the strategy that effectively links revenue and capital resources with the priorities in the strategic plan.
- 1.4.3 In considering options for the capital strategy the principles have been updated and are attached at **Appendix B**. This Appendix could be used as the basis for the development of a standalone strategy or should Cabinet be concerned about separating the two elements of the MTFS it could be integrated with the revenue strategy reported elsewhere on this agenda.

#### 1.4.4 MTFS Principles - Appraisal of Options

- 1.4.5 All schemes within the capital programme are subject to appropriate option appraisal. Any appraisal must comply with the requirements of the Prudential Code and:
  - a) Where schemes fit within a specific strategy and resources are available within the capital programme for that strategy, such as the Asset Management Plan, the schemes would also be subject to appraisal and prioritisation against the objectives of that strategy. These schemes must be individually considered and approved by the relevant Cabinet Member following the approval of the full programme.
  - b) Where schemes can be demonstrated to be commercial in nature and require the use of prudential borrowing, a business case must be presented to the Property Investment Advisory Panel. These proposals will receive final approval from the Property Investment Cabinet Committee.
- 1.4.6 Where schemes do not fit within the criteria above but an appropriate option appraisal has been completed the use could be made of the proposed cross party sounding board however the prioritisation of such schemes will remain as previsously approved by Council and set out below:
  - a) For statutory reasons;
  - b) Fully or partly self-funded schemes focused on strategic plan priority outcomes;
  - c) Other schemes focused on strategic plan priority outcomes;

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

- d) Other non-priority schemes with a significant funding gearing.
- 1.4.7 If the Overview and Scrutiny proposals are successful and the programme is promoted to the point of their being a number of schemes that cannot be accommodated within the current programme, this could be used as the basis for the creation of a select list of schemes for addition to the programme as future resources permit. Schemes that receive endorsement from the cross party sounding board could be prioritised by Cabinet thus allowing officers to focus funding efforts on delivering scheme that are next in priority order.
- 1.4.8 The MTFS requires the Council to identify actual funding before commencement of schemes and that, while schemes may be prioritised for the programme, commencement of the scheme can only occur once all the necessary resources have been identified.

#### 1.4.9 MTFS Principles - Funding

- 1.4.10 The MTFS principles require that the Council will maximise the resources available to finance capital expenditure, in line with the requirements of the Prudential Code, through:
  - The use of external grants and contributions, subject to maintaining a focus on the priority outcomes of its own strategies;
  - b) Opportunities to obtain receipts from assets sales as identified in the asset management plan and approved for sale by the Cabinet Member for Corporate Services;
  - c) The approval of prudential borrowing when the following criteria also apply to the schemes funding by this method:
    - i) they are commercial in nature;
    - ii) the outcome returns a financial benefit at least equal to the cost incurred by borrowing to fund the schemes;
    - iii) after covering the cost of funding, a further financial or non-financial benefit accrues to the Council that directly or indirectly supports the strategic plan's priority outcomes.
  - d) The provision of on-going revenue support to manage the needs of the Asset Management Plan and the ICT Strategy.

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

- e) The use of New Homes Bonus for capital purposes in line with the Council Great Place and Great Opportunity priorities.
- f) The implementation of a community infrastructure levy (CIL) and the management of its use, along with other developer contributions (s106), to deliver the priority objectives of the infrastructure delivery plan.
- 1.5 <u>The amount and allocation of Capital Resources</u>.
- 1.5.1 The funding assumptions made in the development of the future capital programme are essential to the development of the budget and specific detail in relation to each source is set out in the paragraphs below. **Appendix C** to this report sets out the projected funding levels over the five year period of the MTFS.

#### **Capital Grants**

- 1.5.2 This funding source is the main focus of government's controls over the level of capital expenditure. In fact a number of the grants that were available to the council for funding capital projects no longer exist.
- 1.5.3 Recent projects that have received support through grants and contributions include the Museum, Mote Park, and the High Street. Some government grants are annual sums, such as the disabled facilities grant, but the majority of sums are one-off and scheme specific.
- 1.5.4 In the spending round 2013 announcement the government set out plans for a joint NHS / local authority pooled fund of £3.8bn. Although details are still to be released it is expected that the £3.8bn will be resourced in part from the disabled facilities grant currently paid to district and single tier authorities. It is unclear at this time if responsibility for paying disabled facilities grants will also transfer although it is assumed to be likely.
- 1.5.5 Obtaining grant funding for schemes is often conditional upon match funding from the Council and other sources. Schemes that are currently applying for or being developed as part of a proposal may appear in the capital programme commitments in order to evidence to potential funders that the Council is prepared to commit or has received match funding for the scheme.

#### **Capital Receipts**

1.5.6 From 2004 through to 2008 the receipt from the voluntary transfer of the housing stock was the main source of funding for the capital

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

programme. Since then the council has sold surplus assets to provide support to the programme. Receipts in the current programme represent assets for which agreement on sale has been reached and are at least under offer. Council assets available for sale are diminishing although some potential asset sales still exist. In line with the principles of the MTFS the capital receipts from these potential sales will not be recognised in the programme until they are confirmed.

1.5.7 Further asset sales are restricted by two issues, the difficulty in obtaining best consideration for the asset during the recession and evidencing, in advance of sale, the greater benefit to be derived from the proceeds of the sale when compared to current or alternative uses of the asset. No assets can be sold until the Cabinet Member for Corporate Services has confirmed that a suitable business case exists or they are surplus to requirements.

#### **Prudential Borrowing**

- 1.5.8 In 2012 the Council approved in principle expenditure of up to £6m through prudential borrowing for acquisition of commercial property, acquisition of property to alleviate homelessness and action to enable stalled development to progress.
- 1.5.9 The Council has the power to borrow to finance capital expenditure subject to the guidance set out in the Prudential Code. This code of practice is published by the Chartered Institute of Public Finance and Accountancy and covers the full range of capital planning not just potential borrowing. Compliance with the code is a statutory requirement and the Council's MTFS has been developed to ensure compliance. In summary the key objectives of the code are:
  - a) To ensure within a clear framework that capital expenditure plans are affordable, prudent and sustainable;
  - b) That treasury management decisions are taken in accordance with good professional practice;
  - c) That local strategic planning, asset management planning and proper option appraisal are supported; and
  - d) To provide a clear and transparent framework to ensure accountability.

#### **Revenue Support**

1.5.10 The Council has, over the last three years, created a permanent revenue resource of £0.35m to directly support programmed capital expenditure. This funding was provided because the Council

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

foresaw the end of the resources available from asset sales and wished to ensure that asset management and ICT provision do not suffer from the lack of available resources.

- 1.5.11 In addition to this a number of windfall cash receipts have been used to support the capital programme. Examples include the use of the refund from the Fleming VAT claim and the outcome the bidding process for the use of the revenue under spend in 2011/12 and 2012/13.
- 1.5.12 The revenue support to the capital programme is the most flexible of the available resources because, arising as it does from the revenue budget, it can be utilised for both revenue and capital purposes. For this reason the Council has always elected to use other available resources first when funding actual capital expenditure and the balance of revenue support has grown to over  $\pounds$ 7m. This is a cash resource with the exception of the  $\pounds$ 0.35m annual budget mentioned above.
- 1.5.13 Full use of this balance to fund the capital programme is expected by the end of 2014/15 as other sources of funding are diminishing.

#### New Homes Bonus (NHB)

- 1.5.14 The government has made a series of announcement to channel additional capital resources through LEPs as reported in section 1.3.4. One proposal is to top slice the new homes bonus funding to support the development single local growth fund of £2bn per annum from 2015/16. The national value of the NHB top slice is  $\pounds400m$ .
- 1.5.15 This proposal was stopped as part of the announcements in the autumn statement 2013. The Government has resourced the LEP growth fund from other sources. In addition the Government has announced a full review of the NHB scheme during 2014/15 with any necessary changes following that review.
- 1.5.16 The announcements do support a longer term attitude by government to the principles of the NHB system than had previously been considered by the Council. It is therefore possible to continue to account for the receipt of NHB in all years of the current MTFS.
- 1.5.17 As the government still intend to review the NHB system there remains a risk that there will be a change in the focus and/or calculation of the bonus. It is prudent at this time to continue to assume a loss of resources. It is proposed in this report to assume a loss equivalent to 35% from 2015/16 onwards. Once the review

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

has been completed, any additional funding can be incorporated in the development of a future capital programme.

1.5.18 The Cabinet was informed that the government had announced the distribution of NHB for 2014/15 and that the Council was due to receive £3,740,411. All of this resource would be used for capital purposes, not to support the revenue account

#### **Other Contributions**

- 1.5.19 The major other contributions are developer contributions through s106 and, in the future, the community infrastructure levy (CIL).
- 1.5.20 The intention of CIL and an element of s106 contribution is the completion of the priority schemes detailed in the Infrastructure Delivery Plan. The plan remains in formative stage at this time as it must reflect the infrastructure needs of housing and business development in the final agreed local plan and these must be considered in accordance with the location of strategic sites.
- 1.5.21 It is however possible to identify an expected level of CIL given the information in the current draft Local Plan and an assumption that CIL will be introduced by 1<sup>st</sup> April 2015. The values attributable to CIL within the programme period are included with the detailed values of the other funding stream below

#### **Overall Funding Level**

1.5.22 The funding available for the capital programme, based on the detail above, is given in Appendix B. The appendix provides details of the available funding. The table below summarises the level of funding assumed for each resource type.

| 2013/14<br>£,000 | Funding Projection      | 2014/15<br>£,000 | 2015/16<br>£,000 | 2016/17<br>£,000 | 2017/18<br>£,000 | 2018/19<br>£,000 |
|------------------|-------------------------|------------------|------------------|------------------|------------------|------------------|
| 5,115            | Revenue Support         | 400              | 350              | 350              | 350              | 350              |
| 2,948            | New Homes Bonus         | 3740             | 2,752            | 3,115            | 2,898            | 2,673            |
| 472              | Grants & Contributions  | 450              | 450              | 450              | 450              | 450              |

#### 1.6 <u>Current Programme</u>

1.6.1 The current programme, set out in Appendix A, was approved by Council in February 2013 and only annual programmes are included after 2014/15. The main reason behind the decision not to develop the programme beyond 2014/15 at that time was the limited detail available on future funding and the needs of the

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

infrastructure delivery plan. The draft IDP available at that time predicted a need for resources that could not be completely covered by either the Council's current access to resource or the development of a community infrastructure levy.

- 1.6.2 In May 2013 Cabinet considered the outturn for 2012/13 and in August 2013 Cabinet considered the first quarterly monitoring report for 2013/14. Approved recommendations from those reports have amended the current programme since the document reproduced as Appendix A. This report takes account of those approvals in developing the future programme.
- 1.7 <u>Future Programme</u>
- 1.7.1 A decision on the programme for 2014/15 onwards can no longer be deferred. Even though a finalised IDP does not exist at this time it is necessary to make some assumptions about future use of council resources. **Appendix D** to this report sets out a proposed programme based on proposals that have come forward to date, as set out below.
- 1.7.2 A number of proposals have been reviewed by Cabinet Members and by Overview & Scrutiny. It is necessary for these proposals to be formally agreed by Cabinet at this stage to allow for consultation on a future programme as agreed at Council in February 2013. The proposal are as follows:
  - a) The Council has reached agreement on the contract for the Hazlitt Arts centre and as part of that contract have agreed to provide capital support for the replacement of carpet and seating in the theatre and upgrades to the box office. This support will be returned to the Council through a discounted annual payment under the contract. In addition this work will enhance possible payments under the profit share. The discount will reduce revenue costs over the 15 years of the contract by a future payment equivalent to an immediate capital cost of  $\pounds 0.121$ m identified in the programme for the current year.
  - b) The Housing Service has resources from the HCA to bring back into use vacant property. The scheme as funded by the HCA requires the properties to be leased for five years however the principles of the scheme do not produce a viable business case. The Housing Service has, following consideration by the Cabinet Member, diverted some private sector grant resources into a proposed acquisition of a medium sized unit of flats requiring renovation. The HCA has confirmed that their grant can be used to renovate but not

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

acquire the unit. The programme identifies  $\pounds$ 750,000 in the current year for acquisition should the Council's offer be accepted.

- c) To create and support an Enterprise Hub within the borough. In order to enable a suitable bid for funding to be made to Kent County Council it is necessary to include the proposal within the Capital programme with match funding of up to £0.7m, part of which may eventually be a loan rather than a grant.
- The planned work on Play Areas which has already been formally considered by Overview and Scrutiny requiring £1.75m
- e) In line with the Housing Services proposal on flat conversion a number of options are being considered to convert offices within the town centre to residential units. While a suitable revenue stream can be identified from the conversion the rate of return would not warrant prudential borrowing. This proposal adds £3m of the Council's own capital resources to the commercialisation budget to acquire and/or convert the units and adds £0.15m to the revenue income from corporate property in the future budget strategy.
- f) To continue the on-going work of housing services in supporting registered providers and private sector landlords through grant aid it is necessary to extend the funding of these schemes. The proposal assumes an annual budget of £0.9m to be distributed between the different types of grant. Cabinet should note that is a significant reduction from the resources that have previously been set aside for support to housing providers but ensures an ongoing programme exists.
- g) The ICT and the asset management programmes currently expire in 2014/15 however the asset management plan and the ICT strategy both identify a need for resources in the future. The level of resources currently provided is £0.38m. There is an on-going provision of £0.35m from revenue support and it is proposed that the programme is matched to this funding.
- 1.7.3 Incorporating these schemes into the programme, at the values indicated, is possible within the projected funding as set out in Appendix C. If the programme is approved, a balance of unused NHB will exist of £9.55m. This sum is proposed for use in delivering the IDP as complementary funding to the provision of

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

s106 and CIL from developers. The programme as set out in Appendix D includes subheadings from within the draft IDP and identifies levels of funding that could be used to deliver schemes under each heading. Some schemes will be required regardless of the final format of the Local Plan and are most effectively completed early, to support and enable development.

- 1.8 Alternative Action and why not Recommended
- 1.8.1 Cabinet could at this time chose to take no further action in relation to the capital programme. An approved programme through to the end of the financial year 2014/15 exists as set out in Appendix A. Whilst Cabinet could chose to wait, giving consideration at a future time, resources are available for immediate use and it is appropriate to consider options as part of the medium term financial strategy for 2014/15 onwards.
- 1.8.2 Cabinet could choose any variation on the strategy, funding assumptions and programme as set out in the appendices to this report for approval.
  - a) The strategy has been set using the MTFS approved for 2013/14. It also considers current circumstances and the recommendations of Overview and Scrutiny Committee. However Cabinet may still wish to consider amending some of the principles set out in the report.
  - b) The funding assumptions are based upon prudent assumptions made from the latest information available and it is not recommended that Cabinet amend these assumptions at this time.
  - c) The programme is based upon the known schemes that have come forward for consideration or require match funding to enable an application for grant funding. All schemes meet the Council's priorities and have been considered by the relevant Cabinet Member.
- 1.8.3 Cabinet could consider the use prudential borrowing to finance a larger capital programme. Whilst achieving the Council's strategic aims at a quicker pace, such a strategy would place additional pressure on the revenue budget. An alternative strategy such as this would not, at this time, support the requirements of the Prudential Code. Such a change requires approval by Council of changes to prudential borrowing levels and the related prudential indicators.
- 1.9 Impact on Corporate Objectives

D:\moderngov\Data\AgendaItemDocs\5\6\8\AI00016865\\$c2gc0aj4.docx

- 1.9.1 The strategy outlined and the programme proposed in this report is focused on the Council's corporate objectives and other plans & strategies.
- 1.10 <u>Risk Management</u>
- 1.10.1 Resources set out in the report may not ultimately be available and the Council could be forced to borrow. This situation is low risk as the MTFS requires resources to be available before commitment can be made to commence a scheme within the programme.
- 1.10.2 Statutory schemes could come forward in the future and the Council may not have resources to carry them out. Whilst capital resources may not be available, revenue balances exist. The purpose of maintaining a minimum level of balances is to be prepared for possible events such as this.
- 1.10.3 There is potential, due to the nature of commercial enterprise, for borrowing to occur under the strategy and for the payback not to be available or to be insufficient to cover the cost of schemes for which prudential borrowing occurred. Cabinet has already allowed for scheme failure by setting aside a reserve and by ensuring a diversified range of schemes are undertaken. This issue was considered at the time of approval to the principles in 2012.
- 1.11 <u>Other Implications</u>
  - 1. Financial
  - 2. Staffing
  - 3. Legal
  - 4. Equality Impact Needs Assessment
  - 5. Environmental/Sustainable Development
  - 6. Community Safety
  - 7. Human Rights Act
  - 8. Procurement
  - 9. Asset Management

X X X

- 1.11.1 Financial and Legal the considerations are set out in the report
- 1.11.2 Equality Impact Needs Assessment the capital programme is developed in line with the strategic plan, medium term financial strategy and other strategic documents. The programme directs resources in accordance with these strategies and will create a positive impact.
- 1.12 <u>Relevant Documents</u>
- 1.12.1 <u>Appendices</u>

## CURRENT CAPITAL PROGRAMME

#### DRAFT CAPITAL STRATEGY 2014/15 ONWARDS

## 3. CAPITAL

#### 3.1 **Programme**

- 3.1.1 The strategy for the capital programme requires consideration at two levels, the overall programme and the scheme specifics.
- 3.1.2 The overall programme is considered in terms of the prudential borrowing principles of sustainability, affordability and prudence. At the overall programme level the relative priority of schemes, as they enhance the provision of corporate or service based objectives is also considered.
- 3.1.3 The inclusion of specific capital schemes within the overall programme requires an assessment, at the scheme specifics level, that is based on affordability in revenue and capital terms, including the whole life cost, project timeline and risk assessment.
- 3.1.4 Schemes will be assessed using three approaches:
  - a) Where schemes fit within a specific strategy and resources are available for that strategy within the capital programme the scheme would be subject to appraisal and prioritisation against the objectives of that strategy and approved by the relevant cabinet Member;
  - b) Where schemes can be demonstrated to be commercial in nature and require the use of prudential borrowing, a business case must be presented to the Property Investment Advisory Panel. These proposals will receive final approval from the Property Investment Cabinet Committee;
  - c) Where schemes do not fit within the criteria above but an appropriate option appraisal has been completed a cross party sounding board considers schemes against the priorities below.
- 3.1.5 Prioritisation of schemes will occur in the following order:
  - a) For statutory reasons;
  - b) Fully or partly self funded schemes with a focus on priority outcomes;
  - c) Other schemes with a focus on priority outcomes;
  - d) Maintenance / Improvement of property portfolio not linked to priority outcomes;
  - e) Other non priority schemes with a significant funding gearing.
- 3.1.6 The Council sees significant need for capital investment in the future. Not only those schemes currently in the capital programme but the infrastructure schemes required for the housing and business growth that is required to meet the needs of the growing population of the borough. In the main it is expected that those schemes will be funded directly from the benefits gained from development however viability assessments of expected development suggests that there will be a funding gap. The Council must prepare itself to support that infrastructure need in order to deliver its strategic priorities.

- 3.1.7 In addition the Council is constantly focused on the need for efficiency in the use of resources and the delivery of services. It is aware of the need to diversify the sources of income obtained outside of the reducing support from central Government. One aspect of this is to take a commercial approach to the provision of services that have displayed increased demand and higher cost over the last five years. As this may require capital investment the Council has agreed to allow borrowing to achieve this objective subject to: a business case and successful implementation of savings that cover the cost of borrowing; and ensuring the principles set out in 3.1.2 to 3.1.4 are met.
- 3.1.8 The programme for the period 2014/15 to 2018/19 currently focuses on a series of projects providing investment in the property assets and core funding for affordable housing and the commencement of the commercial approach to services. At this time Council is developing its response to infrastructure need as set out in 3.1.5 and this is included in the capital programme at the level of scheme type.
- 3.1.9 The capital programme is a five year programme and Table 5 below summarises the programme by portfolio.

