

# NARRATIVE REPORT

for the year ending  
31st March 2020

## Key Facts about Maidstone

### POPULATION OF MAIDSTONE BOROUGH

<b>2019</b>	171,800
<b>2018</b>	170,000

### GROSS VALUE ADDED IN BOROUGH

<b>2018</b>	£4.1 billion
<b>2017</b>	£4.0 billion

### NUMBER OF ACTIVE BUSINESSES IN THE BOROUGH

<b>2018</b>	7,990
<b>2017</b>	7,935

### BUSINESS RATES GENERATED

<b>2019/20</b>	£60.3 million
<b>2018/19</b>	£59.9 million

### WEEKLY PAY FOR A FULL-TIME WORKER

<b>2019</b>	£579.20
<b>2018</b>	£589.50

### COUNCIL GROSS REVENUE

<b>2019/20</b>	£96.6 million
<b>2018/19</b>	£97.2 million

### COUNCIL REVENUE GENERATED LOCALLY

<b>2019/20</b>	92.7%
<b>2014/15</b>	82.3%

### COUNCIL SURPLUS/(DEFICIT) AGAINST BUDGET

<b>2019/20</b>	-1.2%
<b>2018/19</b>	+0.9%

### COUNCIL INVESTMENT IN LONG TERM ASSETS

<b>2019/20</b>	£158.9 million
<b>2018/19</b>	£119.1 million

### COUNCIL'S USABLE RESERVES

<b>2019/20</b>	£17.2 million
<b>2018/19</b>	£15.7 million

## About Maidstone

Maidstone is the largest borough council district in Kent, with an estimated 171,800 residents in mid-2019. Around 70% live in Maidstone, which is the County Town of Kent. In the surrounding rural area there are local service centres such as Staplehurst, Marden, Headcorn, Lenham and Harrietsham and many smaller villages.

Maidstone has the largest economy of any Kent borough, generating an estimated £4 billion Gross Value Added per annum. The borough has around 8,000 businesses covering a diverse range of sectors including life sciences, healthcare, ICT, construction and civil engineering, professional and business services, agriculture and horticulture, and education.

The M20 from London to the Kent coast runs through the borough, providing good transport links and the opportunity for further business growth.

The town of Maidstone is surrounded by a rural area that stretches from the Kent Downs Area of Outstanding Natural Beauty in the North to the Weald in the South. The borough has a rich historical heritage, with 2,000 listed buildings and 28 scheduled ancient monuments. The River Medway flows through the borough and the town centre and, together with its tributaries, is one of the borough's prime assets. All these natural and physical advantages help the borough attract around four million visitors each year.

## About the Council

The Council is accountable to local residents through its 55 councillors, who are elected by thirds for terms of four years, such that elections are held in three years out of every four. Borough elections were due to be held in May 2020 but have been postponed for a year owing to the Covid-19 pandemic.

Conservative	24
Liberal Democrat	20
Labour	4
Independent	4
Independent Maidstone	2
Vacancy	1

The Council operates a Committee system, with decisions being made by four main Committees: Policy and Resources; Communities, Housing and Environment; Economic Regeneration and Leisure; and Strategic Planning and Infrastructure. The Council elects a Leader each year, who is also Chairman of the Policy and Resources Committee. The current Leader of the Council is Martin Cox (Liberal Democrat).

The Council employed 540 people (503 full time equivalent) at 31 March 2020, based at the Council's administrative offices in Maidstone House, King Street, and at service locations including the Council's depot at Bircholt Road, Parkwood.

## COVID-19 PANDEMIC

The Council and the community it serves have been profoundly impacted by the Covid-19 pandemic. The Council has been at the forefront of the response to the pandemic, for example in supporting rough sleepers and the homeless, establishing a community hub to support vulnerable members of society, and distributing nearly £30 million of grants to small businesses.

The impact of the pandemic on the period covered by the Statement of Accounts was limited, with lockdown measures only taking effect on 24 March 2020, right at the end of the period. However, there will be a very significant financial impact in the new financial year, both from additional costs incurred by the Council in responding to the pandemic, and from a reduction in income across almost all the Council's revenue streams, including Council Tax, Business Rates, and fees and charges for the services that we provide.

