**Land South of Sutton Road**

**Ref 15/509015**

**Correction to paragraph 7.22.** The proposal is proposed to be limited to 800 units and not 750 as suggested by this paragraph. This is in order to ensure the proposal accord with the draft allocation in terms of delivery of the appropriate number of units. It is considered that a reduction in the number of units is unnecessary and undesirable.

**Recommendation remains unchanged from the first Urgent Update report**