[Table 5: Capital programme]

## Funding

- 3.1.10 The medium term financial strategy has taken a flexible approach to funding the capital programme, as resources from capital receipts have become uncertain the Council has provided a low level of support from revenue resources to maintain core asset management programmes. In addition it has taken a flexible approach to the programme commencing priority schemes only where funding is identified.
- 3.1.11 The Council's main source of funding for the capital programme over recent years has been from new homes bonus. The funding stream is identifiable in value over a period of six years but has an uncertain future. As a prudent use of this money the Council has supported its capital programme and not the deferral of financial savings required in the revenue budget.
- 3.1.12 In the past the programme benefited from major receipts from the sale of assets. The Council no longer holds many surplus assets of significant value that are surplus to operational need. As a result, the funding from

capital receipts has reduced to the sale of small assets that can be identified as surplus.

- 3.1.13 In 2012/13 the Council approved the use of prudential borrowing for prescribed range of commercial activities. Use of prudential borrowing is subject to an approved business case that evidences a benefit above that required to repay any debt over the life of the commercial activity.
- 3.1.14 The programme now includes an assessment of likely receipts from developer contributions. These may arise in future from the community infrastructure levy or at present from section 106 agreements with developers.
- 3.1.15 Due to the uncertainty of future funding it is essential that the Council maintains the principle of prior funding of schemes. Although commitment to a scheme is given by its inclusion in the programme, this strategy requires that funding is identified in advance of formal commencement of work. The quarterly monitoring of the capital programme enables Cabinet to take effective decisions based on current levels of funding before major projects commence.

# Agenda Item 9

## MAIDSTONE BOROUGH COUNCIL

## <u>CABINET</u>

## **18 DECEMBER 2013**

## **REPORT OF CORPORATE LEADERSHIP TEAM**

## Report prepared by Paul Riley Head of Finance & Customer Services

#### 1. BUDGET STRATEGY 2014-15 ONWARDS - REVENUE

- 1.1 <u>Issue for Decision</u>
- 1.1.1 This report is produced annually to update the Cabinet on the budget strategy and normally follows the publication of the provisional finance settlement figures. The Autumn Statement was given by the Chancellor of the Exchequer on 5<sup>th</sup> December 2013 and the provisional finance settlement was provided on the day of the cabinet meeting and a verbal update was provided to Cabinet. It is essential that Cabinet consider the latest information at this time in order to remain on target for a balanced budget to be presented to Council at the end of February 2014.
- 1.1.2 This report also enables the Cabinet to formally consult the Strategic Leadership and Corporate Services Overview and Scrutiny Committee on the current situation in relation to the budget strategy in January 2014. Such consultation is a requirement of the Constitution.
- 1.2 <u>Reason for Urgency</u>
- 1.2.1 The budget setting timetable for the council necessitates urgent consideration of the information in this report to ensure the Council is in a position to set a balanced budget by the statutory deadline.
- 1.3 <u>Recommendation of Corporate Leadership Team</u>
- 1.3.1 That the report and the financial settlement for 2014/15 be noted, and that the Officers be requested to bring forward additional savings proposals to meet the shortfall of £62,000 for presentation to Portfolio Holders and the Strategic Leadership and Corporate Services Overview and Scrutiny Committee in January 2014;

- 1.3.2 That the Cabinet notes the earlier than anticipated significant reduction in Revenue Support Grant for 2015/16 and, in the light of the full review of the Council's Strategic Plan during 2014, requests proposals for prioritisation, transformation and commercialisation of services that reflect this reduction of resources at the earliest opportunity;.
- 1.3.3 That Cabinet agree the provisional allocation of the local council tax support funding as set out in Appendix B be notified to parish councils along with their tax base.
- 1.3.4 That Cabinet agree the proposed savings as set out in Appendix C.
- 1.3.5 That Cabinet agree the proposed actions with regard to the recommendations of Strategic Leadership and Corporate Services Overview and Scrutiny Committee as set out in section 1.9.

#### 1.4 Background

- 1.4.1 On 11<sup>th</sup> September 2013 the Cabinet considered the initial budget strategy for 2013 onwards. At that time a strategic revenue projection (SRP) was agreed, including a provisional level of Council Tax as a planning and consultation tool. The agreed SRP included increases for inflation based on information provided by key officers and projection data from sources such as the office of budget responsibility.
- 1.4.2 The SRP that was agreed in September 2013 estimated resources at £19.1m and predicted expenditure including new budget pressures of £20.5m, leaving a need to find savings in 2014/15 of £1.4m. At that time a number of risks were considered by Cabinet and these were:
  - a) The government's spending round 2013.
  - b) The consultations on: the use of capital receipts; potential changes to NHB; and additional reductions in the finance settlement 2014/15.
  - c) The potential for developing a business rates pool.
  - d) Council tax levels, including the effect of the offered council tax freeze grant.
  - e) The level of income being achieved in the current year.
  - f) A series of local pressures including King Street Multi Storey Car Park and the Local Plan.
- 1.4.3 It was reported that on the afternoon of the meeting the government had announced the provisional finance settlement. The settlement figures for 2014/15 are £62,000 less than the assumed figures used in the strategic revenue projection. Of this sum,

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

£32,000 relates to the cap on business rates increase announced in the Autumn Statement and should attract s31 grant from the government. Confirmation of this grant has not been announced and the method chosen to reduce the Council's baseline funding suggests a single year grant similar to council tax freeze grant. This funding source should not be relied upon to cover the loss of funding in the medium term. Guideline figures for 2015/16 were also announced along with additional commentary about missing data that implied that the national funding level would reduce further in the time between now and 2015/16.

- 1.5 <u>The Autumn Statement</u>
- 1.5.1 The Autumn Statement is one of two major statements made by the Chancellor of the Exchequer each year. The other is the budget usually presented in March. The Chancellor presented the Autumn Statement to Parliament on 5<sup>th</sup> December 2013. This is later than in previous years and as a consequence has delayed the annual announcement by the government regarding the finance settlement.
- 1.5.2 Issues important to local government in the Autumn Statement include:
  - a) A second extension to the period of doubling of the small business rate relief (SBRR) by a further 12 months;
  - b) While requiring some government departments to reduce spending by a further 1.1% in 2014/15 and 2015/16 there will be no similar pressure on local government. This is to support local authorities choosing to take the council tax freeze grant;
  - c) Additional support to businesses through a number of special reductions in business rates;
  - d) A cap on welfare spending (excluding job seeker allowance and pensions);
  - e) The reversal of the proposed policy on top slicing new homes bonus (NHB), coinciding with specific requirements on planning authorities covered by penalties in relation to NHB and a full review of the NHB policy in 2014/15;
  - f) Support of £300m to assist housing authorities to build new affordable houses. Enough to deliver a further 10,000 new homes;

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

- 1.5.3 The statement was linked to the latest office of budget responsibilities economic and fiscal outlook which was published to coincide with the Autumn Statement. This suggested that GDP was growing faster than previously predicted and is now forecast at 1.4% in the year compared to an earlier estimate of 0.6%. The growth is judged to be cyclical not underlying with increased productivity occurring mainly through additional hours worked. However the positive effect of this is reductions in the level of unemployment. The Chancellor suggested that the positive message had to be tempered by the challenges ahead and the planned austerity measures would still need to take place.
- 1.5.4 The implications of the Autumn Statement and the finance settlement that has just been announced are that further austerity measures will fall upon local government at a faster rate than previously assumed in the strategic revenue projection. The Cabinet has already identified a time in the future when the Council will need to have become self sufficient and the provisional finance settlement indicates that this time will arrive sooner than previously expected.
- 1.6 <u>Review of Current Performance</u>
- 1.6.1 The current year's financial performance is reported to the Corporate Leadership Team and to the Cabinet on a quarterly basis. The first two quarterly reports show a balanced position with projected outturn being at the level of budget with no major under or over spend.
- 1.6.2 The Leader of the Council has considered the use of balances again this year and a series of proposals to utilise the under spend from 2012/13 have been considered by the Strategic Leadership and Corporate Services Overview and Scrutiny Committee and with some minor changes have been approved.
- 1.7 <u>Review of Revenue Resources</u>

#### The finance settlement

1.7.1 As reported to the meeting the government announced the provisional finance settlement figures for the Council earlier that day. These were different to the figures set out in the report of the Corporate Leadership Team and for 2014/15 are as set out in the table below.

|                       | £,000 |
|-----------------------|-------|
| Revenue Support Grant | 3,274 |
| Business Rates        | 2,933 |

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

| Total 6,207 |
|-------------|
|-------------|

- 1.7.2 The figures tabulated above include the central funding towards local council tax support that replaced council tax benefit from 1st April 2013. At its meeting on 12th December 2012 the Council approved the current scheme in operation in the borough. The funding for 2013/14 represented 90% of the government's predicted expenditure on council tax benefit, had that scheme continued in 2013/14. In 2014/15 the funding is not identified separately in the settlement and the total estimated settlement figure indicates a 13% decrease in overall funding. The December 2013 meeting of the Council will consider the proposed scheme for 2014/15.
- 1.7.3 Part of this funding relates to the benefit paid to claimants in parish areas and the local scheme affects parish precepts in the same way as it affects the Council's income from council tax. The effect was considered by the General Purposes Group when it set the Tax Base for 2014/15. The government has confirmed that it expects appropriate consideration of the funding of parish councils to be made by district council's when considering overall funding levels. It has not legislated for the payment of this funding on to parishes.
- 1.7.4 The Council chose to pass on the funding to parish councils in 2013/14 and the resources totalling £110,631 were distributed on the basis of predicted demand for the local council tax support in each parish. This sum was greater than the need but was equivalent to the amount stated by central government as provided in order to support parish councils.
- 1.7.5 It is intended that a similar distribution occurs for 2014/15 albeit of the reduced amount of funding available of £96,802 based on the previously assumed reduction in overall funding. As the level of local council tax support granted is volatile the distribution made against the current year's tax base will not be in proportion to the distribution made against the 2013/14 tax base.
- 1.7.6 **Appendix B** sets out the proposed distribution of the parish share based on current demand for local council tax support. The Appendix shows the tax base reduction due to LCTS and the 2013/14 band D charge by the parish. This product of these two figures creates the expected loss. Column 5 of the Appendix shows the individual amount proposed for payment to each parish. Columns 6 and 7 calculate the movement from the 2013/14 grant to identify the increase or reduction for each parish.

 $<sup>\</sup>label{eq:linear} D:\label{eq:linear} D:\lab$ 

1.7.7 This estimate is the best available at this time and the Cabinet may wish to give consideration to the views of the Strategic Leadership and Corporate Services Overview and Scrutiny Committee on the apportionment of the local council tax support scheme funding to parishes before formal approval of the proposal, however it would be helpful for parish councils to be given the provisional figures at this time so that they can continue to prepare their budget forecast for 2014/15 and set their local precepts.

## **Council Tax**

- 1.7.8 The Council's current council tax charge is £226.62 per annum for a band D property.
- 1.7.9 At the meeting on 11 September 2013 the Cabinet agreed a SRP for planning purposes that included an assumed 2.9% increase in council tax income. This represented a 1.9% increase in the council tax charge and a 1% increase in the tax base arising from new property.
- 1.7.10 Since that meeting the Government has announced support towards a further council tax freeze. This announcement offers a grant equivalent to a 1% increase for two years and maintains the level at which a council would be required to conduct a referendum at a 2% increase.
- 1.7.11 On 11 December 2013 the General Purposes Group will consider a tax base of 55675.1 for the borough area. This is a 0.94% increase over the tax base for 2013/14.
- 1.7.12 A council tax increase of 1.9% will produce a band D charge of  $\pounds 230.94$ . This represents an increase of  $\pounds 4.32$  per annum or 36 pence per month. The maximum increase allowable within the referendum limit is 2% and an increase at that level would produce a band D charge of  $\pounds 231.12$ . This represents an increase of  $\pounds 4.50$  per annum or 37.5 pence per month. This would provide an additional  $\pounds 10,000$  annual income to the Council.
- 1.7.13 A decision on the level of council tax that the Cabinet would wish to recommend to the Council need not be taken at this time. Cabinet should note that the revised SRP given at Appendix A includes a 1.9% increase consistent with the increase set for planning purposes in September 2013
- 1.7.14 Elsewhere on this agenda the Cabinet has considered a report on the collection fund adjustment. The recommendation of that report is to distribute approximately  $\pounds 0.43m$  across the major preceptors and this council. The share calculated for this council is  $\pounds 70,705$

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

and this can be added to the resources available from the council tax charge detailed above.

1.7.15 Combining the resources available to this council from the current estimated finance settlement, the council tax income and the collection fund adjustment produces estimated resources for the period of the revised SRP as tabled below. The Cabinet should note that the level of resources available from revenue support grant given for the years 2015/16 and beyond assume an effect from the future spending review 2015 announced by the Chancellor in March 2013. Although a projection is given, no actual detail is available to suggest the rate at which the resources available to this council will reduce or whether the reduction will be seen through the revenue support grant or through another source of government funding.

|                            | 2014/15<br>£,000 | 2015/16<br>£,000 | 2016/17<br>£,000 | 2017/18<br>£,000 | 2018/19<br>£,000 |
|----------------------------|------------------|------------------|------------------|------------------|------------------|
| Revenue Support Grant      | 3,274            | 2,251            | 1,963            | 1,422            | 923              |
| Business Rates             | 2,904            | 2,983            | 2,896            | 2,889            | 2,893            |
| Collection Fund Adjustment | 71               | 0                | 0                | 0                | 0                |
| Council Tax                | 12,858           | 13,142           | 13,434           | 13,732           | 14,036           |
| Available Resources        | 19,107           | 18,376           | 18,293           | 18,043           | 17,852           |

- 1.8 <u>Review of Strategic Projection</u>
- 1.8.1 When the Cabinet agreed the SRP in September 2013 officers were set the task of continuing to review the budget pressures and identify additional savings to balance the budget. Since that time officers have reviewed all of the pressures outlined in the SRP and it is now proposed that the following amendments should be considered.
  - a) Lost income from admin grant Both the council tax support and the housing benefit admin subsidy grants for 2014/15 have been announced and the reduction in total grant from 2013/14 to 2014/15 is £25,000. This is £105,000 less than the budget pressure included in the original projection. It is assumed that resources will be reduced further in future years so £75,000 of the original budget pressure has been slipped to 2015/16.
  - b) Additional Budget Pressures The original projection identified three ongoing pressures that required resource within the year. These were Market income, Advertising income and Development Management staffing. The Development management section is now undergoing a structural review that will be self financing. This will reduce

 $<sup>\</sup>label{eq:linear} D:\label{eq:linear} D:\lab$ 

the ongoing budget pressures to the remaining two issues totalling £51,000.

- 1.8.2 In addition to the proposed reductions set out in the paragraph above, there is one significant increased pressure that has arisen in the last month. This relates to the triennial valuation of the pension fund. Early indicators suggested that the movement in the fund would be minor. Now that final valuations have been published by the actuary it is clear that a positive result for the County, police and Fire authorities had disguised negative results for most district councils.
- 1.8.3 This Council currently pays £1.325m per annum in backfunding to support the deficit on the fund. The triennial review requires a payment of £1.427m in 2014/15 along with a 4.5% annual uplift in 2015/16 and 2016/17.
- 1.8.4 There are two alternatives available to the Council:
  - a) Budget for this increase and add a further pressure to the revenue projection of £0.5m over the next three years;
  - b) Keep the annual budget at £1.325m and use £0.5m from balances to fund the additional increase.
- 1.8.5 Considering the Council's current resources and longer term expectations a hybrid option is recommended in this report. At this time balances currently include a sum of just under £0.8m remaining from the VAT reimbursements received in prior years. This sum is currently unallocated and could be partially used to make a one-off payment of £0.2m to the pension fund. In addition it is proposed that £50,000 of growth is built into the strategy for the next three years. This would mean that by the time of the next valuation a budget of £1.475m will exist. Given the predicted future improvement in the economy by 2017/18 this sum is expected to be sufficient as a base for the next triennial review.
- 1.8.6 In response to concerns expressed by district finance offices in Kent the pension fund actuary has agreed to provide annual assessments to assist with monitoring. This will be used in the budget strategy work for 2015/16 and 2016/17 to ensure the proposed funding is satisfactory.
- 1.8.7 These amendments, taken in combination with the revised assessment of resources available to the Council set a requirement to find savings in 2014/15 of £1.2m compared to the £1.4m requirement set out in the decision of cabinet in September 2013. The values for each year of the SRP are set out in the table below:

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

|                       | 2014/15<br>£,000 | 2015/16<br>£,000 | 2016/17<br>£,000 | 2017/18<br>£,000 | 2018/19<br>£,000 |
|-----------------------|------------------|------------------|------------------|------------------|------------------|
| Available Resources   | 19,107           | 18,376           | 18,293           | 18,043           | 17,852           |
| Projected Requirement | 20,381           | 19,834           | 18,971           | 19,295           | 18,657           |
| Savings Target        | 1,274            | 1,458            | 678              | 1,252            | 805              |

## 1.9 <u>Review of Savings Proposals</u>

- 1.9.1 Savings and efficiency data was not reported in detail to Cabinet in September 2013. The targets were set out and it was identified that some savings proposals existed, in the main these came from long term plans developed for the 2012/13 strategy. The September 2013 report suggested that, set against a need to find £1.4m in savings, plans existed to save £1.1m.
- 1.9.2 As stated previously, the revised SRP at Appendix B shows a need to save £1.27m in 2014/15 and attached at **Appendix C** is a more detailed analysis of the previously identified savings and other proposals that have been developed by officers in discussion with Cabinet Members. The value of these proposals, set against the required need for savings in each of the five years considered by the revised SRP, are tabled below.

|                            | 2014/15<br>£,000 | 2015/16<br>£,000 | 2016/17<br>£,000 | 2017/18<br>£,000 | 2018/19<br>£,000 |
|----------------------------|------------------|------------------|------------------|------------------|------------------|
| Savings requirement in SRP | 1,274            | 1,458            | 678              | 1,252            | 805              |
| Savings proposals          | 1,213            | 541              | 205              | 160              | 0                |
| Savings still required     | 61               | 917              | 473              | 1,092            | 805              |

- 1.9.3 The savings proposals set out at Appendix C include the values reported in the fees and charges report elsewhere on this agenda. If cabinet have approved the recommendations in that report the figures set out here are adequate to set a balanced budget, if Cabinet has amended the recommendation then the figures set out here will require amendment also.
- 1.10 <u>Strategic Leadership and Corporate Services Overview and</u> <u>Scrutiny Committee – Budget Working Group</u>
- 1.10.1 At the meeting of the committee on 3 December 2013 the budget working group reported back on the all member workshop on the budget strategy. From that meeting four recommendations have been made to Cabinet with regard to future potential budget strategy savings. The SCRAIP is attached as **Appendix D**

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

- 1.10.2 It is recommended that Cabinet agree that further work on the first three proposals be carried out by officers and reported back through the committee's budget working group.
- 1.10.3 Members should note that with regard to the final recommendation it was the wish of the Cabinet Member for Corporate Services, at the meeting, for the review to be completed separately by the committee and cabinet to ensure that the views of each group were brought forward without influence. This to be followed by a joint meeting to review the results and discuss options.