At the time of publishing the draft Statement of Accounts, the government had provided the Council with £1.7 million of non-ringfenced grants to offset additional costs and loss of income, but this is expected only partly to address the likely financial shortfall. As set out in the Statement of Accounts, the Council holds £17 million of usable reserves, which provides the Council with a reasonable level of financial resilience. However, drawing on these reserves would leave the Council with relatively greater exposure to the risk of further pandemic outbreaks and/or other unforeseen events. Furthermore, the need to rebuild reserves would constrain the Council's capacity for service delivery and to support community recovery.

## Maidstone's Strategic Plan

The Council adopted a Strategic Plan in December 2018, setting out its aspirations through to 2045. The vision set out in the Plan is for Maidstone to be a vibrant, prosperous, urban and rural community at the heart of Kent, where everyone can realise their potential. Within the overall Strategic Plan, we have defined four strategic priorities: embracing growth and enabling infrastructure; making Maidstone safe, clean and green; providing homes and supporting communities; and making the borough a thriving place. Achievements in 2019/20 against these objectives and key performance indicators are set out in the following section.

We are currently considering how the Strategic Plan may need to be refreshed in the light of the Covid-19 pandemic.

## Key achievements

### EMBRACING GROWTH AND ENABLING INFRASTRUCTURE

- **Bus Station Improvements**

The council is leading a project to invest around £1m in improvement works to Maidstone Bus Station. The facility is situated underneath the Mall Shopping Centre in the town centre and has been earmarked for investment within the council's infrastructure delivery plan. This investment decision has been made because of the council's desire to support and promote sustainable transport. The council is working in partnership with the owner of the facility, Capital & Regional, the main bus operator, Arriva, and Kent County Council, all of whom are contributing financially too. The design proposals are now at an advanced stage, and construction is envisaged to start during 2020.

- **Kent Medical Campus Enabling Infrastructure**

The council has facilitated a package of highways improvements adjacent to the Kent Medical Campus that are being accelerated by a successful bid to the National Infrastructure Productivity Fund, with Kent County Council. Monies secured exceeded £9m, to include a £0.5m loan from the council. This will fund improvements to two nearby roundabouts and provide dualling of the road between them. Works on site will commence in 2020. The Kent Medical Campus is one of the largest employment sites in Maidstone, hence our desire to bring about early enabling infrastructure to support the growth in jobs.

- **Junction Improvements**

The council has worked closely with Kent County Council to secure Local Growth Fund (LGF) monies to part fund a programme of junction improvements to mitigate housing development in the current local plan. Whilst programmes such as this are complex to deliver, public consultation by Kent County Council commenced in early 2020 for the detailed design proposals and works on site are expected to commence in the coming months. The allocation of LGF monies demonstrates support for the proposals from the Local Enterprise Partnership.

### HOMES AND COMMUNITIES

- **New housing developments**

Work is under way on two new housing developments in Maidstone town centre, at Union Street and Brunswick Street. When complete in late 2020, the developments will provide 94 new homes, comprising a mix of affordable housing, housing for market rent and housing for sale.

- **Temporary accommodation**

Despite an increase in the number of households approaching the Council as homeless, the housing service was able to continue the decrease in the number of families having to go into temporary accommodation. In addition, the Council's strategy to acquire its own temporary accommodation stock led to fewer people being placed into nightly paid accommodation, thereby providing better quality accommodation for the client and reducing the cost to the Council.

- **Helping Rough Sleepers**

Like other towns, Maidstone has seen a significant increase in the rough sleeper population in recent years. The Council has expanded its outreach service, established a centre for emergency supported accommodation, and expanded hostel support. These interventions have had a major impact on the number of rough sleepers.

