| Date of External Board/Outside Body Meeting Attended | 03/06/19 |

Purpose of the External Board/Outside Body:

The Sea Cadet movement is a national youth charity providing young people from 10 – 18 with life skills of teamwork, self-respect and social responsibility – the core qualities of good citizenship.

Update:

At the Unit Management Team's meeting on 3rd June, the main discussions centred on the following;

Investigate the possibility of increasing the capacity of the HQ facility, as cadet numbers are increasing, especially now that the Sea Cadets have their own moorings on the River Medway adjacent to the unit.

The anti-social behaviour encountered by our Cadets, from those attending the Feeding Station nearby, has been reported to MBC.

Updating the banking authorisations, once a new treasurer is in post.