## 1.11 <u>New Homes Bonus</u>

- 1.11.1 Along with the finance settlement, the government has announced the allocation of New Homes Bonus for the forthcoming year. This is the fourth year of the programme and the Council will receive an amount equivalent to last year's payment plus the new sum specifically for housing growth during the period October 2012 to October 2013. This totals £3.74m.
- 1.11.2 As part of the spending round 2013 the Government announced a consultation on options to top-slice all NHB payments to provide £400m towards a £2bn Growth Fund to be distributed to Local Enterprise Partnerships. In the Autumn Statement the Chancellor confirmed that this top slice would not go ahead, instead a full review of NHB would be carried out in 2014/15 with interim penalties that relate to the effectiveness of the planning process in each authority.
- 1.11.3 Cabinet has already considered the future use of NHB resources and agreed that they should be set aside to support the Capital programme and the level of future funding is considered in the Capital Budget Strategy report elsewhere on this agenda.
- 1.12 <u>Balances</u>
- 1.12.1 The current level of general fund balance is £3.6m plus provisionally allocated sums of another £1.4m. After allowing for the proposal for use of resources to support the pension fund general fund balances will drop from £3.6m to £3.4m by 31 March 2015. A statement of balances is set out in **Appendix E** to this report.
- 1.12.2 For 2013/14 the Council has set a minimum level of balances of £2m and the Cabinet have agreed to set a working balance of £2.3m below which it is not expected that the Cabinet will utilise balances. This means that balances in the sum of £1.1m remain

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

available for use.

1.12.3 Earlier in this report consideration was given to the Chancellor of the Exchequers Autumn Statement and the Economic and Fiscal Outlook report of the Office of Budget Responsibility. Given the detrimental factors that will continue to face local government Cabinet should be mindful of the level of resources and the potential need that the Council may have for those resources to remain financially stable, before the current economic situation is resolved.

## 1.13 <u>Consultation</u>

- 1.13.1 Budget consultation is currently ongoing and the results of this work will be incorporated into the report to the Cabinet in February 2014 to enable consideration of the responses prior to a recommendation to the Council.
- 1.14 <u>Medium Term Financial Strategy and Strategic Plan</u>
- 1.14.1 The Strategic Plan refresh is reported to Cabinet elsewhere on this agenda. It provides feedback on performance against the outcomes required to achieve the priorities of the Council and gives Cabinet an opportunity to consider update actions. It is essential that cabinet consider the Strategic Plan and this budget strategy at the same time as the information provided by the budget strategy enables Cabinet to consider the resourcing available for achievement of the proposed outcomes and provides the opportunity for Cabinet to amend either resourcing proposals or outcomes to balance plans and resources appropriately.
- 1.14.2 The government had not announced the finance settlement for 2014/15 at the time of writing this report therefore the MTFS statement has not been updated and for that reason is not appended to this report.
- 1.15 Alternative Action and why not Recommended
- 1.15.1 The production of the budget is an element of the statutory process of setting the council tax each year. In addition the final document and budget is required to be robust and adequate under the Local Government Act 2003 and the Chief Financial Officer is required to give a statement to that fact. On this basis the actions outlined in this report must be considered and a balanced budget ultimately set by March 2014.
- 1.15.2 A number of the assumptions set out in this report remain uncertain and alternative options are possible. The main examples

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

include:

- a) The indices used to calculate future inflation and contractual commitment – These indices are continuously updated and a revised set of values could be developed, however the level of change likely to occur is not significant and it is proposed that current resources will be re-prioritised if the level of growth allowed in any particular budget area proves to be insufficient.
- b) Savings The identification of significant and deliverable savings is becoming increasingly difficult and monitoring of outcomes will need to be thorough during 2014/15. The proposals brought to Cabinets attention by Strategic Leadership and Corporate Services Overview and Scrutiny Committee demonstrate one way in which Members can become more closely involved in the formation and development of the budget strategy. In such cases the likelihood of successful achievement will be higher if the proposals are incorporated into the budget strategy following member endorsement.
- 1.16 Impact on Corporate Objectives
- 1.16.1 The budget strategy and the resultant medium term financial strategy involve assessing the level of resources available for the delivery of the Council's key outcomes and is a means by which the Council directs financial resources. This report and the strategic plan report elsewhere on this agenda should be seen as complementary.
- 1.17 <u>Risk Management</u>
- 1.17.1 The development of the budget strategy follows a process from previous years. The process comprehensively reviews the full budget and brings to these reports the significant issues that the review identifies as significant risks. The work is supported by the quarterly budget monitoring reports to Cabinet a review of the information contained in these reports is given in section 1.5. Material issues identified can result in changes to the SRP but in the main the reports give strength the ongoing assumptions made in the budget strategy each year.
- 1.17.2 All budget strategy reports are submitted to the Strategic Leadership and Corporate Services Overview and Scrutiny Committee and their work provides a further level of review. In 2012/13 the committee set up a budget working group to enable a more detailed consideration of the information used to develop the

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

strategy. In 2013/14 the group has also arranged a session to debate options. All members of the council were invited and the debate was reported to the last meeting of the committee. The SCRAIP attached at Appendix D is the result of the committee's considerations to date and focuses on the medium term need for savings.

Х

Х

Х

Х

- 1.17.3 As part of the work on the MTFS a risk assessment at an operational level is produced. This risk assessment considers the main risk factors for each assumption used in developing the strategy and is submitted to Audit Committee each year for consideration.
- 1.18 Other Implications
  - 1. Financial
  - 2. Staffing
  - 3. Legal
  - 4. Equality Impact Needs Assessment
  - 5. Environmental/Sustainable Development
  - 6. Community Safety
  - 7. Human Rights Act
  - 8. Procurement
  - 9. Asset Management
- 1.18.1 Financial Due to the late announcement of the provisional finance settlement this report is unable to propose options to achieve a balanced budget for 2014/15. More detailed financial implications are set out in the body of the report.
- 1.18.2 Staffing The budget includes the resources necessary to fund staffing levels and pay increments. In addition the report contains proposals that may produce organisational change, following the appropriate consultation.
- 1.18.3 Legal This report intends to provide Cabinet with proposals that will enable the Council to set a balanced budget and a Council Tax

D:\moderngov\Data\AgendaItemDocs\4\5\8\AI00016854\\$yu4uc0ms.docx

for 2013/14 as it is statutorily obliged to do.

- 1.18.4 EINA The budget strategy process requires the careful alignment of resources to the priority outcomes identified in the strategic plan. The appropriate alignment of resources means that impact on vulnerable and protected groups is minimised. The appropriate allocation of resources will support vulnerable groups through such actions as those proposed under the corporate and customer excellence outcomes.

### SCRUTINY COMMITTEE RECOMMENDATION ACTION AND IMPLEMENTATION PLAN (SCRAIP)

Committee: Strategic Leadership and Corporate Services Overview and Scrutiny Committee

Meeting Date: 3 September 2013

Minute №: 80

Topic:Budget Working Group – Budget Workshop Recommendations

The Strategic Leadership and Corporate Services Overview and Scrutiny Committee/Busdget Working Group held an all Member Budget Savings Workshop on 1 October 2013.

The recommendations made at the Workshop were taken back to the Committee on 3 December 2013 to be ratified. The Committee has agreed that the following recommendations be taken forward and aligned to the development of the Budget Strategy and Council's Medium Term Financial Strategy going forward.

| Recommendation <sup>i</sup>   | Cabinet<br>Member <sup>ii</sup> | Response <sup>iii</sup>  | Timetable <sup>i</sup>    | Lead Officer <sup>v</sup> |
|---|---------------------------------|--|---------------------------|---------------------------|
| <ul> <li>That Head of Environment and the Public Realm be instructed to investigate the options going forward for the Park and Ride.</li> <li>Evidence should be provided and investigation undertaken of the following: <ul> <li>Areas where Park and Ride was a success?</li> <li>The location of current sites should be revaluated particularly Sittingbourne Road</li> <li>The feasibility of a Park and Ride model where you pay to park for a £1?</li> <li>What are the alternatives to a Park and Ride service? The principle of</li> </ul> </li> </ul> | Councillor Paine                | All proposals will form part of the work<br>of officers and members in developing<br>the Budget Strategy and Strategic Plan<br>for 2015 Onwards.<br>The work on these proposals and all<br>others that are brought forward will<br>require input from all officers and<br>members during 2014/15 | Up to<br>December<br>2014 | Paul Riley                |

| Park and ride should be<br>challenged - Is Park and<br>Ride right for Maidstone<br>and what is its actual<br>impact on traffic and<br>congestion?   |   |  |  |               |
|---|---|--|--|---------------|
| That the Head of Commercial &<br>Economic Development<br>investigate the parking<br>arrangements at Mote Park and<br>the possible introduction of<br>variable charges to combat all<br>day commuter parking, the<br>impact of local schools using<br>Mote Park for parking and the<br>cost of enforcement;  | Councillor<br>Paine/Councillor<br>Greer | All proposals will form part of the work<br>of officers and members in developing<br>the Budget Strategy and Strategic Plan<br>for 2015 Onwards.<br>The work on these proposals and all<br>others that are brought forward will<br>require input from all officers and<br>members during 2014/15 | Up to<br>December<br>2014                        | Paul Riley    |
| That the Head of Finance and<br>Resources begin looking at the<br>options for Council office<br>accommodation in preparation<br>for the end of the lease on<br>Maidstone House in 2023.<br>Options should be considered<br>now (in line with decisions on<br>the Gateway and the 2016 1 <sup>st</sup><br>floor break clause) to enable<br>the correct long-term decisions<br>for the Council. The Budget<br>Working Group recommends<br>that the plausibility of the<br>Council building its own offices<br>be given primary consideration; | Councillor Moss                         | This proposal is longer term and will be<br>progressed by a team of officers and<br>members, lead by the Director of<br>Environment and Shared Services  | Longer term<br>objective of<br>7 to 10<br>years. | David Edwards |
| That from the start of the 2014/15 Municipal Year Cabinet   | Cabinet                                 | Agreed that such prioritisation must take place but the cabinet would  | By June<br>2014                                  | Paul Riley    |

| be invited to a Workshop<br>session with the Strategic<br>Leadership & Corporate<br>Services Overview and Scrutiny<br>Committee to undertake its<br>prioritisation exercise of<br>services within each portfolio<br>area. Consideration should be<br>given to both statutory and<br>non-statutory functions; should<br>the Council continue to provide<br>them and could they be<br>commissioned. This should<br>take place on an annual basis | prefer a separate initial prioritisation<br>by the Committee and by Cabinet<br>that is then compared and followed<br>by a joint debate. |  |
|--|---|--|
| take place on an annual basis<br>going forward   |   |  |

## Notes on the completion of SCRAIP

<sup>iv</sup> The Officer/Cabinet Member responsible for responding to the recommendation should indicate in this box when the action in indicated in the previous box will be implemented.

<sup>v</sup> The Officer/Cabinet Member responsible for responding to the recommendation should indicate in this box the Officer responsible for the implementation of the action highlighted in the 'response' box.

<sup>&</sup>lt;sup>i</sup> Report recommendations are listed as found in the report.

<sup>&</sup>lt;sup>ii</sup> Insert in this box the Cabinet Member whose portfolio the recommendation falls within.

<sup>&</sup>lt;sup>iii</sup> The Officer/Cabinet Member responsible for responding to the recommendation should indicate in this box either the acceptance or rejection of the recommendation.

**If the recommendation is rejected** an explanation for its rejection should be provided. The 'timetable' and 'lead officer' boxes can be left blank

**If the recommendation is accepted** an explanation of the action to be taken to implement the recommendation should be recorded in this box. Please also complete the 'timetable' and 'lead officer' boxes.

# Agenda Item 10

## MAIDSTONE BOROUGH COUNCIL

## **CABINET**

## WEDNESDAY 18 DECEMBER 2013

## **REPORT OF CORPORATE LEADERSHIP TEAM**

## Report prepared by Paul Riley

## 1. BUDGET STRATEGY 2014 15 FEES & CHARGES

- 1.1 <u>Issue for Decision</u>
- 1.1.1 To consider proposals for setting the level of fees and charges for 2014/15 for services where the Council raises income by charging the user of the service and where the setting of the fee or charge is discretionary. To also note the level of fees and charges that are set in accordance with statutory requirements.
- 1.1.2 To consider the proposed impact on budget strategy of the changes in the level of fees and charges as set out in the report.
- 1.2 <u>Recommendation of Corporate Leadership Team</u>
- 1.2.1 That Cabinet approves the proposed fees and charges for 2014/15 as set out in detail in **Appendix A**.
- 1.2.2 That Cabinet approves the proposed changes to income budgets that occur as a consequence of the proposed fees and charges as set out in paragraph 1.3.7.
- 1.3 <u>Reasons for Recommendation</u>
- 1.3.1 The Council adopted a corporate fees and charges policy in May 2009. The Policy promotes consistency across the authority, is focused on the strategic aims of the authority and sets out the approach that the Council takes in setting fees and charges.
- 1.3.2 The Policy covers fees and charges that are set at the discretion of the Council. It does not apply to services where the Council is prohibited from charging, e.g. collection of household waste or services where the charge is currently determined by Central Government, e.g. planning application fees. Consideration of any

known changes to such fees and charges and any consequence to the budget strategy are detailed in this report.

- 1.3.3 The headline objective of the Policy is that fees and charges are set at the maximum level after taking into account conscious decisions on the subsidy level for individual services, concessions, impact of changes on users and any impact on the delivery of the Strategic Plan. Therefore there is a presumption that a charge will be levied for a service unless justified by strategic consideration or legal constraints.
- 1.3.4 The Policy also proposes that a review of all fees and charges will occur annually in line with the development of the Medium Term Financial Strategy. The review of fees and charges should consider the following factors:
  - a) The Council's vision, objectives and values, and how they relate to the specific services involved;
  - b) The level of subsidy currently involved and the impact of eliminating that subsidy on the level of fees and charges, the effect on users and the social impact;
  - c) The actual or potential impact of any competition in terms of price or quality;
  - d) Trends in user demand including the forecasted effect of price changes on customers;
  - e) Customer survey results;
  - f) Impact on users of proposals both directly and in terms of delivery of the Council's objectives;
  - g) Financial constraints including inflationary pressure and service budget targets;
  - h) The implications arising from developments such as an investment made in service;
  - i) The corporate impact of Council wide pressures to increase fees and charges in other service areas;
  - j) Alternative charging structures that could be more effective;
  - k) Proposals for targeting promotions during the year and the evaluation of any that took place in previous periods.
- 1.3.5 For the last three Budget Strategy reviews the results of the annual review of fees and charges as required by the policy have been reported to the Cabinet in a single report. This report repeats that process for 2014/15.
- 1.3.6 The work completed last December created an average increase of 2.28% in the budgeted income from fees and charges for the current year. Cabinet will be aware from the second quarter's budget monitoring report that income levels achieved in the first half of 2013/14 are above the midyear target in total with some service

D:\moderngov\Data\AgendaItemDocs\6\6\8\AI00016866\\$r2uzxq5s.docx

exceeding their target while others have not. At September 2013 the Development Management and Refuse and Recycling services were significantly above target. The detailed results of the review carried out this year are set out in **APPENDIX A** and the approval of the Cabinet is sought to the amended fees and charges for 2014/15.

1.3.7 The table below shows the current budget and predicted outturn for income from the different fees and charges, the proposed budget increase that can be achieved from each proposal and the percentage increase in budget. The table is sub-divided by the effect any increase can have on the budget strategy and the approval of the Cabinet is sought to the proposed levels of budgeted income for 2014/15 shown in the table.

| Service Charge Type                       | 2013/14<br>Original<br>Estimate | 2013/14<br>Projected<br>Outturn | 2014/15<br>Proposed<br>Increase | Proposed<br>Increase<br>% | 2014/15<br>Estimate |
|---|---------------------------------|---------------------------------|---------------------------------|---------------------------|---------------------|
|   |                                 | •••••                           |                                 |                           |                     |

1.3.8 As required by the Policy, the level of increase in fees and charges budgets for 2014/15 set out in the table at paragraph 1.3.7 reflects consideration of the effect of increasing the charges, such as elasticity of demand and creating movement of users to competitors

D:\moderngov\Data\AgendaItemDocs\6\6\8\AI00016866\\$r2uzxq5s.docx

or ceasing to use a service. A number of services have either not proposed an increase or, where they have, the increase has not resulted in an increased budget. The reasoning behind these actions is all in line with the Policy's guidance.

- 1.3.9 Each service has been considered separately and in all cases the Policy has been followed. Brief explanations of the consideration officers have given to significant issues are given in the following paragraphs.
- 1.4 <u>Fees & Charges Supporting Budget Strategy (increase available to</u> <u>count as a saving)</u>
- 1.4.1 On average there was an increase of 1.29% in these fees in 2013/14. As mentioned earlier in this report the current income expectations are being achieved at the mid-point of the year and the year-end prediction is a minor surplus.
- 1.4.2 The fees and charges policy identifies current performance as a factor for consideration when setting future fees and charges. Officers have considered this factor in setting the proposed fees and the result is an average increase of 1.03%.
- 1.4.3 Specific issues that the Cabinet should note are:
  - a) Recycling & Refuse Collection is showing an increase in income generated in the current year. Longer term the consequences of this additional income will form part of the service changes following the commencement of the new service contract. At this time a separate income target of £50,000 has been set as part of the budget strategy without an increase in fee and it would be a duplication of the increase to include it in this report. The figures given in the table at paragraph 1.3.7 have therefore been adjusted when compared to the figures in Appendix A.
  - b) The Licensing Service is influenced by a number of fees and charges that are either statutorily controlled or set to break even. The service has considered increases where appropriate and will report to the Licensing Committee to seek approval to these fees. The service has generated income slightly above target in the last two years and an increase is expected. As with the income from the refuse and recycling services this has been accounted for in the budget strategy outside of this report.

## 1.5 <u>Statutory Charges</u>

1.5.1 These charges are set in accordance with regulation. The environmental enforcement penalty charge is already set at the

D:\moderngov\Data\AgendaItemDocs\6\6\8\AI00016866\\$r2uzxq5s.docx

maximum. Development Management charges were increased by an average of 15% in November 2012 by Central Government. No further increase can be reflected here however there is growth in income this year as a result of increases in the level of applications. The budget strategy already reflects the assumptions relating to this increase and they are not reflected here to avoid the risk of double counting.

## 1.6 Obligation to Break Even

- 1.6.1 Both Building Control and Land Charges have a statutory obligation to break even. Both services will consider any necessary increase following budget setting and, if necessary, report this to the respective Cabinet Member.
- 1.6.2 Any increase set will not benefit the budget strategy as it will be set to maintain a break even cost of service.

## 1.7 <u>Pre-Set Targets</u>

- 1.7.1 These services have pre-set obligations and at this time no increases are proposed that will have an additional effect on income budgets.
- 1.8 <u>Current Budget Shortfall</u>
- 1.8.1 These services are currently reporting difficulty in generating income and any increase in fees proposed is designed to support current targets. In all cases managers are developing or implementing action plans following the identification of the concerns through the normal budget and performance monitoring processes in 2013/14.
- 1.9 <u>Alternative Action and why not Recommended</u>
- 1.9.1 Cabinet Members could consider their respective service proposals individually. This is not recommended as the consideration of the full range of fees and charges in this way enables the impact of all charges to be considered together. This gives the Cabinet the ability to assess the impact of changes on individual customers. The consideration of fees and charges in this way removes the need to set a generic target for increases as part of the budget strategy. This is in line with the approved policy on fees and charges.
- 1.9.2 The Cabinet could agree different increases to those proposed. Officers have considered all aspects of the policy in developing these proposals and they are in line with the factors set out earlier in this report.