- **A20 improvements**

A wide range of street scene and landscaping improvements have been carried out along the A20 approach into Maidstone from Willington Street. These have included the planting of 20,000 bulbs, shaping of the wild areas, a new Welcome to Maidstone sign, deep cleaning, white-lining and painting of lamp columns. In addition, a number of focal points have been introduced. Two large tree stumps have been transformed into beautiful sculptures to illustrate Go Green Go Wild and the Borough's farming heritage. A dinosaur sculpture and metal bicycle silhouettes are due to be added. Feedback from residents and visitors has been extremely positive, with many appreciating the colour and vibrancy the work has created.

- **Go Green Go Wild**

The Go Green Go Wild initiative has continued to develop since its launch last year, with more community groups getting involved to promote and support biodiversity. We launched a community grant scheme which has led to a number of new local initiatives being started including tree planting. The project was also recognised by DEFRA this year for the pollinator project where a number of new wildflower meadows were created. Further wildflower meadows have been sown this year with the support of local groups. The Go Green Go Wild website has also been set up to help inspire local residents to get involved and find out about local groups.

- **Mote Park dam works**

The Council has started works to the sluice gates, boat house, spillway, dam and area around Mote Park lake. The lake was formed in the 1830s when the River Len was dammed. As a result of a reservoir safety inspection, which the park is required to undertake every ten years, essential work is now required. If the dam were to fail, the risk posed could see the water swell rapidly over 40 acres of land, which would see Turkey Mill, Mote Park and surrounding areas under water. With estimated depths of 12 feet this would endanger lives and damage homes and businesses. The works will improve the capacity to control the transfer of flow across the dam and ensure that the dam does not fail during extreme flood events.

## A THRIVING PLACE

- **Maidstone Innovation Centre**

Maidstone Borough Council has awarded Rydon the contract for the construction of the £9.5m Innovation Centre, which is part funded by the European Regional Development Fund. Located on the Kent Medical Campus, part of the North Kent Enterprise Zone, the Innovation Centre will bring together businesses and organisations involved in finding solutions to complex healthcare issues and scientific research and development. The four storey, 37,000ft<sup>2</sup> building – designed by Bond Bryan Architects – will provide high quality flexible office, hot desking and meeting space, conference facilities and business support for small and medium-sized enterprises working in the life science, healthcare and med-tech sectors. Work on site started in March 2020.

- **Maidstone East Station Improvement Project**

Planning permission for the refurbished and extended ticket office and new forecourt has been granted to Network Rail. The project is a partnership between Maidstone Borough Council, Kent County Council, Network Rail and Southeastern Railways. The former Victoria Pub has been demolished and ground works have commenced setting out the new forecourt which will include soft landscaping, wayfinding signage and a new public art installation inspired by the Council's coat of arms – an Iguanodon. In addition a further £641,000 of Local Growth Fund has been approved this year to encourage walking and cycling and improved disabled access.

- **Lockmeadow**

Lockmeadow is a leisure centre with an Odeon multiplex cinema, 18-lane bowling alley, a trampoline park, restaurants and a two-level David Lloyd swimming pool and gym complex. The Council already owned the freehold of the site, and in November 2019 acquired the long leasehold interest (105 years unexpired) for £19 million. The acquisition is intended to support the objective of making Maidstone a thriving place, with the Council working as an active landlord to make improvements to the appearance of the building and facilities to help make it a key destination for residents and visitors.

## KEY PERFORMANCE INDICATORS

Key Performance Indicators are set for each Council priority in consultation with the relevant Service Committee. Performance against targets is set out below. Please note that direction of travel indicates an improvement or decline in performance for KPIs with targets. For Data Only Pls it indicates an increase or decrease in volume.

### PRIORITY: A Thriving Place

Performance Indicator	Service	2019/20 Out-turn	2019/20 Target	Status	Compared to 2018/19
Percentage of all available tickets sold at the Hazlitt	Leisure & Tourism	66.27%	50%		
Number of visits per month to Visit-Maidstone.com	Economic Development	334,556	367,535		
Footfall in the Town Centre	Economic Development	10,994,050	11,836,415		
Number of students benefiting from the museum's educational service	Economic Development	8,884	8,378		
Footfall at the museum and Visitor Information Centre	Leisure & Tourism	98,314	65,000		
Number of attendees to informal events (at the museum)	Leisure & Tourism	3,532			
Number of people attending paid for exhibitions	Leisure & Tourism	972			
Contacts to the Visitor Information Centre	Leisure & Tourism	3,059	3,315		
Number of users at the leisure centre	Leisure & Tourism	758,290	805,257		
Percentage of vacant retail units in town centre	Economic Development	Data collection suspended owing to Covid-19	11%	N/A	N/A
Business Rates income from the Town Centre	Revenues & Benefits	£21,720,949			
Total value of business ratable properties (New 2019/20)	Revenues & Benefits	£147,123,115			N/A

