<b>Date of External Board/Outside Body Meeting Attended</b>	Six monthly meetings July and January Annual Awards event.

#### **Purpose of the External Board/Outside Body:**

To provide Administrative and Financial support to running the Decriminalised Parking System outside London (and bus lanes), particularly the appeals system.

#### **Update:**

The meetings are largely about administration, and are mostly concerned with governance and finance which are essential to maintain this service, but do not particularly impact on Maidstone specifically. There are opportunities though to discuss best practice and to discuss issues that have caused concern in the sector, i.e. unusual or significant appeal decisions.