D:\moderngov\Data\AgendaItemDocs\6\6\8\AI00016866\\$r2uzxq5s.docx

- 1.10 Impact on Corporate Objectives
- 1.10.1 Increases in fees and charges can have a significant impact on the Council's objectives. The use of the policy as a guide to assessing an appropriate level of increase means that the most appropriate levels are proposed in this report.
- 1.10.2 The direct charging of a fee for a service reduces the level of subsidy required by all Council Tax payers and ensures a greater element of the cost is obtained from the service users where this approach is appropriate.
- 1.11 <u>Risk Management</u>
- 1.11.1 The budget expectation will form part of the budget strategy for 2014/15 and the major risk is that the proposed increases do not deliver the increased income that is reflected in the budget finally approved. If the income does not reach the levels expected within the budget the Council will have to take corrective action to balance the budget.
- 1.11.2 This risk is faced by service managers every year and, where the income generated is not sufficient to reach the budget, corrective action is taken. In such cases the quarterly budget monitoring reports received by Cabinet will highlight any variances to Cabinet. In addition the constitution requires significant variances from income targets to be reported to the relevant Cabinet Member along with proposals to rectify any problems created.
- 1.12 Other Implications
- 1.12.1
- 1. Financial
- 2. Staffing
- 3. Legal
- 4. Equality Impact Needs Assessment
- 5. Environmental/Sustainable Development
- 6. Community Safety
- 7. Human Rights Act
- 8. Procurement

D:\moderngov\Data\AgendaItemDocs\6\6\8\AI00016866\\$r2uzxq5s.docx

- 9. Asset Management
- 1.12.2 **Financial** The proposals in this report will provide £50,440 towards the requirements of the budget strategy 2014/15 onwards that is reported elsewhere on this agenda.
- 1.12.3 **Legal** A number of the fees and charges made for services by the Council are set so as to provide a service at cost. These services are set up as trading accounts to ensure that the cost of service is clearly related to the charge made. In other cases the fee is set by statute and the Council must charge the set fee. In both cases the proposals in this report meet the Council's obligations.

The fee or charge for a service, to be collectable through legal action in circumstances where a customer defaults must be clearly defendable. Adherence to the policy on setting fees and charges provides Cabinet with some assurance that appropriate factors have been considered in setting these charges.

- 1.12.4 **Equality Impact Assessment** The objective of the review of fees and charges in this corporate way, including a focus on the factors required by the corporate policy minimises the opportunity for unintended disadvantage to be created. The overview granted to Cabinet by this single report also reduces the possibility of an unintentional focus on a single group by multiple separate decisions.

There are many occasions when enquiries have not turned into places on the course<br>and it seems from the conversations that this is largely because of cost. There is increased<br>competition from on-line courses which are not as effective and therefore we would like to encourage<br>people to do the full course. These courses have been brought in house now pending any long term<br>changes brought about through shared serviced. We are running one every 2 months on average<br>for 6 candidates. We are no longer paying the trainer to come in so a fee reduction would not<br>represent an overall loss. Having regard to our MKIP partners, Swale charge £45; TWBC are in<br>partnership with K College. The fee there is £45 for tuition only, £65 if candidates take the exam.<br>Kecommend an increase to £104 that tee with a tacility to charge and aduitonal sum for particularly |
| Voluntary Surrender of unsound food (certificate)                          |                   |                    |                     | 73.50                      | 169.00                      | 129.93%   |                 | 0                     | complex jobs. Normally these issues are sorted out between the business and the insurance agents.<br>If we do get involved, it can tie up two officers for a day or more. Recommended that the flat rate be<br>increased which would cover operations up to 4 hours involving mileage and 2 officers. A<br>supplementary fee be included of £25 for each additional hour to a maximum of £250 total. TWBC<br>charges £169 and this proposed increase would bring us into line with them.<br>No certricates are being requested at the moment. Were they to be, we would not want to price of<br>the certificate to deter any new enterprise. It is likely that were a company to be requesting these it   |
| Food Export certificate  |                   |                    |                     | 121.80                     | 67.00                       | -44.99%   |                 | 0                     | would become routine and therefore not too onerous on for our resources. Recommend the basic fee is reduced to £65 which would cover the first 2 hours work. A £60 charge is levied to cover the first three hours of work undertaken and for the issuing of an export certificate. Thereafter, any work beyond the initial two hours to be charged at an hourly rate of £30 per hour.  |
| Contaminated Land search fee   |                   | 1,391              | 1,000               | 63.00                      | 63.00                       | 0.00%     |                 | 1,000                 | No increase proposed. Note: TWBC charge £165 per enquiry. Potential future issue if it is found these enquiries fall under Ev Info Regs in which case there may be limited or no fee. It is likely the issue about EIR and future charging will be put to MKIP legal for advice. As this is subject to review, it is not recommended that our figure moves to their level.  |
| Heavy Metal Monitoring   |                   | 1,138              | 2,000               | 1,365.00                   | 0.00                        | -100.00%  |                 | 1,500                 | Recommend this fee is removed from the table. It is not a service provided on demand to general<br>business or the public. The figure currently in the table is a contract price identified in a specific<br>agreement with CEH for a particular service we provide for them maintaining their equipment.   |

All the fees that are set locally will be reviewed in line with guidance that has been issued which stipulates that you can cover your costs, hopefully this will be done for 2014/15 but it's a large job and need to be done in conjunction with the Partnership

| 140 litre bin hire  |            |         |          | 27.00        | 29.25            | 8.33%          |                   |           | Charge set at 10% reduction on price of 240 litre garden waste bin - see below   |
| 240 litre bin hire  |            | 486,902 | 480,000  | 30.00        | 32.50            | 8.33%          | 40,970            | 520,970   | reach a consistant charge of £35 per year for the hire of a 240 litre garden bin. The proposal is to reach this charge over 2 years and therefore increase the charge to £32.50 in the first year and then a further increase to £35 by April 2015. The projected income is based on a customer base of 16,390 households as specified within the waste collection contract specification. Whilst it is accepted there are likely to be additional customers than specified (which would generate additional income) such an increase in the customer base will incur additional costs for collection. The additional costs are related to the customer base as a whole across the partnership and are in the region of £53,000 for an incease above 35,000 customers up to 40,000 customers. Based on current estimations it is likely that Maidstone will incur a significant proportion of this cost due to the growth in customers. Therefore any additional income above what is shown here would be needed to fund the additional costs. |

| Application to discharge conditions related to a permission   |                   |         |          |                  |                  |           |                   |           |   |
| The standard fee for conditions per request; or   |                   |         |          | 98.00            | 98.00            | 0.00%     |                   |           | I here have been proposals from the Government to increase the fees for planning applications or<br>allowing Local Authorities to set their own fees. The idea of Local Fee setting has now been dropped<br>by the Government, however, there are proposals to increase the fees by approximately 15%. There<br>is no date for this draft legislation to be enacted and therefore we cannot guarantee, at this stage, that<br>these increases will occur. As a result the fees and charges for planning applications remain<br>consistent with those of the 11/12 year. |

# Agenda Item 11

# MAIDSTONE BOROUGH COUNCIL

# STRATEGIC LEADERSHIP AND CORPORATE SERVICES OVERVIEW AND SCRUTINY COMMITTEE

# **TUESDAY 7 JANUARY 2014**

# **REPORT OF CHIEF EXECUTIVE**

# Report prepared by Angela Woodhouse

# 1. STRATEGIC PLAN REFRESH 2014-15

- 1.1 <u>Issue for Decision</u>
- 1.1.1 To consider the refreshed Strategic Plan 2014-15 and make recommendations as appropriate to Cabinet
- 1.2 <u>Recommendation of Chief Executive</u>

That the Committee:

- (a) Considers the 2014-15 refresh of the Strategic Plan and make recommendations as appropriate; and
- (b) Note that the performance measures and targets in the plan will be further updated and reported as part of the annual performance management cycle at the end of the financial year.
- 1.3 <u>Reasons for Recommendation</u>
- 1.3.1 In September 2013 the Cabinet agreed that the Strategic Plan for 2011-15 be retained and refreshed rather than develop a new plan for 2014-15 and beyond. The last refresh of the plan (2013-14) focused on updating the action plans for the seven outcomes in the Strategic Plan.
- 1.3.2 The Sustainable Community Strategy was refreshed in July 2013, the original 8 priorities were narrowed down to three focused priorities with seven outcomes. The vision can be distilled into great opportunity, great place and great people which is then reflected in the Council's three corporate priorities. The programme of employee engagement in the Council's priorities has continued during 2013 and is scheduled to continue into 2014.

- 1.3.3 In October 2013 the Council commissioned the LGA to undertake a corporate peer challenge. The review considered the following questions:
  - Does the council understand its local context and has it established a clear set of priorities?
  - Does the council have a financial plan in place to ensure long term viability and is there evidence that it is being implemented successfully?
  - Does the council have effective political and managerial leadership and is it a constructive partnership?
  - Are effective governance and decision-making arrangements in place to respond to key challenges and manage change and transformation?
  - Are organisational capacity and resources focused in the right areas in order to deliver the agreed priorities?

In addition, the council identified two issues for the team to explore:

- How well placed is the council to deliver its future ambition?
- Further strengthening the approach to economic development
- 1.3.4 The draft report following the challenge was largely positive identifying a number of opportunities and challenges for the Council going forward. A full report and action plan will be reported to Cabinet in January. The Corporate Improvement Plan has been amended to reflect the recommendations made in the report. For reference the **draft** executive summary is set out below:

"Maidstone is the county town of Kent, with the headquarters for Kent County Council, Kent Police and Kent Fire and Rescue Service all based here. It is a growing borough in terms of population with an aspiration to grow its economy and has become a desirable place to live with extensive leisure and cultural assets.

Maidstone Borough Council is undergoing a period of change to help it better meet major strategic challenges to the borough around balancing economic growth, with protection of rural areas and dealing with notable demographic challenges due to the growing population. The financial position of the authority has changed in recent years and the future will see the council borrowing to invest in supporting services. The council continues to undertake significant work to shape its vision and strategic direction, leading up to a refreshed corporate/strategic plan in 2014. Work has been undertaken to support members and for members and senior officers to set a new ambition, with local growth at its core. The planned changes to the senior management structure and governance arrangements around overview and scrutiny took place in June this year, and whilst it is still early days, the team were able to see the good start being made in re-focusing its ambition to place economic growth at its core.

The council has a strong history of achievements on which to build and has clearly identifiable strengths in partnership working, service delivery through shared services, and a politically-led passion for growth through increased opportunities for employment. It understands the significance of a highly motivated workforce and sends out a clear message to all staff with its strong message of 'Great Opportunity, Great Place, Great People'. It describes the underpinning priorities as 'outrageous ambitions' – language which attracts attention.

Senior members and managers are highly regarded by members, staff and partners and the council's commitment and focus on improving the prosperity, health and wellbeing of their communities is widely recognised. Staff are generally well motivated and positively view the aim to achieve IiP Gold Award by 2015.

The Challenge Team were asked to focus on the council's ability to deliver their ambitions and how to further strengthen its approach to economic development. The council developed a comprehensive timetable for the challenge enabling the team to meet a good mix of appropriate stakeholders – all of whom actively engaged in forward looking discussions.

Fundamental to the feedback is the need to develop a clear, shared vision for Maidstone Borough Council. Whilst visions and values are articulated in council documents – and by members and staff – they are less understood by partners. Partners expressed the desire to engage more with the council, not least to have an opportunity to discuss how they can work together to tackle future challenges and deliver shared ambitions. The team met a mixed group of business and third sector partners who were very keen to meet collectively to share their ideas.

With this vision agreed and communicated the council will be able to move forward on shared action plans for the delivery of economic growth. The development of a communications strategy for key policies will be an integral part of this. Members will have a key role in creating certainty for the public, partners and staff by agreeing and communicating those issues which are not in dispute across political parties.

Within the council improved performance management should be a priority to ensure its ambitions are met. This includes performance

management of staff, specifically the continuing inconsistency of line management for example in the application of staff benefits. The trend of worsening sickness absence figures warrants a review of sickness absence management. The future of Maidstone House should be clarified and decisions made.

The council is clearly a learning organisation and has many examples which demonstrate this. In future, it could benefit members and managers to look further than Kent for examples of best practice and take advantage of opportunities to meet with exemplars elsewhere, as well as showcasing its own examples of best practice."

- 1.3.5 From the review there are clear messages in terms of how we engage our partners and key stakeholders in developing our strategies and vision in the future these will be applied to the development of the next full strategic plan 2015-2020 as well as the development of our Local Plan and Economic Development Strategy.
- 1.3.6 The current financial context for the Council presents us with challenges in terms of how we deliver services and increases the pressure to generate income. We know that in 2014/15 government funding will reduce by at least 11.5% or £910,000. As well as the reduction in funding we face additional pressure through increased take up of key services. The Council still needs to identify £550,000 of savings for 2014/15. We are in the process of consulting on the budget and options for identifying the savings required the results of the current budget consultation will need to be factored into the final refresh of the plan.
- 1.3.7 The refreshed Strategic Plan 2014-15 is attached at Appendix A and includes updates to action plans for each outcome. All changes have been tracked for visibility. Following the recent peer review we have reduced the number of indicators that will be monitored at a Strategic Level to 46 and moved towards outcome focused indicators where possible. The performance indicators and targets are still subject to review. They will be agreed with managers and then Cabinet as part of the review of the performance plan in March 2014.
- 1.3.8 In June this year the Council restructured its senior management team to ensure we were fit for the future as well as deliver savings. The review resulted in a reduction of posts at a senior level and a new clarity in terms of responsibilities for key roles.
- 1.3.9 The Council has also created a new Maidstone Culture and Leisure Service under a new Head of Economic and Commercial Development Post. This represents the Council's desire to become more commercial and eventually self funding. Key aims for the new service are:

- The adaption of the current business plan for the Council's museums, developing new ways to generate income.
- The establishment of a consolidated events programme with new and varied entertainment.
- The introduction of a leisure card to offer a range of discounts and promotions to both residents and visitors.
- The principle of a Mote Park adventure zone, subject to the necessary approvals and consents being achieved.
- The possible provision of a new café and retail outlet for Mote Park to be considered as part of the Council's capital programme.
- 1.3.10The Council has continued to make efficiencies through shared services recently entering into an arrangement for a strategic ICT shared service across Maidstone, Tunbridge Wells and Swale. The Council is also currently in the process of sharing planning support services and environmental Health
- 1.3.11Progress with the Local Plan continues with the recent approval at Cabinet of the second group of 30 policies relating to spatial planning, development management policies borough wide and countryside for public consultation. The draft consultation Green and Blue Infrastructure strategy has also been approved for consultation with key stakeholders. Green and blue infrastructure refers to our green spaces and water with the strategy seeking to promote coordination, integration and investment into this important infrastructure.
- 1.3.12We have carried out a resident survey in October November so we can measure public satisfaction with the Council and with Maidstone as a place to live. The survey looks at a number of important issues including the priorities of Maidstone residents and we have a number of indicators in the plan which directly relate to the survey.
- 1.3.13Service design principles are set out in the Strategic Plan to address how we will design our services to deliver our priorities. One of the principles in the plan is that: "we will commission services to meet agreed outcomes and deliver them in the most appropriate way". We have recently adopted a commissioning and procurement strategy which sets out our approach to service delivery. The strategy identifies that services will be reviewed to identify whether they should be provided in-house, outsourced, delivered through partnership or via community groups or decommissioned. To embed this approach training is planned for unit managers during 2014.

- 1.3.14An update on the 29 Strategic Plan Actions was given as part of the mid year performance report to Cabinet in November 2013. Some of the actions have been completed since the last update including:
  - The new waste contract has been rolled out and residents are benefiting from being able to recycle a wider range of items at the doorstep (OUT 004.06)
  - The High Street Regeneration project phase 2 is almost complete and is due to 'opened' on 16<sup>th</sup> November (OUT 002.06)
  - A new Housing Assistance Policy was adopted in September (OUT 003.02)
  - Parkwood leisure have taken over the managing of the Hazlitt Theatre under a 15 year contract (OUT 004.05)& (OUT 007.01)
  - Mote Park succeeded in gaining a green flag and was awarded bronze in the Green Flag People's Choice Award (OUT 004.05)
  - Progressing the shared services programme: Business cases for Planning Support and Environmental Health were agreed in June (OUT 007.02)
- 1.3.15In terms of considering our achievements so far in relation to the Strategic Plan by priority the following have been identified covering the period up until October 2013

# **Corporate and Customer Excellence (Great People)**

- The council's website was re-designed to improve the range of services available online.
- Following customer engagement and research we adopted a Customer Service Improvement Strategy and an implementation programme earlier this year. This includes reviews of all customer facing service areas (work is currently ongoing with parking and housing).
- We have refreshed our Workforce Strategy
- We have rolled out a "one council" engagement programme to enhance employees understanding of the council's priorities and how their roles contribute to achieving them.
- Following an Investors in People (IiP) peer assessment we identified key actions to improve the effectiveness of people management including coaching conversations for our managers and a new competency framework has been designed around our values.
- We hold annual staff awards based on our STRIVE values: Service, Teamwork, Responsibility, Integrity, Value and Equality.

# For Maidstone to be a Decent Place to Live (Great Place)

• Maidstone Museum's east Wing received several architectural design awards.

- We created a 'Town Team' of council and town centre stakeholders to promote Maidstone and provide events in the town centre such as the Christmas lights switch-on and market.
- Maidstone was awarded a Purple Flag for its safe and well managed night-time economy.
- Green Flag status was retained for Clare Park and the Whatman Millennium Park and achieved for Mote Park.
- 637 affordable new homes have been built from the start of the Strategic Plan in 2011 up until October 2013.
- We have approved 260 Disabled Facilities Grants for residents over the same period.
- In 2012/13 we assisted 50 vulnerable households into private rented accommodation through providing rent deposits.
- We have also recently launched an innovative lease/repair scheme to return 10 long term empty homes back into use by March 2015.
- Implemented a new housing allocation scheme which promotes employment and provides greater opportunity for applicants who provide a community contribution.
- Prevented 592 households becoming homeless.
- Set up a multi-agency street population task-force to improve life chances for vulnerable members of the street population.
- Launched Maidstone Homefinders scheme to increase supply of private rented accommodation through incentivising and working with private sector landlords.
- Raised awareness of rough sleeping and street homelessness with our 'Killing with Kindness' campaign.
- We introduced a new commercial waste collection to provide a flexible and cost effective service for businesses in the borough.
- We reduced the council's carbon emissions by approximately 4% compared with the previous year and are on track to meet our target to reduce our emissions by 20% by 2015.
- Launched Maidstone Families Matter, the local programme which is helping to improve the life chances of families on benefits in Maidstone and helping them back into work.

# For Maidstone to have a Growing Economy (Great Opportunity)

- Successfully delivered High Street Improvement Project phase 1 and phase 2 resulting in new event space, Jubilee Square and lower vacancy rates.
- Worked with KCC to attract Regional Growth Fund bid called Escalate, a £5m recyclable loan fund for high growth businesses.
- Successfully bid to KCC, in partnership with Ashford Borough Council, to extend the business start-up advice and guidance delivered by the Chamber of Commerce.
- Member of the executive group for the Leader Programme, offering grants to support rural businesses and communities.

- Business Growth and Start-Up programme of events and business breakfasts, including being one of only two stops in Kent for national Business Start-Up Bus.
- Working proactively with developers and site owners to stimulate development and unlock stalled sites.
- We have undertaken a number of projects and initiatives to reduce youth unemployment in the borough, including running work experience placements with 24 young people after which 13 found employment.
- In terms of working with others we have worked in partnership with Golding Homes and Job Centre Plus to organise two Jobs Fairs, with more than 1000 people attending each one, and over 20 employers present at each.
- A campaign called Inspiring the Future has been launched which aims to get 100 business people to sign up in 100 days to volunteer in schools talking about their job and career.
- 1.3.16The Strategic Plan 2014-15 refresh contains updates to the Local Plan timetable and an acknowledgement of completed actions. Actions have been added for the:
  - Development of the Economic Development Strategy,
  - Establishment of a Maidstone Economic Partnership
  - Review of homelessness and new Homeless Strategy
  - A re-fresh of our waste strategy in 2014.
  - Delivering the Health Inequalities Action Plan (created 2013)
  - Delivery of Operation Civic
  - One Council Engagement Plan in place and delivered
- 1.3.17Additional updates will be required once the resident and budget survey has been concluded and reported in January. The Leader and Chief Executive may also want to update their forewords in the Strategic Plan as part of the refresh.
- 1.4 Alternative Action and why not Recommended
- 1.4.1 Scrutiny could decide not to consider the refresh of the Strategic Plan, however, one of the Committee's main functions is to review and make recommendations on budget and policy framework documents.
- 1.5 Impact on Corporate Objectives
- 1.5.1 The Strategic Plan sets the Council's strategic direction and corporate priorities up until 2015. Service plans flow from the Strategic plan into the appraisal setting process to ensure there is a golden thread from priority setting to action, so we can systematically work towards our goals and opportunities.