### PRIORITY: Clean, Safe and Green

Performance Indicator	Service	Value	Target	Status	Last Year
Percentage of unauthorised encampments on Council owned land removed within 5 working days	Environmental Crime Team	100%	90%		
Percentage of fly tips resulting in enforcement action	Environmental Crime Team	87%	80%		
Percentage of fly-tips cleared or assessed within 2 working days	Environmental Crime Team	96.38%	94%		
Average weight of fly-tipped collected materials (kg)	Environmental Crime Team	92.80kg			
Percentage of household waste sent for reuse, recycling and composting	Waste & Recycling	49.12%	52%		
Percentage of household waste sent for reuse, recycling and composting	Depot Services	98.18%	98%		
The percentage of land and highways with acceptable levels of detritus	Depot Services	94.87%	95%		
Maintenance per hectare spent on Parks and Open Spaces	Parks & Open Spaces	£6,016			N/A
Number of Green Flag parks	Parks & Open Spaces	3	5		

Section 106 spending (against estimate)	Parks & Open Spaces	£495,335			
Percentage of people using amenity green space at least once a week	Parks & Open Spaces	Due 2020 Resident Survey			N/A

## PRIORITY:

## Homes & Communities

Performance Indicator	Service	Value	Target	Status	Last Year
Satisfaction with the local area as a place to live (Resident Survey)	Policy & Information	53.10%		N/A	(2017/18) 
Percentage spend and allocation of Disabled Facilities Grant Budget (YTD)	Housing & Health	130.40%	100%		
Number of households living in temporary accommodation last night of the month	Housing & Health	94			
Number of households living in nightly paid temporary accommodation last night of the month	Housing & Health	36			
Number of households housed through housing register	Housing & Health	576	600		
Number of households prevented or relieved from becoming homeless	Housing & Health	571	330		
Percentage of successful Relief Duty outcomes	Housing & Health	56.64%	60%		N/A
Percentage of successful Prevention Duty outcomes (New 2019/20)	Housing & Health	62.44%	60%		N/A
Number of completed housing assistances	Housing & Health	471			
Number of houses of multiple occupation brought to compliance by private rented sector licensing	Housing & Health	31			