### 1.6 Risk Management

1.6.1 The risks associated with the Strategic Plan are set out in the Council's Strategic Risk Register

### 1.7 Other Implications

1.7.1 The Strategic Plan has a range of implications which are discussed in this report.

| 1. | Financial                             | х |
|----|---------------------------------------|---|
| 2. | Staffing                              | ~ |

# Maidstone Borough Council Strategic Plan 2011-15 (201413-1514 Refresh)

# **From the Leader**

Over the next four years the council will have to work harder than ever before to meet the needs of Maidstone residents, as we confront the financial challenges arising from the coalition government's determination to reduce Britain's annual deficit. The Strategic Plan and the Medium Term Financial Strategy set out Maidstone's approach to responding to community needs in this new financial and political era.

To deliver our savings targets we will need to change the way in which services are delivered. We will continue to prioritise activities which will deliver our priorities.

The financial position of the council is strong, we have balances of around £3.6m, which is substantially more than our requirement to maintain balances of 10% of the annual budget. During the course of this plan the Council has delivered three flagship projects for the Borough; High Street Improvement, Museum and Mote Park as part of the Council's sustainable Capital Programme. For the next two yearsyear of the plan we will continue improvements to the public realm, the High Street\_and commence work to secure infrastructure for future growth.

In order to provide focus to our efforts we have identified three priorities for the Council:

- 1. For Maidstone to have a growing economy.
- 2. For Maidstone to be a decent place to live.
- 3. Corporate & Customer Excellence.

By focusing on three priorities we can establish clear objectives for this Council. This is especially important in the current financial climate.

Maidstone is a vibrant county town with many strategic public agencies present in the Borough. It is an attractive environment for both businesses and residents the Strategic Plan is focussed on ensuring our economy grows along with maintaining and improving the borough as a place to live.

Having now established a joint partnership with KCC through the new Maidstone <u>Partnership</u> Locality Board, there will be greater opportunities to work collaboratively using public money, together with the resources of the private and third sectors, to achieve even greater improvements for Maidstone residents.

# **Introduction from the Chief Executive**

Maidstone Borough has many attractive urban and rural places, a relatively robust economy and diverse communities. With both a rich heritage and an ambition for growth we want to make the best of our past and the future to support people, strengthen the economy and develop the public realm to build vibrancy and prosperity.

Our Strategic Plan for 2011-15 focuses on three strategic priorities and seven key outcomes. We are striving to achieve these in circumstances of economic recession and significant change. These have an impact on the Council and the daily lives of every resident and business in the borough. We have consulted widely on this plan, to focus on what matters most to Maidstone.

We cannot make our vision a reality without working with our partners. The past few years have seen many successes from working closely with public, private, voluntary and community sector partners from the borough and across Kent.

As a community leader, we must strive even harder to harness the energy, support and commitment of our partners to overcome the challenges ahead. We must support our partners where we can and challenge them where necessary. Our Community Strategy sets a bold and challenging vision for the borough and we must play a leading role in the Maidstone <u>Locality Partnership</u> Board to turn that vision into reality.

To bring this plan to fruition we must be open about the design of services and who delivers them. In this plan we have described seven principles for how we do things at Maidstone. We will equip our staff with the skills, knowledge and technology to make these a reality.

Among the challenges ahead is to interpret localism in a way that enables local people and their Councillors to take charge of how their neighbourhoods develop. This will focus our resources and efforts on those issues that matter most to the community.

We must also strive for continuous improvement in the services used by Maidstone people and businesses. The improvements for Maidstone set out in this plan will ensure that our Council does what our communities need in the most efficient and effective way. Delivery against our strategy is reviewed bi-annually and the strategy itself is reviewed annually to make sure we adapt to changes in our environment.

Maidstone is an ambitious place and we are an ambitious Council. There will always be new challenges and competing priorities. This is what makes our Council and what we do so exciting and fulfilling. We will need to make difficult decisions about how we prioritise and deploy our resources. In doing so we must remember to put our customers and our communities first, improving efficiency, promoting innovation and striving for continuous improvement.

Your community is our priority.

# **National Context**

### **New Political Leadership**

Britain has been going through a state of change having just come out of a recession and entering a new political environment. The general election in May 2010 resulted in a hung parliament and a subsequent coalition government forming between the Conservative and Liberal Democrat Parties. The coalition government has stated their top priority is cutting Britain's budget deficit, "with the main burden of deficit reduction borne by reduced spending rather than increased taxes".

In May 2010, the Government published 'The Coalition: our programme for government' which outlined the key policy areas, with an emphasis on 'freedom, fairness and responsibility' creating the Big Society and giving citizens, communities and local government a central role in enabling a new approach to sustainable, low carbon economic growth.

### **Localism Act**

The Localism Act is designed to enable many of these changes. It received Royal Assent in November 2011 and came into effect in April 2012. The Act introduced new freedoms and flexibilities for local government, and new rights and powers for communities and individuals.

The Act gives councils a general power of competence, whereby as long as an activity is not unlawful, they are empowered to carry it out if they wish. It increases the flexibility of councils to structure themselves in the way they think best. The Act also increases local control over housing decisions and business tax rates.

As a result of the Act the Council has introduced policies on community right to challenge and community right to buy. In the spirit of Localism the Council has introduced the U project; a fun way for people to learn new skills and meet more people in their community. We are also working with Voluntary Action Maidstone to develop a website to connect businesses and voluntary organisations.

Community groups and social enterprise organisations are encouraged to take an active role, and are given the right to bid to deliver public services themselves. Local people are also given greater influence over council taxes, community assets and planning decisions. Councils will need to be transparent about their policies on pay.

### **Comprehensive spending review**

In October 2010, the Government presented its Comprehensive Spending Review (CSR) which determined the spending budgets until 2014-15. For local government this means a reduction in funding by an average of 28% over the four year life of this plan, with larger savings having to be achieved in the first year. The Council has developed a corporate improvement plan with an identified programme of reviews and improvements. Maidstone Borough Council has started a programme of reviews, to consider how services are delivered and the potential impact of these changes in policy on other services and cost. The Autumn statement 2012 sets out further cuts for local authorities, these cuts combined with changes to council tax benefit discounts in 2013 will increase risk and uncertainty for the Council.

# **Local Enterprise Partnerships**

Local Enterprise Partnerships (LEPs) are local partnerships between local authorities and businesses. The Government's aim is that LEPs will play a central role in determining local economic priorities and undertaking activities to drive economic growth and the creation of local jobs. Maidstone is committed to playing a full role in the Kent, Essex and East Sussex Partnership to ensure the Borough and its businesses benefit from regeneration opportunities.

### **Transport and Infrastructure**

The Department for Transport grant to local authorities has been reduced by 28%. However, the Government sees transport as a key driver of growth nationally and in the regions, stating that for every pound spent on Highways Agency schemes, on average £6 of benefits are achieved in return and in many cases, there are higher returns for local authority schemes. Following the Comprehensive Spending Review the Government committed to a £1.5 billion programme of major local authority transport schemes. 41 transport schemes have been approved and evidence is being gathered for a decision on a further four, with a total investment so far of £1.4 billion, partly from Department for Transport contributions and partly from local funding. The Chancellor's Autumn Statement 2012 revealed that a major emphasis in the budget will be switching spending in the public sector from departmental resource budgets to investment in capital projects. Projects include funding for schemes to alleviate bottle necks and funding for cycling infrastructure. This could have an impact on our emerging core strategy and infrastructure delivery plan.

### **Transparency and Inspection**

The Government sees Local Authorities as having a crucial role to play in ensuring that services are efficient and effective, offer good value for money and deliver what people want. The Government announced the abolition of the Comprehensive Area Assessment (CAA) with immediate effect from 25 June 2010, with the intention of clearing the burden of assessment from local authorities. Alongside the reduction in inspection, councils will be moving to increased transparency in the data held by publicising more information such as spending, contracts and tenders above £ 500.

### **Planning and Housing**

The Localism Act will allow for the opportunity for local people to plan for new development within the strategic framework provided by the Council's Core Strategy. The Community Right to Build will allow a development to go ahead where there is overwhelming community support. Regional Planning Strategies will soon be abolished and decision making on matters such as housing and general planning policy are now made by local Councils in the Core Strategy and related documents.

The Government has implemented – 'The National Planning Policy Framework.' This replaces all existing central government planning guidance (i.e. Planning Policy Statements (PPS),\_Planning Policy Guidance (PPGs). Circulars etc) but, more fundamentally, introduces a presumption in favour of sustainable development.

# **Local Context**

## **Maidstone the place**

Maidstone is an exceptionally green Borough with a number of parks, the largest of which is Mote Park, which is Grade II on the English Heritage Register of Historic Parks and home to thriving rugby and cricket clubs. There are numerous smaller parks and squares within the town and villages which have benefited from a major playground and sports facility investment programme in recent years. We recognise the importance of maintaining a quality environment for residents including our heritage and conservation areas. The attractive countryside offers high quality landscape and biodiversity and a wide range of informal recreation opportunities.

Economically Maidstone Borough is considered a good place to live and work with high rates of employment, relatively low levels of adults claiming incapacity benefits and a higher proportion of residents who have a degree than the South East average. Larger numbers of people commute into than out of the Borough. As the County Town 30% of jobs in the Borough are in the public sector. The Borough has a very mixed business sector with large numbers of small and medium size businesses with particular strengths in professional services (law and accountancy) and construction. There is a growingan aspiring media industry led by Maidstone Studios and Kent Creative and the Kent Messenger Group. Maidstone has an extensive further education campus (Mid Kent College) and a higher education offer with both the University for the Creative Arts and Mid Kent College seeking to increase their range of courses and facilities. Oakwood Campus is being taken over by Mid Kent College and over the next three years the University for Creative Arts will be expanding the broadcast media courses being delivered at Maidstone Studios.

Residents living in the Borough have relatively high wages (although many higher earners commute out of the Borough to achieve these). Maidstone came out as the top destination for business in the 2010 study of locations for business in Kent. The 2011 census revealed that Maidstone not only has the largest population of all Kent districts it is also the area which grew most in terms of population between 2001 and 2011 increasing by 16,300 people (11.7%). It is thought that migration alongside the fact that people are living longer is the reason behind this increase.

Transport links are generally good, with rail journey times to London are around an hour or just under for some of our villages (Staplehurst, Headcorn and Marden) but over an hour from Maidstone Town itself. The international high speed railway stations at Ebbsfleet (30 mins) and Ashford (25 mins) are also extremely accessible and the Council is pleased that an extension to the Thameslink network is being proposed to provide a direct link tomore peak services to London from Maidstone East. 2011 saw the introduction of High Speed services from the Maidstone Wwest to St. Pancras. The Borough is well served by the motorway network with the M20 and M2 both providing links to the M25 and the Channel Ports. With regard to travelling in and around the Borough by car, congestion is an issue particularly at peak time in the town centre. The bus transport network serving Maidstone town is relatively strong whilst rural transport presents distinct challenges. Road safety is a concern for Maidstone, with the poorest record in Kent. Following a scrutiny review of road safety, the Council will be supporting the Safer Maidstone Partnership in taking initiatives forward to address this issue.

Maidstone's Local Strategic Partnership carried out work in 2010 looking at how public money is spent locally. It identified that £602 million was spent in Maidstone in 2010 by various bodies including Kent County Council, Maidstone Borough Council, Kent Police and the local Primary Care Trust. Just over 35% of the money is spent on health and social wellbeing, nearly 17% was spent on education and 15% on housing.

In November 2011 January 2014, the Maidstone Local Strategic Partnership (LSP) was replaced by the Maidstone Locality Partnership Board, which draws together local public services for greater effectiveness and efficiency to oversee and shape the local delivery of services. The change to a PartnershipLocality Boards will result in a greater input from county and district councillors, but with representation from the wider public sector, including Kent Police, Kent Fire and Rescue Service, NHS, the voluntary and community sector and the business community. The first formal meeting of the Maidstone Locality Board was held on 20 January 2012. The Board <u>currently</u> has agreed three priorities for Maidstone:

- Community Budgets
- Tackling Worklessness and Poverty
- Local Environment Improvements

The Locality Board has set and agreed performance indicators to measure the outcomes against these priorities. These indicators are set for Maidstone and are cross-partner. The priorities align with the Strategic Plan.

# What matters to Maidstone residents

The Council refreshed the Sustainable Community Strategy (SCS) 2009-2020 in the summer of 2013. When refreshing the SCS the Council used the results of the residents survey 2011/12 and consulted with key stakeholders including representatives on the Locality Board and voluntary and community groups. The revised Strategy puts forward a number of new and revised partnership objectives, framed within new strategic priorities. The overall vision of Maidstone's Community Strategy and thematic outcomes which were originally agreed through engagement with residents and analysis of local needs and intelligence, remain and are only slightly altered, through refreshed narrative and expression.

The Council carried out extensive consultation when developing the Sustainable Community Strategy for Maidstone 2009-2020. Residents were asked to identify what was good and bad about living in the Borough as well as their dream for Maidstone. The top three positive comments related to Maidstone included shopping, parks and the river. Other positive comments related to cleanliness, the countryside and nightlife. The top three negative comments related to traffic congestion, public transport and the quality of roads. The top three dreams for Maidstone residents related to resolving transport issues, improving the river and an improved theatre/concert facility.

A residents' survey was undertaken in 2011. This was the first survey the Council had undertaken since the Place Survey in 2008 and showed improved satisfaction in a number of areas including providing value for money, keeping residents informed and the way the council runs its services. It also showed some areas that need improvement, such as people from different background getting on well together and satisfaction with the local area. The Council will work with residents to find ways to increase satisfaction across the Borough.

During the 2012-13 refresh of the Strategic Plan, residents were consulted on the budget to identify what matters to them in respect of council services. This exercise

was factored into the Cabinet's prioritisation of spending and services. More detail is provided in the prioritisation section of the plan. The importance of the rural transport network, cleanliness of our town centre and supporting and encouraging a range of business development were identified during a resident focus group reviewing our priorities.

# **About the Council**

Maidstone Borough Council has a strong record of improvement based on previous inspection results as an excellent rated Council. We are now looking at how we improve residents' satisfaction with the Council, as we turn our attention outwards to residents rather than up to central government.

When the Council conducted the Place Survey in 2008, 44% of respondents said they were very or fairly satisfied with the way the Council runs things. This was just below the national average of 45%. 32% strongly or tended to agree that the Council provides value for money. The resident survey conducted from December 2011 to January 2012 showed a significant improvement in resident satisfaction\_-with 63% of respondents indicating that they were satisfied with the way the Council runs things compared to 44% in 2008. The Council is looking to continue to improve resident satisfaction and increase value for money as a priority going forward.

In 2013 we conducted an additional resident survey to monitor progress against number of measures – insert results when available Feb 2014

# The services we deliver

- Housing
- Benefits including housing and Council Tax
- Spatial Planning and Development Management
- Council tax and non-domestic rates collection
- Waste collection
- Electoral registration
- Local land charges
- Food and safety
- Environmental enforcement
- Building control
- Museum
- Theatre
- Crematorium and cemetery
- Leisure centre
- Parks and open spaces
- Street cleaning
- Abandoned vehicles
- Community safety
- Arts and sportsCommunity Development
- Parking Services
- Licensing
- Economic development

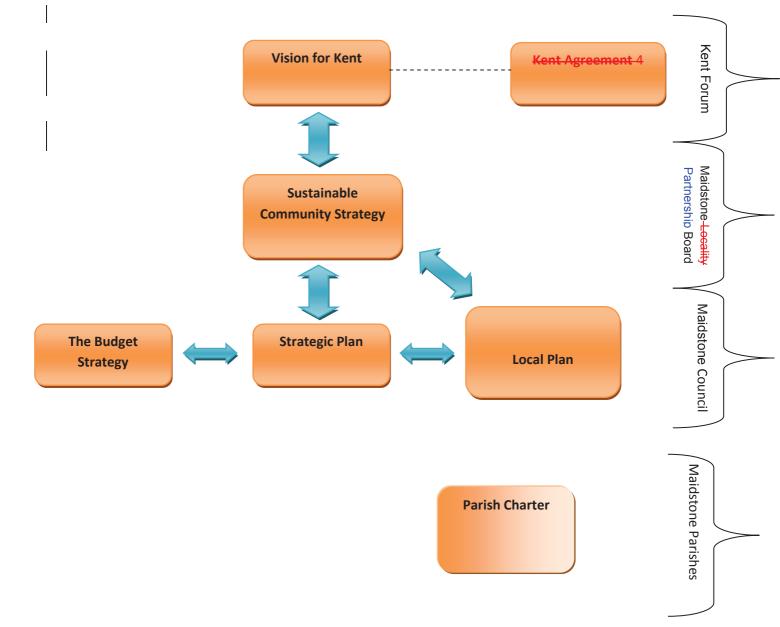

# How the Council works

The Council has 55 Councillors who are elected by thirds. Since May 2008, the Conservative party has held the majority of seats on the Council. The Council appoints a Leader who appoints the Cabinet; the Cabinet makes key decisions

on Council services, which must be in line with the overall policy and budget framework set by the Council. Each Cabinet Member has their own portfolio area which they make decisions on. Matters that concern two or more portfolios are generally dealt with by the whole Cabinet, which meets monthly.

The Cabinet is held to account by Overview and Scrutiny committees. These committees ensure the decisions of the Cabinet are properly monitored and examine the Council's policies, services and expenditure. They also carry out investigations and research into relevant topics and make recommendations to Cabinet based on their findings to inform and shape the policy of the Council.

The Council also operates several Committees who take regulatory decisions including Licensing and Planning. These are an integral part of the Council's operation. The Council also has an Audit Committee and a Standards Committee in place which act as checks and balances on the Council and its services to ensure we adhere to our high standards of corporate governance.

# Strategy map - how we work with others

#### **Our Vision, Priorities and Outcomes for Maidstone**

The Council is committed to and shares the vision for Maidstone, identified in the Sustainable Community Strategy 2009-2020:

"We want Maidstone Borough to be a vibrant, prosperous 21st century urban and rural community at the heart of Kent, where its distinctive character is enhanced to create a safe, healthy, excellent environment with high quality education and employment where all people can realise their aspirations."

The essence of this can be described in six words- Great opportunity, great place, great people.

The Council has three priorities and seven outcomes for Maidstone over the next four years. Over 2011During the course of the plan these outcomes were have been defined to show which areas the Council will concentrate on, taking into account the needs of the Borough and the budget reductions the Council has to find. The Council will continue to use its influence wherever possible to encourage partners to invest in Maidstone in both the priority and non priority areas.

#### **Priorities**

#### 1. For Maidstone to have a growing economy

In essence, Maidstone will be a good place to work and do business. The economy will continue to grow with a wide range of employment and business opportunities.