## PRIORITY:

## Embracing Growth & Enabling Infrastructure

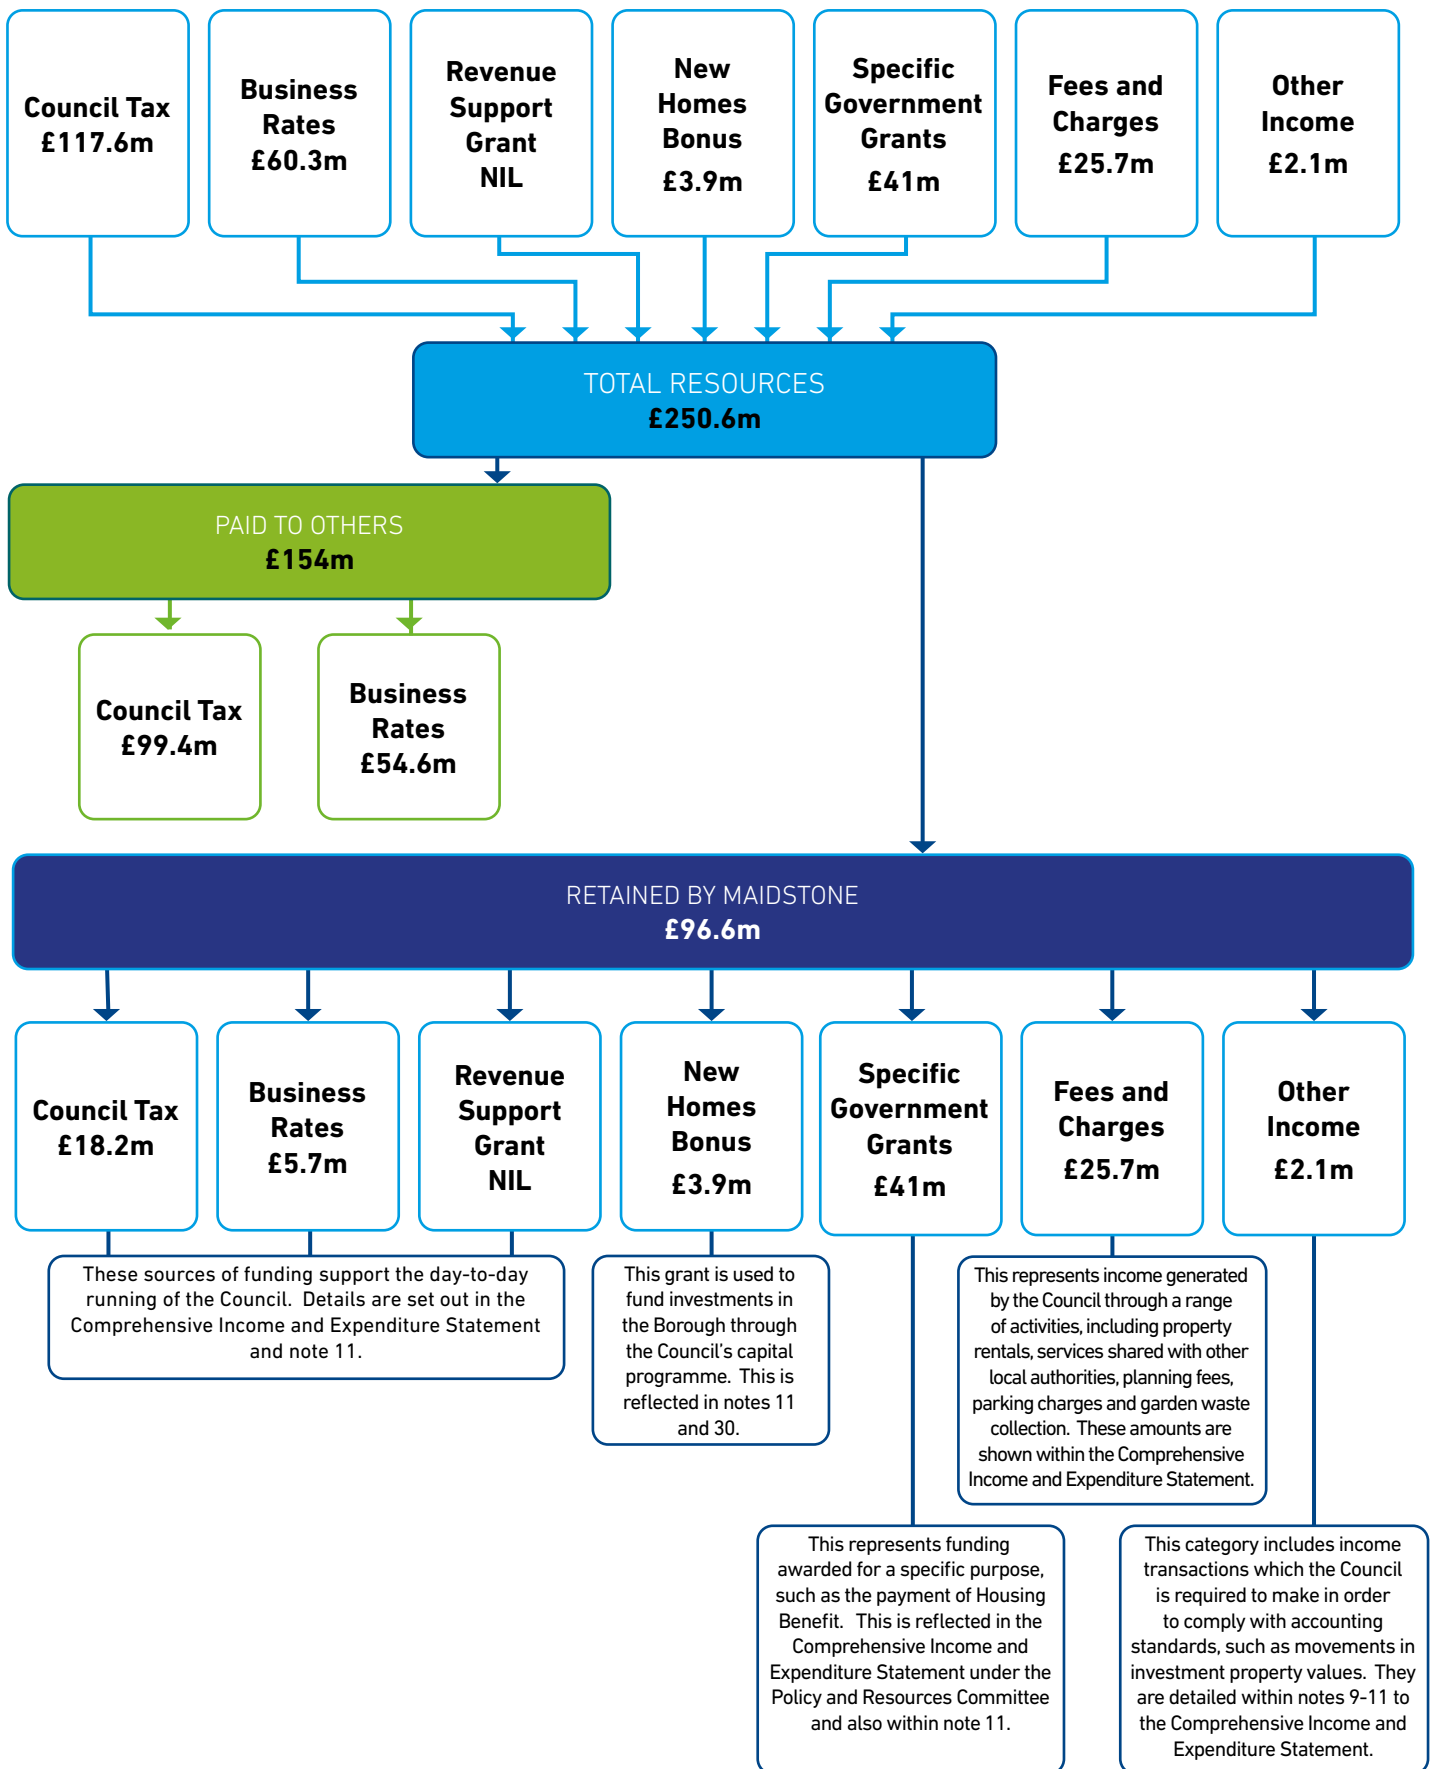

Performance Indicator	Service	Value	Target	Status	Last Year
Percentage of priority 1 enforcement cases dealt with in time (New PI 2019/20)	Development Management	100%	100%		N/A
Percentage of priority 2 enforcement cases dealt with in time (New PI 2019/20)	Development Management	95.10%	90%		N/A
Total number of complaints received within period (New PI 2019/20)	Development Management	566			N/A
Number of priority 1 enforcement cases dealt with in time	Development Management	15			N/A
Number of priority 2 enforcement cases dealt with in time	Development Management	524			N/A
Number of appeals in period	Development Management	93			
MBC success rate at planning appeals (rolling 6 months)	Development Management	66.67%	75%		
Number of affordable homes delivered (gross)	Economic Development	325	180		
Percentage of new homes provided that are affordable	Economic Development	AWAITING DATA FOR THIS KPI	20%	N/A	N/A
Net additional homes provided	Development Management	AWAITING DATA FOR THIS KPI	973	N/A	N/A

Data only indicator - reported for information but no target set \*Does not include data for February & March