#### Outcomes by 2015:

- a transport network that supports the local economy, with a focus on the delivery of an integrated transport strategy in conjunction with Kent County Council.
- a growing economy with rising employment, catering for a range of skill sets to meet the demands of the local economy, with a focus on the following areas;
  - Creating the right planning environment
  - Developing key infrastructure
  - Business expansion
  - Inward investment
  - > Developing stronger business relationships
  - Tackling worklessness

#### 2. For Maidstone to be a decent place to live

Maidstone already has a clean, attractive and well designed and built environment. We wish to maintain this and ensure that proper respect is paid to its diverse and valuable assets so that Maidstone is a place where people want to live. We will continue to support our most vulnerable residents and seek to reduce the different forms of deprivation across the Borough in both urban and rural areas.

#### Outcomes by 2015

- Decent, affordable housing in the right places across a range of tenures, with a focus on
  - > Developing sustainable communities

- > Increasing choice and improving the quality of life for vulnerable people
- > Improving existing homes
- Improving access to housing and working to prevent homelessness and rough sleeping in Maidstone
- Continues to be a clean and attractive environment for people who live in and visit the borough by;
  - > Implementing new waste management arrangements
  - > Implementing a new cleansing model
  - > Reducing the Council's energy consumption
  - > Implementing an Air Quality Action Plan
- Residents are not disadvantaged because of where they live or who they are, vulnerable people are assisted and the level of deprivation is reduced, focusing on two key areas; early intervention work with young children and their families to tackle disadvantage and undertaking work to help families who have multiple needs.

#### **3. Corporate and Customer Excellence**

The Council will have a productive workforce with people in the right place at the right time, delivering cost effective services. Services will be affordable, delivered on time and to agreed standards in an accessible way.

#### Outcomes by 2015

- Customer focused services that residents are satisfied with
- Effective, cost efficient services are delivered across the borough

#### **Delivering Priorities and Outcomes**

# Outcome: By 2015 Maidstone has a transport network that supports the local economy

#### Why it matters for Maidstone

Transport plays an important role in supporting economic development and creating opportunities for growth. Businesses need an effective and well connected transport system to access the town and to connect with London, other centres in Kent, the southeast and internationally in order to thrive. Residents need to be able to get to places directly and quickly. We recognise that to do this we need to work closely with transport authorities and operators including business leaders and Kent County Council. We also seek to have an improved rail network for residents and business and will continue to lobby and work with partners to achieve this ambition. We recognise that the transport network has to be effective across the Borough and will be a key component in supporting our rural areas and ensuring our rural economies prosper.

Public consultation consistently reveals transport as a major concern. For example, consultation carried out for the Sustainable Community Strategy showed that a large proportion of Maidstone's local people view the transport system and particularly the accessibility of public transport, as inadequate. Links are generally good although rail travel could still be improved with journeys to London mostly taking over an hour and none of the main stations having full disabled access. There are proposals to put in place a new train line direct to the City and to other London destinations, which we will

support. In 2011 a fast link from Maidstone West to London was introduced and the Council will seek to encourage use and see the service continued. The Borough is well served by the motorway network with multiple accesses to the M20 and M2 both providing links to the M25 and the Channel Ports. In terms of town centre congestion, during the morning peak time it takes three minutes and 28 seconds to drive one mile. Peak congestion is a problem and projected to get worse. The town is also vulnerable to 'operation stack' which alleviates traffic problems at the Port of Dover and Channel Tunnel by using the M20 to park traffic. There is a park and ride scheme which serves the town centre.

#### Outcome: By 2015 Maidstone has a growing economy with rising employment, catering for a range of skill sets to meet the demands of the local economy.

#### Why it matters for Maidstone

As a Borough we want Maidstone to be a place where the conditions are in placeexist for businesses to flourish. The Council is committed to growth that is sustainable and will create the conditions which enable local businesses to start up, expand and attract new business to the borough. We will also support business growth and development across the Borough through our planning policies and land allocation including the management of the green and blue infrastructure network. Our Development Management service will ensure the relevant Council services provide an effective preapplication service and will process planning applications in a cost effective and timely manner. Maidstone also has significant rural business economies our Local Development Framework will include the rural areas. The Council in 2014 will be holding conversations with our key stakeholders across the borough to agree what good growth means for Maidstone. This work will inform the development of the Economic Development Strategy and the Local Plan.

Maidstone has the largest economy of all Kent Districts and Boroughs. More people commute into the Borough each day than commute out. The Borough is an economic hub providing employment for a large part of Kent. However, despite its natural location advantages, Maidstone's growth rate was the 4th lowest in Kent between 1998 and 2008 and behind the South East and Great Britain averages. It is a diverse economy with reliance on town services and 30% of businesses located in the rural area. Moreover much of this employment growth has been public sector employment. Whilst around 10,000 jobs were created in the service sector during this period, the Borough lost over 3,000 jobs in manufacturing. Neighbouring areas have been able to provide a greater choice and range of employment sites in both quality and quantum

and in some cases at more competitive prices. If the planned cuts in public sector expenditure of 30% result in jobs losses in the sector in the same proportion, nearly 6,000 people who work in Maidstone could lose their jobs. We also have a low wage local economy and the national changes to education and skills development will impact on our residents and employment. We are determined to address these local issues through our land allocations, planning policy and work with the education and skills sector. A new Economic Development Strategy will be agreed in 20143 this strategy will identify key issues, challenges and actions in relation to economic development. sets out the progress the Council has made in relation to our priority for a growing economy and the future actions we will be taking.

# Outcome: **By 2015 Maidstone has decent, affordable housing in the right places across a range of tenures**

#### Why it matters for Maidstone

We want Maidstone to be a place where people enjoy living and a key part of this will be having access to affordable and decent housing. We understand that good housing promotes educational attainment, better health outcomes and employment opportunities. The provision of choice and affordability in housing for the citizens of Maidstone, including rural communities, which meets their needs and aspirations are addressed within this outcome. Decent means housing that meets residents' needs in terms of availability and size as well as meeting the national decent homes standard.

The independent housing needs analysis conducted as part of the Local Plan process identifies that Maidstone has an objectively assessed housing need of 19,600 new dwellings from 2011-2031. The Council will be working to get a suitable housing target agreed. We will need to work with our communities to ensure the dwellings created add and strengthen places and communities.

In terms of affordable housing, we are referring to a range of tenure that includes socially rented, intermediate or affordable rent and a variety of shared ownership products. Maidstone Borough Council works to ensure that all new developments of 15 homes or over contain at least 40% affordable housing, which in 2011/12 led to 284 affordable homes becoming available. Due to Council intervention, 30 empty private sector homes were brought back into use or demolished - the majority being let to households from our housing list. We also have a role to play in improving the quality of private housing through grants for improvements to insulation and heating. The Council has completed a Strategic Housing Market Assessment to help us build the right kind of homes in the right places.

Housing in Maidstone town has traditionally been considered relatively affordable compared to the south east average, but this is not the case in rural Maidstone and for those on average or low incomes. The recent recession has resulted in an increase in home repossession and homelessness generally has risen across the UK. Whilst Maidstone has seen a rise in the numbers of households requiring temporary accommodation provided under the homelessness legislation this remains comparably low compared to the other Boroughs in Kent and a significantly lower level than the worst affected areas in England. Maidstone continues to perform above targets for homelessness prevention and is seeking to find new ways of encouraging people to seek housing advice at an earlier stage than when the crisis point of homelessness is reached.

| What we plan to do  | Milestones                                     | Ownership                     |

Outcome: **By 2015 Maidstone continues to be a clean and attractive environment for people who live in and visit the Borough** 

#### Why it matters for Maidstone

Maidstone is an exceptionally green Borough with a number of well maintained parks and open spaces. As Maidstone will continue to be a place for development the challenge will be to continue to maintain and enhance our 41 conservation areas. Work has been undertaken to make the Borough more attractive, such as the Mote Park improvement project, High Street improvements and the Museum East wing project. An attractive environment means a well built and designed environment: under the outcome related to the economy we have committed to an effective planning process to ensure we have a well designed environment. We have recently approved the draft consultation Green and Blue infrastructure strategy which is focused on making the most of our green spaces and public water seeking to promote coordination, integration and investment into this important area.

Cleanliness has improved across the Borough and CO<sup>2</sup> emissions have been decreasing. We are committed to increasing social responsibility to ensure the new development is of high quality and the Borough's varied and valued landscape and heritage assets are respected and the environment remains clean and attractive. We want Maidstone to continue to be a place where people enjoy living and would choose to live. As stated in the earlier section on the economy, we will also be encouraging green business in Maidstone. As a Council we will lead with our carbon management programme: over the next four years we will be seeking to reduce carbon emissions from Council buildings and vehicles.

# Outcome: By 2015 residents in Maidstone are not disadvantaged because of where they live or who they are, vulnerable people are assisted and the level of deprivation is reduced

#### Why it matters for Maidstone

This outcome refers not only to our deprived areas but those individuals who are most vulnerable wherever they are in the Borough including our rural communities. National policies on welfare reform and public sector budget cuts will have an impact for our deprived areas and our most vulnerable residents. Our economic and housing strategies that feature under other outcomes will be crucial to achieving this outcome. This will not be an easy area to address as 11% of Maidstone's population live in areas considered to be in the 20% most deprived in the country. Our rural areas also contain households suffering deprivation. These areas have lower standards of health and lower life expectancy than average. The disadvantaged wards have the highest numbers of young people not in education, employment or training and significantly higher numbers of youth offenders.

Following an internal review on the issue of disadvantage and having regard to the findings of the Marmot Review, *Fair Society Healthy Lives*, the Cabinet has determined to tackle disadvantage in the long-term through improving early years' development. This will be achieved through giving every child the best possible start in life; maximising their capabilities; and creating fair employment and good work for all, the result of which will be to break the cycle of deprivation and disadvantage. This cannot be achieved overnight but the positive gains will have generational benefits. The Marmot Review concluded that effective local delivery requires residents to be involved in the decisions that affect them. Local authorities are best placed to enable and coordinate this approach by empowering individuals and local communities.

We will continue the work on Planning for Real in our deprived areas to engage communities in identifying and resolving local issues and problems and helping others to help themselves. We have recently adopted Operation Civic a multi-agency approach to tackle low level crime and anti-social behaviour. Recently the Council has started a digital inclusion project aimed at increasing internet access for all. Increased broadband coverage is particularly important for improving lives for our local residents so they can access services and supporting our businesses in rural areas.

As community leaders, we will convene resources to reduce the number of young people not in education, employment or training and reduce the number of adults out of work. We will seek to do this through working with local businesses and supporting social enterprise start ups. We will be working to prevent disadvantage and will seek to participate in a pilot with KCC to address the needs of complex families in our Borough. We have also started to identify families who we will be working alongside as part of the government's troubled families programme. This programme seeks to understand the problems facing families with complex needs and to help them by giving them one key worker to talk to rather than dealing with multiple agencies.

| Indicator                                      | Frequency | 2011/12<br>Out-turn | 2012/13<br>Target | 2013/14<br>Target | 2014/15<br>Target |
|--|-----------|---------------------|-------------------|-------------------|-------------------|
| Percentage of the Borough covered by Broadband | Annual    | 64.94%              | 66%               | 68%               | 70%               |

| Average time taken to process and notify<br>applicants on housing register (days)  | Quarterly         | 3.5             | <del>5 days</del>   | <del>5 days</del>   | <del>5 days</del>   |  |
|--|-------------------|-----------------|---------------------|---------------------|---------------------|--|
| Number of residents participating in<br>neighbourhood planning as a percentage of the<br>ward population   | Annual            | 14.89%          | 17%                 | 20%                 | 23%                 |  |
| Average time taken to process new benefit claims<br>and changes of circumstances   | <b>Quarterly</b>  | <del>9.16</del> | <del>15 days</del>  | <del>15 days</del>  | <del>10 days</del>  |  |
| In setting the above target at 15 days we have worked on the basis that the focus going forward will on reducing cost of delivery, whilst maintaining the level of service expected by customers and allowing for some short term impact on performance during the shared service implementation. This is supported by the BTP review of the service which looked specifically at processing times to establish whether it was a driver for satisfaction and concluded that within certain boundaries, it was quality of service rather than speed of assessment that was key. |                   |                 |                     |                     |                     |  |
| Number of households prevented from becoming<br>homeless through intervention  | Quarterly         | 608             | 500                 | 500                 | 500                 |  |
| The council provides help for all households presenting as homeless and will use the appropriate means to resolve the situation. It should be noted that intervention is not an appropriate option in all cases. I is expected that the performance of this indicator will improve as the economy recovers from the recession.   |                   |                 |                     |                     |                     |  |
| Gap between median wage of employee<br>(residents) and the median wage of employees<br>(workplace) (salary differences)  | Annual            | £73.40          | Less than<br>£75.00 | Less than<br>£70.00 | Less than<br>£70.00 |  |
| Average weeks stay in bed and breakfast<br>accommodation of households which include<br>dependent children or a pregnant woman and<br>which are unintentionally homeless and in priority<br>need   | <u>Quarterly</u>  | TBC             |                     |                     |                     |  |
| Gap between average mortality rate for men and women   | Annual Contextual |                 |                     |                     |                     |  |

# Outcome: By 2015 the Council will ensure that cost effective, efficient services are delivered across the borough

#### Why it matters for Maidstone

This outcome is related to ensuring that services received by residents are delivered in the best way to ensure that the most value is received for every pound spent. We will commission services to improve outcomes in the most efficient, effective, equitable and sustainable way that will involve a more diverse set of providers and include social enterprise, voluntary, public and employee run services

The Council provides many different services which are used by different types of people. It is essential to ensure that people can access services they need in a way that suits them and provides value for money. We recognise that the internet provides the only way people can access our services and get information at any time of day and on any day of the year. Therefore, we are improving the Maidstone Borough Council website to make sure information is clear and have as many services as possible online. Using the Council website also provides good value for money: it costs least for people to get information, apply for things and make payments online (about £0.32 per visit to the website), a little more if people telephone the Council (about 1.86 per phone call) and most for people to visit the Gateway (about £9.66 per visit). As we know that not everyone can or wants to get information or services online, we will continue to provide high quality telephone and face to face services.

In 2012 the Council carried out a review to identify the optimum customer service model looking at how people prefer to access our services and find out information. The research work has been significant identifying what is in place now and how we perform; consulting with residents, businesses and staff as well as visiting and talking with other authorities. From this work and research a range of improvements have been identified. Once the The recommendations for improvement have been agreed, a programme of improvement is now beingwill be implemented.

## Outcome: By 2015 the Council will ensure that services are customer focused and residents are satisfied with them

This outcome is related to ensuring that residents are satisfied with the services they receive and the way the Council spends money. We will conduct regular satisfaction surveys and carry out regular consultation with residents, using the information gathered to inform service design.

We will be changing the role of the Council to ensure that our services have a positive impact on the lives of people who live and work in the Borough. As a Council, we will seek to enable residents, encourage responsibility and grow our communities.

# Service Principles – How we will design our services

- 1. Residents and businesses are the starting point for services; every service must be considered from the perspective of the citizen and delivered at the lowest possible level a bottom-up approach.
- 2. We will commission services to meet agreed outcomes and deliver them in the most appropriate way.
- 3. We will work with partners where there are economies of scale and to identify common solutions and shared services.
- 4. Services must achieve our priorities.
- 5. We will manage our services so no-one is disadvantaged because of where they live.
- 6. We will concentrate on delivering our core services, whilst recognising that there are areas we need to influence and work with others on to bring about change.
- 7. We will work together as one Council and with our partners to deliver change and manage expectation.

#### Values - How we will deliver our services

The Council has developed and agreed six core values, <u>behaviours</u> which <u>will</u> define how we deliver our services, in 2013 we refined these values to simplify them:

- Superb customer serviceService It is important to understand that everything we do impacts on our customers, both internal and external. We will listen to and understand their needs, then take action to provide the right service in a professional manner.
- Teamwork working together to achieve our objectives and goals in away that utilises the talents and creativity of everyone within our organisation.
- Responsibility for delivering on our promises
  - being focussed on the Council's vision and priorities. Leadership and management that respond and take the organisation through change.
- Integrity and high standards of corporate governance being transparent and accountable. Having the courage to act on our convictions to build trust and honesty within the organisation. Working with our partners and customers to create a feeling of openness and transparency in all that we do.
- Value for money taking care and weighing up our options, aiming to get maximum effect for every penny of public money we spend. Promoting ownership to ensure that all of us feel responsible for providing value for money in all that we do and making suggestions for improvements.
- Equality within a diverse organisation valuing our differences for the enrichment and betterment of our working environment. Having the courage to question our own reactions and mindset in order to be open to new ideas and concepts.

#### How we have prioritised and funded services

The Council has to make £5.9m of savings between 2011 and 2015, £1.2m more than originally projected in 2011. In order to identify savings, the Council has focused on the delivery of core services which meet our priorities and asked the public to determine what matters to them in relation to the Council's discretionary services.

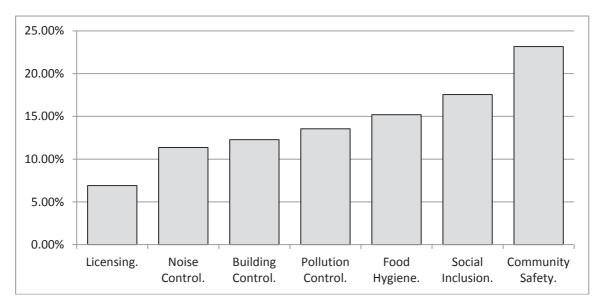

The Cabinet, as a first stage in determining budgets, prioritised the Council's front line services into low, medium and high, by identifying which services would best achieve their priorities through a paired analysis. A paired analysis is where each service is compared in a pair with every other service and one is chosen above the other as being more important in achieving the Council's priorities. Services were ranked from 1 to 12 and then as high, medium or low.

| Revenue  | High                                | Medium | Low                  |
|----------|-------------------------------------|--------|----------------------|
| Invest   | Economic<br>Development             |        |                      |
| Maintain | Parking and<br>Transport<br>Housing |        | Environmental Health |

| Reduce | Planning and<br>Building Control | Community Safety                  | Culture and Heritage |
|--------|----------------------------------|-----------------------------------|----------------------|
|        | Building Control                 | Waste Collection and<br>Recycling | Tourism              |
|        |                                  | Community                         | Street Cleansing     |
|        |                                  | Development                       |                      |
|        |                                  | Recreation, Sport and Open Spaces |                      |

Once Cabinet had carried out this exercise, they reviewed the services to determine which should receive investment, which should be maintained and where investment should be reduced. It should be noted that maintaining services will not necessarily mean maintaining the cost of the service. Also, where the service has been identified for reduction, this refers to the cost of the service. For example, it was identified that for the planning service the service level should be maintained but the service should be more efficient and costs reduced. The prioritising of services was followed up with meetings between senior managers and the Cabinet and, where appropriate, the shadow Cabinet to identify how savings could be made in accordance with the prioritisation. As a consequence, the Council has reviewed our cultural services and tourism offer creating a new visitor economy business unit within in economic development. The low financial priority given to Tourism should not prevent the authority from pursuing opportunities that would benefit the local economy and tourism, should they arise.

The public were consulted with regard to a range of services categorised as low priority in the table above where there is a statutory requirement for the Council to provide the service. This consultation complements the consultation carried out last year into discretionary services. The three services rated by the public as lowest priority were Licensing, Noise Control and Building Control. As a consequence of the public consultation, the Council will be reviewing our budgets for these areas.

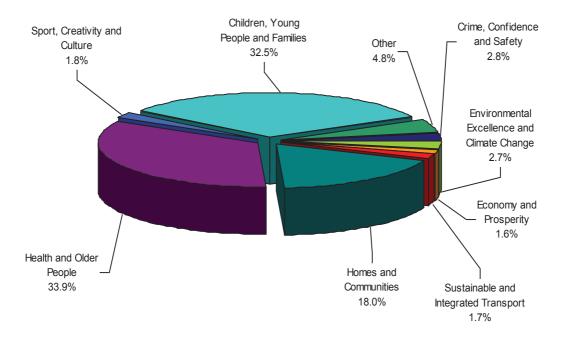

During the consultation the public were also asked their views on a series of potential changes to customer service provision and as a result of these initial responses the Council <u>will has</u> review<u>ed the</u> opening hours of the Gateway <u>stopping Thursday late</u> <u>night opening</u> and <u>put in place options for</u> an automated switchboard. The Council has <u>already</u> taken action that will reduce management costs and will take further action to reduce staffing costs in the future years of this strategic plan. This will include reviewing the back office functions to make savings which will include shared services.

#### Working in Partnership: How Resources are Spent in Maidstone

In 2010 the Council took part in a study of how resources were allocated locally.

The study used data from different public bodies and agents in Maidstone to find out where money is spent locally by those bodies and what it is spent on. Information was submitted by a variety of agencies including the Council, KCC, Kent Police, the PCT and the Homes and Community Agency. Golding Homes, the local NHS trust and Kent Fire and Rescue's spending is not included in the data. It is estimated that £611 million was spent by the public sector across the Maidstone borough in 2009-10, equating to  $\pounds 4,062$  being spent per person. The biggest area of spending locally is on health and older people, followed closely by children, young people and families.

#### **Performance Management – Doing what we say we will**

We are committed to being open and transparent and we will publish performance data on our website so that we are accountable to the public.

Furthermore, the Council's performance will be managed by the Corporate Management Team and Cabinet as well as held to account through overview and scrutiny. We have sought to review and reduce the number of performance indicators we use to measure and monitor success and target performance. The last performance plan contained 162 indicators covering 6 priorities and 22 key objectives. For the period 2011-15, we propose to use 60 indicators to measure performance.

Indicators have been outlined for each outcome so we can measure and monitor our success.

#### **Risk Management**

The Council has reviewed the outcomes we hope to achieve by 2015 to identify any risks to those outcomes. Six strategic risks have been identified. Action plans to mitigate these risks will be put in place and reported to Management Team and Cabinet. Strategic risks and actions will be linked to the Council's service delivery plans. The actions set out to achieve each outcome in this plan will also be a key part of the risk mitigation. The performance on these will be reported regularly through our performance management processes to Management Team, Cabinet and Scrutiny.

#### Glossary

Local <u>Plan</u><del>Development Framework (LDF) including the Core Strategy</del> – The Local Development Framework documents including the Core Strategy set out the Council's planning policies for the Borough, as well as where it wishes to see housing and commercial development.

**Local Strategic Partnership (LSP)** – the LSP is a group of private and public organisations in Maidstone who work together to deliver the Sustainable Community Strategy.

**Planning for Real and Neighbourhood Action Plans** – In the Plan we refer to the Park Wood Planning for Real activity and Neighbourhood Action Plans. Neighbourhood Action Plans have been developed across the UK to address local issues and improve the quality of life for residents. They are plans developed with and by our communities to identify and address local issues.

**Neighbourhood Planning** - A neighbourhood development plan can establish general planning policies for the development and use of land in a neighbourhood, like:

- where new homes and offices should be built; and
- what they should look like.

Neighbourhood plans allow local people to get the right type of development for their community, but the plans must still meet the needs of the wider area.

**Performance Indicators** – These are set out in the strategic plan as a means of measuring the Council's progress and performance against our outcomes.

**Social Return on Investment** – This is a means by which we can measure and account for a much broader concept of value. It incorporates social, environmental and economic costs and benefits into decision making, providing a fuller picture of how value is created or lost.

**Sustainable Community Strategy (SCS)** – The Local Government Act 2000 placed a duty on every local authority to prepare a community strategy "for promoting or improving the economic, social and environmental well-being of their area and contributing to the achievement of sustainable development in the United Kingdom." The SCS is the overarching community plan for the area.

#### **Customer care and engagement**

We want to ensure that you can access our services easily and in a way which suits you. We also know it is important that you are able to tell us how we can improve our services. To help us to do this we carry out regular customer satisfaction reviews and where we can, make improvements that you have asked for.

We have a customer care policy that tells you what standards you can expect from us and a corporate complaints system so that you can tell us when we get things wrong. We always try to get things right first time, but when this does not happen we make sure we learn lessons to improve customer service in the future.

For a number of years, the Council has helped parish councils to develop parish plans that have led to improved services and facilities for rural residents.

Last year the Council and its partners worked with over 600 residents in Park Wood to develop a pilot urban Neighbourhood Action Plan. New projects to help unemployed people back into work and provide more activities for young people as well as campaigns to tackle litter and dog mess have come out of this. The has evaluated this project and intends to roll it out to other priority urban wards.

We will be holding various consultation events through the year where you can come and give us your views on the issues that affect you. These will be advertised on our website www.maidstone.gov.uk

# Agenda Item 12

## MAIDSTONE BOROUGH COUNCIL

# STRATEGIC LEADERSHIP AND CORPORATE SERVICES OVERVIEW AND SCRUTINY COMMITTEE

# 7 JANUARY 2014

## **REPORT OF HEAD OF FINANCE AND RESOURCES**

## Report prepared by Georgia Hawkes

#### 1. <u>REFRESH OF THE CORPORATE IMPROVEMENT PLAN FOR 2014-</u> <u>17</u>

- 1.1 <u>Issue for Consideration</u>
- 1.1.1 To consider the Council's improvement journey detailed in the draft Corporate Improvement Plan 2014-17 (Appendix A).
- 1.2 <u>Recommendation of Head of Finance and Resources</u>
- 1.2.1 That Overview and scrutiny consider the draft Corporate Improvement Plan 2014-17 and make any recommendations to Cabinet.
- 1.3 <u>Reasons for Recommendation</u>
- 1.3.1 The Council has set the priorities and outcomes for the borough of Maidstone in its Strategic Plan. The Medium Term Financial Strategy (MTFS) sets out what will be spent and where savings will be made. In order to deliver the priority outcomes and the savings required, a number of key pieces of work and projects will be carried out. These are detailed in the draft Corporate Improvement Plan 2014-17, which ensures the improvement work is aligned with the Strategic Plan and the MTFS and looks at the work required to 2017.
- 1.3.2 The Improvement Plan 2012-15 was first adopted in February 2012 and refreshed as the Improvement Plan 2013-16 in February 2013. Progress on the Improvement Plan 2013-16 was reported to Overview and Scrutiny with the Strategic Plan Performance Report in December 2013. Some key improvements implemented in the first 6 months of this year are:
  - Launch of a new more customer focussed website
  - Embedding of the new ICT shared service

- Launch of the new waste contract
- Commercial waste service on target to achieve 150 customers in first 12 months of operation
- Business cases for Environmental Health and Planning Support agreed
- Transfer of Hazlitt Arts Centre to Parkwood Leisure
- 1.3.3 In this current refresh of the plan, the title has been changed to Corporate Improvement Plan to reflect the need of input from across the Council to deliver the improvement work required. Text from the previous version of the Improvement Plan that has been deleted in this new draft version of the Corporate Improvement Plan is shown as crossed through and any text that has been added is shown in italics.
- 1.3.4 The three objectives of the draft Corporate Improvement Plan shown below remain sound:
  - 1. A reduction in net cost, through making savings or increased income
  - 2. Improving or maintaining quality: ensuring we deliver excellent services, which means delivering what is promised to agreed standards
  - 3. Identifying and responding to opportunities aligned with the Strategic Plan
- 1.3.5 However, the workstreams have been changed to reflect the growing need for the Council to become more self-sufficient and viable for the future through being more efficient and effective, bringing in additional income, using our assets wisely and helping our residents and customers to do more for themselves. The enablers have also been revised slightly to make them clearer and align better with the aims and strategic direction of the Council set out in the Strategic Plan and to include appropriate recommendations from the recent Corporate Peer Review. Therefore, the following improvement workstreams (1-4) and enablers (5-8) are proposed:
  - 1. Efficiency and effectiveness
  - 2. Income generation
  - 3. Asset management
  - 4. Empowerment and self sufficiency
  - 5. Organisational culture
  - 6. Councillor assurance
  - 7. Commissioning and procurement
  - 8. Effective use of technology

D:\moderngov\Data\AgendaItemDocs\7\5\5\AI00016557\\$0zuw2oqr.doc

- 1.3.6 The other main changes in the draft Corporate Improvement Plan 2014-17 from the previous version are:
  - Maidstone Culture and Leisure, Bereavement Services and Environmental Services have been added to the list of priority services for improvement and ICT and Hazlitt Arts Centre have been removed as the ICT shared service is now embedded and the Hazlitt services will now be delivered by Parkwood Leisure
  - The major assets improvement project has been broadened to include considerations of long term options for Council accommodation in the future and future use of the Town Hall
  - Cross-organisational collaboration has been removed from the improvement projects as arrangements like the Troubled Families joint programme are now in place
  - Exploring Right to Bid has been added to the community asset transfer improvement project
  - Corporate peer review has been removed as a priority improvement project as the review has been carried out and the recommendations have been reflected in this draft version of the Corporate Improvement Plan
  - Information and knowledge management has been added as a priority project rather than an enabler because of the need to focus on the delivery of recommendations from the recently completed Information Management review
  - Commercial property investment has been added as a priority project
  - Digital inclusion and financial inclusion have been added as priority improvement projects to reflect the need for the Council to support its residents in becoming more self-sufficient
- 1.3.7 The priority services and projects in the draft Corporate Improvement Plan 2014-17 are based on priorities in the Strategic Plan, our current knowledge of any external or internal opportunities and potential for improvement and/or reduction in net cost. The full list is as follows:
  - Waste and Recycling
  - Economic Development
  - Housing
  - Maidstone Culture and Leisure
  - Customer Services
  - Revenues and Benefits
  - Planning
  - Environmental Services
  - Bereavement Services

D:\moderngov\Data\AgendaItemDocs\7\5\5\AI00016557\\$0zuw2oqr.doc

- Finance
- Building Control
- Corporate Support
- Integrated Transport Strategy
- Major assets review
- Right to bid and community asset transfer
- Mid Kent Improvement Partnership shared services and operational model
- Information and knowledge management
- Commercial property investment
- Digital inclusion
- Financial inclusion
- 1.3.8 Compiling a Corporate Improvement Plan allows the key workstreams to be brought together and monitored. A working group made up of officers responsible for each of the workstreams and enablers, the Chief Executive, Director of Environment and Shared Services and the Leader make up a monitoring group to ensure the plan progresses and benefits are delivered:
  - Leader provides political leadership and councillor assurance (as defined in the Improvement Plan)
  - Chief Executive accountable for delivery of Improvement Plan
  - Head of Finance & Customer Services responsible for Efficiency and effectiveness and Asset Management workstreams and Commissioning and Procurement enabler
  - Head of Commercial and Economic Development responsible for Income generation workstream
  - Head of Housing and Communities responsible for Empowerment and self-sufficiency workstream
  - Head of HR responsible for Organisational culture enabler
  - Head of ICT responsible for Use of technology enabler
  - Head of Change & Scrutiny essential to ensure alignment to the Strategic Plan and corporate direction of the Council

# 1.4 Alternative Action and why not Recommended

1.4.1 Cabinet could decide not to agree the draft Corporate Improvement Plan for consultation with Overview & Scrutiny. This is not recommended as the Improvement Plan is essential for allowing oversight of a number of different pieces of work across the organisation. It is aligned with the Strategic Plan and MTFS and it is recommended that it is consulted on in the same way as these documents

D:\moderngov\Data\AgendaItemDocs\7\5\5\AI00016557\\$0zuw2oqr.doc

1.4.2 Cabinet could decide to alter the draft Improvement Plan 2014-17 more fundamentally from the Plan for 2013-16. This is not recommended as it is felt that the few changes already incorporated are sufficient to ensure the Improvement Plan is relevant for the next three years.

#### 1.5 Impact on Corporate Objectives

1.5.1 The draft Improvement Plan 2014-17 contains projects that will have a positive effect on all the priorities and outcomes for Maidstone set out in the Strategic Plan. However, the priority that it aligns with most is Corporate and Customer Excellence, outcome "the Council will continue to have value for money services that residents are satisfied with", because of the objectives in the Improvement Plan of reducing net cost whilst improving or maintaining quality.

#### 1.6 Risk Management

- 1.6.1 The draft Improvement Plan and associated governance minimises the risk that important projects will not be undertaken or will not deliver and that new opportunities are missed.
- 1.6.2 There is still a risk that the Council does not have the resources, both in terms of staff time or money to undertake the projects envisaged in the draft Improvement Plan. However, the plan minimises the risk that effort will be put into pieces of work that are not deemed to be a priority and will allow corporate resources to be devoted to the priorities stated in the draft Improvement Plan.
- 1.7 Other Implications
- 1.7.1
- 1. Financial
- 1. Staffing
- 2. Legal
- 3. Equality Impact Needs Assessment
- 4. Environmental/Sustainable Development
- 5. Community Safety
- 6. Human Rights Act

D:\moderngov\Data\AgendaItemDocs\7\5\5\AI00016557\\$0zuw2oqr.doc

- 7. Procurement
- 8. Asset Management

#### **Financial and staffing**

1.7.2 An objective of the draft plan is to reduce net cost. This could be by reducing cost, including possibly reducing numbers of staff, or by increasing income, which would have an effect on the work that staff carry out.

#### Legal

1.7.3 A number of the projects are likely to require legal advice and support.

#### Procurement and asset management

- 1.7.4 Asset management is a workstream in the Improvement Plan and procurement is an important enabler in achieving improvement.
- 1.8 <u>Relevant Documents</u>
- 1.8.1 <u>Appendices</u>

Appendix A – Improvement Plan 2013-16 (also contains appendix 1)

- 1.8.2 Background documents
  - Improvement Plan 2012-15
  - Improvement Plan 2013-16

| IS THIS A KEY DECISION REPORT?          | THIS BOX MUST BE COMPLETED |
|---|----------------------------|
| Yes No                                  |                            |
| If yes, this is a Key Decision because: |                            |

# Corporate Improvement Plan 2013-16-2014-17

Maidstone Borough Council has been recognised under previous inspection regimes as providing good quality value for money services. However, we want to be even better, offering the services that people want for a cost they think is good value. In 2010 the Government announced its plans to reduce public spending by 25% and reduce the national deficit. The Council has to save around £xxxm over the next three years, which is a substantial reduction in the budget we have to spend on providing services for local people, at the same time that the number of potentially vulnerable people requiring some of those services, like housing advice and Housing and Council Tax Benefit, is increasing has increased.

The Strategic Plan details the priorities and priority outcomes for Maidstone until 2015 and how these will be delivered. The Medium Term Financial Strategy (MTFS) sets out what the Council will spend and when and where savings will be made. In order to deliver the Strategic Plan and MTFS the Council is undertaking various pieces of work and projects to improve value for money and quality of customer service, and this must be aligned with the Council's strategic objectives and Medium Term Financial Plan. This improvement work makes up the building blocks that will make Maidstone a better council.

This plan explains the key workstreams for the Council's improvement journey, the drivers for improvement as well as priority services and projects for improvement. It will allow work to be planned, sufficiently supported and monitored to ensure savings needs and the improvements required for the Council to meet its priority outcomes are delivered.

#### <u>Objectives</u>

It is important that the Council delivers services that are value for money and that residents are satisfied with. We must make savings and maximise income where we can but also be flexible enough to take opportunities as they arise, including those that come from external influences like changes in legislation. Therefore, the objectives of the *Corporate* Improvement Plan are:

- 1. A reduction in net cost, through making savings or increased income
- 2. Improving or maintaining quality: ensuring we deliver excellent services, which means delivering what is promised to agreed standards
- 3. Identifying and responding to opportunities aligned with the Strategic Plan

#### Improvement workstreams

The Council's Improvement Plan is corporate and involves a number of different workstreams, which are owned by different officers in the organisation. Those workstreams identified as most important are:

- **1. Efficiency and effectiveness (Head of Finance and Resources)** looking at our services to make sure we are doing the right things to deliver our organisational priorities and working with our customers to make sure that the way we do them is as customer friendly and efficient as possible.
- 2. Income generation (Head of Commercial and Economic Development) – maximising the value from the income streams we already have in place, exploring other options for income generation and launching any viable initiatives that will bring in sustainable income to the Council.
- **3.** Asset management (Head of Finance and Resources) making the best use of the building and land we already own or lease, exploring opportunities to add to our property portfolio to support delivery of organisational priorities and bring in income, as well as transferring assets to the community or selling assets that are no longer viable for us to keep.
- **4. Empowerment and self-sufficiency (Head of Housing and Communities)** empowering borough residents to do more for themselves through building financial and digital access and skills and supporting communities to deliver services where they could do this better or take on assets of community value that we can no longer properly support.
- 1. Incremental improvement (Head of Change and Scrutiny) making good use of performance and financial information and good business planning, including responding to recent recommendations from an Internal Audit review of performance management, to enable service managers to make small changes to enable continuous improvement in the services their teams provide.
- 2. Asset management (Asst Director of Environmental & Regulatory Services) making the best use of what we have in terms of buildings and land and management of our use of water, gas, electricity and petrol/diesel. It is important we know what assets we keep and what we want to sell or transfer to others, and that we actually dispose of those assets we no longer require. This is essential in terms of providing capital income and ensuring services are delivered to residents in the best way. This may mean that we transfer assets to others, including community groups, to enable them to deliver more services in the future. It may also mean that we look to make savings by sharing accommodation with other organisations.

- **3. Transformation** (Head of Business Improvement) larger changes to ensure key outcomes are delivered effectively and efficiently. Making good use of unit cost information and benchmarking to consider different ways of delivering services, for example using shared services to gain economies of scale and increase resilience, and using business improvement techniques to improve processes. This includes working with other organisations and residents to deliver shared goals as well as different teams within the Council working together better. We may also work with public service providers and local people to redesign services and pool budgets through Community Budgets. More internal and/or external support to make these improvements may be required.
- 4. External challenge (Head of Change & Scrutiny) using information and challenge from residents and critical friends to improve services. This includes complaints information, feedback from local people, peer reviews, nationally driven change like the welfare reform changes and Overview & Scrutiny reviews.

These workstreams and the whole Improvement Plan are underpinned by the following enablers:

- **Organisational culture** (Head of HR) *ensuring that staff and members can contribute to and understand their role in delivering organisational priorities.* Creating Embedding an organisational culture where staff are empowered to do their jobs through appropriate training and managerial support, where there is permission to experiment and time to learn, including looking at best practice in other organisations, and where all officers and members are engaged and are able to give their feedback and ideas. Improving collaboration between different parts of the organisation, ensuring that change is well managed and there is the capacity and capability to deliver the required outcomes. This will all contribute to our aim of achieving Investors in People (IiP) Gold by 2015.
- Good information and knowledge management (Head of Policy and Communications) – modernising our information governance and systems architecture to ensure we make more efficient, secure and smart use of information we gather about our customers. In addition, making use of other customer insight, like Mosaic Public Sector, to create and deliver messages that people hear and understand and which cause them to make positive changes in behaviour.
- Councillor assurance leadership and involvement of elected members in shaping, implementing and monitoring the progress and outcomes of policies and projects.
- Commissioning and procurement (Head of Finance and Resources)

   looking at all the options for delivering a service and picking the right one. Where we have to purchase goods or services, going through the right process to ensure legal compliance and value for money.

• **Effective use of technology (Head of ICT)** – utilising technology better to engage with customers, deliver better and more efficient services and save money.

Other important tools for improvement are:

- Procurement
- Use of technology

#### Priority services and projects for improvement

In order to ensure we can deliver our priority outcomes in the Strategic Plan and savings in the MTFS it is important to make changes in the following service areas. The list of service areas below is in order of priority for improvement, from highest priority to lowest. These improvements may be to deliver savings, improve the quality of a service or respond to an opportunity that may arise.

- Waste & Recycling implementing a new waste contract with other Kent authorities, working to achieve the target of 50% recycling by 2015 and launching making a profit from our commercial waste service
- 2.-ICT sharing our ICT service with local authority partners
- **3.**–**Hazlitt Arts Centre** implementing the chosen option for delivery to ensure value for money
- 2. Economic Development ensuring we have clear deliverable priorities for achieving growth through economic development and regeneration by working with partners to develop-adopting a Regeneration and Economic Development Plan and putting in place collaboratively ensure there are the resources and skills required to deliver this
- **3.** Housing ensuring we can respond to the increased need for homelessness services, preventing homelessness wherever possible, enabling the provision of more housing and ensuring that there is a supply of decent, affordable and accessible housing, including in the private rented sector *Reducing the number of* people and days spent in temporary accommodation and improving the amount and the diversity of housing supply, including in the private rented sector
- **4. Maidstone Culture and Leisure** using our cultural and leisure assets like the Museum and Mote Park better to bring in a sustainable income
- **5.** Customer Services redefining and achieving our customer service standards and moving to our 'digital first' customer service

model by moving more contacts to our website and away from face to face visits and the telephone

- **6. Revenues and Benefits** preparing and planning for the effects of national welfare reforms, analysing the impact of the localised Council Tax and business rate schemes, *maximising the collection of business rates* and exploring different ways of delivering the service for the future *e.g. joint Fraud initiative*
- 7. Planning sharing the Planning Support function with local authority partners exploring opportunities to make the Development Management Service more efficient and improve the value for money of specialist advice
- **8. Environmental Services** making the Street Cleansing and Grounds Maintenance services more efficient, including improving work practices and feedback to customers through use of technology
- **9. Bereavement Services** exploring options for delivery, introducing more efficient working practices and expanding the offer at the Crematorium
- **10. Finance** building an *efficient* service that supports the Council make informed strategic financial management decisions, manage and control budgets and commit and measure resources and investigating how this service could be delivered in the future
- **11. Building Control** re-designing the service, diversifying work to undertake more trading rather than statutory work and <del>looking to both public and private sector partners to investigate investigating options for delivery of the service, in particular the viability of a public sector partnership, and developing a model for delivery for the future</del>
- 12. Corporate Support investigating whether our Print services could be a viable commercial service and/or whether our Corporate Support services could be shared with local authority partners

As well as work in particular service areas there are a number of other important projects that need to be undertaken in each of the improvement workstreams:

- Customer services delivery becoming more customer-centred, engaging better with our residents and designing, adopting and delivering our new sustainable model of customer services delivery for the long term
- **Integrated Transport Strategy** adopting our Integrated Transport Strategy and delivering this to ensure the infrastructure is in place to

support the development proposed by the Core Strategy and to address some existing traffic congestion issues

- Cross organisational collaboration exploring and establishing new ways of commissioning and delivering services with other agencies and organisations to improve outcomes, increase efficiencies and reduce cost. To review and revise existing governance and funding arrangements including pooled budgets to maximise the use of resources in service delivery
- Future Use of the Town Hall looking at the future use of the Town Hall, including the former Tourist Information Centre facility at the front of the building, with a view to maximising the income potential from the building. Exploring potential uses including both commercial and community use to achieve the best rate of return and usage whilst not competing with local businesses
- Major assets review reviewing the Council's major assets as part of the Asset Management Plan to make savings and/or maximise income potential. and expanding our commercial property portfolio to support the delivery of the Council's 3 key priorities. This includes considering long term options for Council accommodation in the town centre, looking at the future use of the Town Hall, exploring options for the King Street, Medway Street and Brunswick Street car park sites, as well as improving and maximising income from the Park Wood industrial estate. King Street car park, Medway Street car park and Park Wood industrial estate are key assets. King Street car park will be demolished and a surface level car park constructed, whilst we seek opportunities for redevelopment of the site. Medway Street is a major revenue provider and any development will need to reflect this. The current market will not provide the returns necessary but this will continue to be reviewed. We will work with the tenants of Park Wood industrial estate to invest in and improve the estate, which generates considerable income for the Council, mostly through ground rents
- Right to bid and community asset transfer investigating which assets and services might be appropriate to be delivered by the community through the 'Right to Bid' and establishing an effective mechanism and approach for supporting the transfer of community assets where this is appropriate, demonstrating value for money and maximising their use
- Corporate peer review a peer challenge involves officers and members from other authorities acting as critical friends, making recommendations on where we could do things better. We are going to use this method to look at our corporate governance and take advice on any improvements we can make
- More proactive use of the performance management system (PMS)
   embedding the use of Covalent, our PMS software so that managers and

key officers in the organisation use it to effectively monitor performance, service delivery and risk

- Other Shared services and Mid Kent Improvement Partnership (MKIP) work Mid Kent Improvement Partnership (MKIP) shared services and operational model – working with partners, in particular our MKIP local authority partners, to establish closer working arrangements and partnerships in more services, as well looking at all the services we share and deciding on and delivering the best operational model for the future
- **Information and knowledge management** implementing the recommendations of our external Information Management review to ensure we make more efficient, secure and smart use of information we gather and store. This includes improving our information governance arrangements, agreeing relevant policies, improving our systems architecture and finding ways to turn information into knowledge
- Commercial property investment increasing our property portfolio by identifying and purchasing secondary property market options and converting the Chillington Street building for residential use
- **Digital inclusion** working with partners to identify the geographical areas and communities that are most likely to be digitally excluded and work with them to identify solutions. This could mean increasing or signposting publically accessible computers, running training courses or accessing cheap computer schemes
- Financial inclusion Working with partners to improve financial awareness and identify solutions to reduce the impact of financial exclusion. Financial inclusion is the ability of an individual, household or group to access appropriate financial services or products. There are a number of barriers to financial inclusion including debt problems, fuel poverty poor financial knowledge, no affordable credit and low income. Those most likely to be financially excluded include people over 60, young adults, single parents, people with disabilities and people on low and insecure incomes.

This is how the priority services and projects for improvement fit in with the 4 improvement workstreams:

| Efficiency and effectiveness   | Income<br>generation             | Asset management                 | <i>Empowerment<br/>and self-<br/>sufficiency</i> |
|--------------------------------|----------------------------------|----------------------------------|--|
| Planning                       | Maidstone Culture<br>and Leisure | Integrated Transport<br>Strategy | Right to bid and community asset                 |
| Economic                       |                                  |                                  | transfer   |
| Development                    | Waste and<br>Recycling           | Major assets review              | Digital Inclusion                                |
| Revenues and                   |                                  | Commercial property              |  |
| Benefits                       | Corporate Support                | investment                       | Financial inclusion                              |
| Housing                        | Bereavement                      |                                  |  |
|                                | Services                         |                                  |  |
| Finance                        |                                  |                                  |  |
| Building Control               |                                  |                                  |  |
| Environmental                  |                                  |                                  |  |
| Services                       |                                  |                                  |  |
|                                |                                  |                                  |  |
| Customer                       |                                  |                                  |  |
| Services                       |                                  |                                  |  |
|                                |                                  |                                  |  |
| MKIP shared                    |                                  |                                  |  |
| services and operational model |                                  |                                  |  |
|                                |                                  |                                  |  |
| Information and                |                                  |                                  |  |
| knowledge                      |                                  |                                  |  |
| management                     |                                  |                                  |  |

More detail on the work to be undertaken on the priority service areas in the Transformation and External challenge workstreams is shown in Appendix 1.

Appendix 2 shows when we plan to carry out this work over the next three years.

#### Governance and Monitoring

The Cabinet own the Council's improvement journey and the Chief Executive is ultimately accountable for delivery of the *Corporate* Improvement Plan. Political leadership is provided by the Leader and the Cabinet. A head of service is responsible for each of the workstreams and enablers that make up the improvement journey detailed above. The Leader, Chief Executive, *Director of Environment and Shared Services* and the appropriate heads of service make up a group that will monitor progress against plan to ensure that any as yet unknown opportunities that would provide greater benefit than the work already planned are not missed and that the services and projects for improvement are re-prioritised as necessary as a result.

This plan will be updated annually to the same corporate planning timetable as the Strategic Plan and MTFS. A progress report will be compiled and sent to Cabinet 6 months after the adoption of the Improvement Plan.

#### APPENDIX 1

# Future plans for priority service areas

| Service area                             | Longer term  | <del>2014-16-2015-17</del>  | <del>2013/14-2014/15</del>   |
|--|--|---|--|
| Waste & Recycling                        | <ul> <li>New open book waste<br/>contract</li> <li>Refresh strategy in 2015</li> <li>Work with SE7 groups of<br/>local authorities on<br/>maximising the value of<br/>waste as a resource</li> <li>Achieve recycling rate of<br/>60%</li> <li>Reduce total household<br/>waste arisings across the<br/>borough</li> <li>Work with Kent County<br/>Council to secure<br/>maximum value for<br/>recyclate</li> <li>Expand Commercial<br/>waste service across<br/>borough and across Kent</li> </ul> | <ul> <li>Review staff structures</li> <li>Focus on waste reduction and reuse initiatives to achieve recycling rate of 60%</li> </ul>  | <ul> <li>Implement new contract</li> <li>Maximise recycling - over 50% will be achieved</li> <li>More processes on line</li> <li>Implement the commercial waste contract</li> <li>Achieve 350 commercial waste customers</li> <li>Introduce food waste recycling into flats and Houses in Multiple Occupation</li> <li>Achieve a recycling rate of 50% through focused engagement in poor performing areas</li> <li>Adopt a new five year waste strategy</li> <li>Review team structure</li> </ul> |
| Customer Services<br><del>delivery</del> | Reduced cost of provision  | <ul> <li>Digital first customer service<br/>model embedded</li> <li>Reflect effect of welfare<br/>reforms</li> <li>Make best use of Gateway<br/>building</li> <li>Investigate possible models of<br/>customer service delivery<br/>across MKIP partners</li> <li>Review the resources from</li> </ul> | <ul> <li>Begin to implement improvements towards<br/>our new model of customer service delivery</li> <li>Agree customer charter, customer care<br/>policy and customer service standards as<br/>part of customer service improvements</li> <li>Implement online forms development or<br/>forms package following go live of website</li> <li>Select other voice activated call assistants if<br/>effective</li> <li>Improve Gateway offer to attract paying</li> </ul>                             |

| 48<br>ICT           | <ul> <li>Fully integrated ICT<br/>partnership</li> <li>Reduce data centres<br/>from 3 to 2</li> <li>Real time replication<br/>back up solution in place<br/>to off site data centres</li> <li>Review operational ICT<br/>shared service and<br/>consider new models for</li> </ul> | <ul> <li>the Contact Centre and<br/>Gateway to ensure that the<br/>website is effectively and<br/>permanently resourced</li> <li>Investigate possible income<br/>streams through offering<br/>greater range of partner<br/>customer service provision</li> <li>Move to a face to face<br/>appointment system</li> <li>Move to a face to seed<br/>appointment system</li> <li>At least 5 service based<br/>applications consolidated and<br/>moved into the MBC data<br/>centre.</li> <li>Consolidated telephony across<br/>all partners</li> <li>Master data management<br/>strategy in place</li> </ul> | <ul> <li>partners</li> <li>Work with Gateway partners, including Kent<br/>County Council, to understand all of our face<br/>to face needs for the future</li> <li>Increase the number of online self-serve<br/>forms available and the percentage of<br/>processes that are carried out using online<br/>forms</li> <li>Review the resources required to deal woth<br/>emails and identify an appropriate support<br/>system and/or processes</li> <li>Consider options for service delivery to suit<br/>the Council's digital first model of customer<br/>service delivery and deal with resilience and<br/>turn over issues better</li> <li>Explore the use of web chat</li> <li>Consider whether there is a continuing need<br/>for a Customer Relationship Management<br/>ICT system</li> <li>ICT Audit function to be streamlined across<br/>all partners</li> <li>Finance, Planning and Environmental Health<br/>systems to be consolidated</li> <li>Procure new shared helpdesk software</li> <li>Collaborative Mobile phone and Multi<br/>function device contracts awarded</li> <li>Complete Information audits across 3<br/>partners</li> <li>Agree and introduce Cloud Strategy</li> </ul> |
|---------------------|--|--|---|
| Hazlitt Arts Centre | Consider new models for<br>delivery  | Run more like a business   | <ul> <li>Agree and introduce Cloud Strategy</li> <li>Agree and introduce Desktop strategy</li> <li>Good systems architecture to ensure<br/>efficient and secure use of data</li> <li>According to preferred option, put in place</li> </ul>   |

|                         | <ul> <li>people want to go to</li> <li>Cut subsidy by 50%+</li> <li>Increased community<br/>participation and<br/>involvement</li> </ul>           | Link to Museum on education   | <ul> <li>performance monitoring arrangements</li> <li>If the tender process is not successful it will<br/>be necessary to increase revenue and<br/>reduce cost as set in the Operational Review</li> </ul>  |
|-------------------------|--|---|---|
|                         | <ul> <li>Explore other<br/>opportunities of sharing<br/>expert advice</li> </ul>   | <ul> <li>Any procurement and other<br/>efficiency actions as identified<br/>by the Planning Support<br/>shared service manager</li> <li>Explore options for delivery of</li> </ul>  | <ul> <li>Procure and implement Embed new ICT<br/>system</li> <li>Shared Planning Support Services (if agreed)<br/>- shared service manager to be appointed,<br/>structure and processes to be implemented</li> </ul>  |
| Planning                |  | minors and enfocement e.g.<br>through Right to Bid, sharing<br>with partners etc.   | <ul> <li>Embed new ways of working following staff<br/>restructure and introduction of the new<br/>Planning Support shared service</li> <li>Explore sharing or jointly procuring specialist<br/>advice with our MKIP partners</li> </ul>  |

# Agenda Item 13

#### Maidstone Borough Council

#### Strategic Leadership & Corporate Services Overview and Scrutiny Committee

#### Tuesday 7 January 2014

#### **Future Work Programme**

Report of: Orla Sweeney, Overview & Scrutiny Officer

#### 1. Introduction

- 1.1 To consider the Committee's future work programme.
- 1.2 To consider the information update given by the Chairman.

#### 2. Recommendation

- 2.1 That the Committee considers the draft future work programme, attached at **Appendix A**, to ensure that it is appropriate and covers all issues Members currently wish to consider within the Committee's remit. Any items on the draft future work programme, highlighted in bold, are provisional items for the Committee to approve.
- 2.2 That the Committee considers the sections of the List of forthcoming decisions relevant to the Committee at **Appendix B** and discuss whether these are items require further investigation or monitoring by the Committee.
- 2.3 That the Committee considers its continuous professional development needs and recommends possible training or development sessions it would like to undertake.

#### 3 Future Work Programme

- 3.1 Throughout the course of the municipal year the Committee is asked to put forward work programme suggestions. These suggestions are planned into its annual work programme. Members are asked to consider the work programme at each meeting to ensure that it remains appropriate and covers all issues Members currently wish to consider within the Committee's remit.
- 3.2 The Committee is reminded that the Constitution states under Overview and Scrutiny Procedure Rules number 9: Agenda items that 'Any Member of an Overview and Scrutiny Committee or Sub-Committee shall be entitled to give notice to the proper officer that he wishes an item relevant to the functions of the Committee or Sub-Committee to be included on the agenda for the next available meeting. On receipt of such a request the proper officer will ensure that it is included on the next available agenda.'

- 4.1 The List of Forthcoming Decisions (**Appendix B**) is a live document containing all key and non-key decisions.
- 4.2 Due to the nature of the List of Forthcoming Decisions, and to ensure the information provided to the Committee is up to date, a verbal update will be given at the meeting by the Chairman. The Committee can view the live document online at: <u>http://meetings.maidstone.gov.uk/mgListPlans.aspx?RPId=443&RD</u> =0

#### 5. Impact on Corporate Objectives

- 5.1 The Committee will consider reports that deliver against the following Council priority:
  - 'Corporate and Customer Excellence'.
- 5.2 The Strategic Plan sets the Council's key objectives for the medium term and has a range of objectives which support the delivery of the Council's priorities.

# LIST OF FORTHCOMING DECISIONS

Democratic Services Team <u>E: democraticservices@maidstone.gov.uk</u>

Publication Date: 3 December 2013

#### INTRODUCTION

This document sets out the decisions to be taken by the Executive and various Committees of Maidstone Borough Council on a rolling basis. This document will be published as updated with new decisions required to be made.

#### **KEY DECISIONS**

A key decision is an executive decision which is likely to:

- Result in the Maidstone Borough Council incurring expenditure or making savings which is equal to the value of £250,000 or more; or
- Have significant effect on communities living or working in an area comprising one or more wards in Maidstone.
- At Maidstone Borough Council, decisions which we regard as "Key Decisions" because they are likely to have a "significant" effect either in financial terms or on the community include:
  - (1) Decisions about expenditure or savings which equal or are more than £250,000.
  - (2) Budget reports.
  - (3) Policy framework reports.
  - (4) Adoption of new policies plans, strategies or changes to established policies, plans or strategies.
  - (5) Approval of portfolio plans.
  - (6) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether Borough-wide or in a particular locality.
  - (7) Changes in fees and charges.
  - (8) Proposals relating to changes in staff structure affecting more than one section.

Each entry identifies, for that "key decision" -

- the decision maker
- the date on which the decision is due to be taken
- the subject matter of the decision and a brief summary
- the reason it is a key decision
- to whom representations (about the decision) can be made

- whether the decision will be taken in public or private
- what reports/papers are, or will be, available for public inspection

#### **EXECUTIVE DECISIONS**

The Cabinet collectively makes its decisions at a meeting and individual portfolio holders make decisions independently. In addition, Officers can make key decisions and an entry for each of these will be included in this list.

#### DECISIONS WHICH THE CABINET INTENDS TO MAKE IN PRIVATE

The Cabinet hereby gives notice that it intends to meet in private after its public meeting to consider reports and/or appendices which contain exempt information under Part 1 of Schedule 12A to the Local Government Act 1972 (as amended). The private meeting of the Cabinet is open only to Members of the Cabinet, other Councillors and Council officers.

Reports and/or appendices to decisions which the Cabinet will take at its private meeting are indicated in the list below, with the reasons for the decision being made in private. Any person is able to make representations to the Cabinet if he/she believes the decision should instead be made in the public Cabinet meeting. If you want to make such representations, please email janetbarnes@maidstone.gov.uk. You will then be sent a response in reply to your representations. Both your representations and the Executive's response will be published on the Council's website at least 5 working days before the Cabinet meeting.

#### ACCESS TO CABINET REPORTS

Reports to be considered at the Cabinet's public meeting will be available on the Council's website (<u>www.maidstone.gov.uk</u>) a minimum of 5 working days before the meeting.

#### HOW CAN I CONTRIBUTE TO THE DECISION-MAKING PROCESS?

The Council actively encourages people to express their views on decisions it plans to make. This can be done by writing directly to the appropriate Officer or Cabinet Member (details of whom are shown in the list below).

Alternatively, the Cabinet are contactable via our website (<u>www.maidstone.gov.uk</u>) where you can submit a question to the Leader of the Council. There is also the opportunity to invite the Leader of the Council to speak at a function you may be organising.

#### WHO ARE THE CABINET?

**Councillor Christopher Garland** Leader of the Council <u>christophergarland@maidstone.gov.uk</u> Tel: 07903 113571

Councillor Stephen Paine Cabinet Member for Planning, Transport and Development <u>stephenpaine@maidstone.gov.uk</u> Tel: 07906 271325

**Councillor Malcolm Greer** Cabinet Member for Economic and Commercial Development (also Deputy Leader) <u>malcolmgreer@maidstone.gov.uk</u> Tel: 01634 862876