# Financial Performance

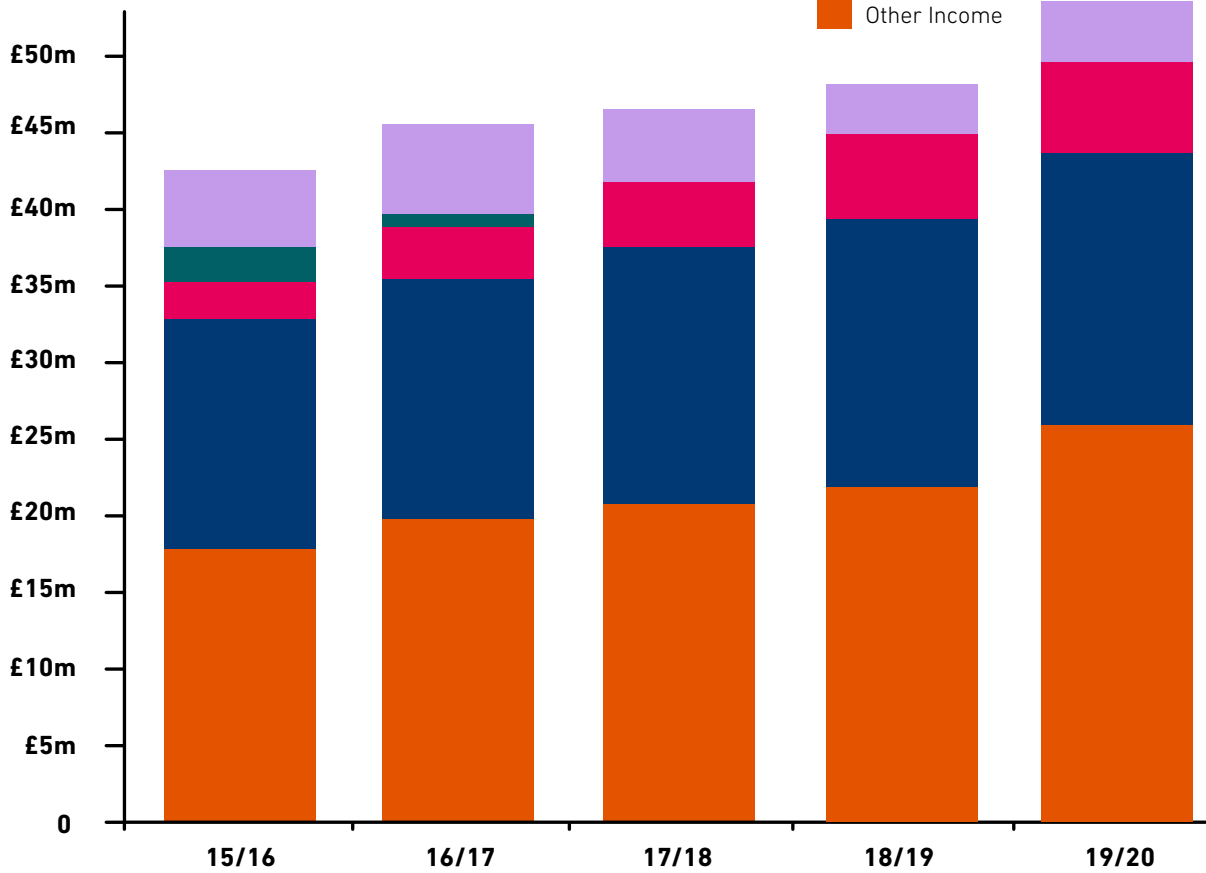

Maidstone Council's financial turnover, including Council Tax and Business Rates collected on behalf of other local authorities and government, amounted to £251 million in 2019/20 (£246 million in 2018/19). The table below shows the flows of income and expenditure.

# Income

The Council no longer receives Revenue Support Grant from central government. It depends on income generated locally in Maidstone, comprising Council Tax, our share of Business Rates, and Fees and Charges for the services that we provide.

- Non-ringfenced Government Grants
- Revenue Support Grant
- Business Rates
- Council Tax Income
- Other Income

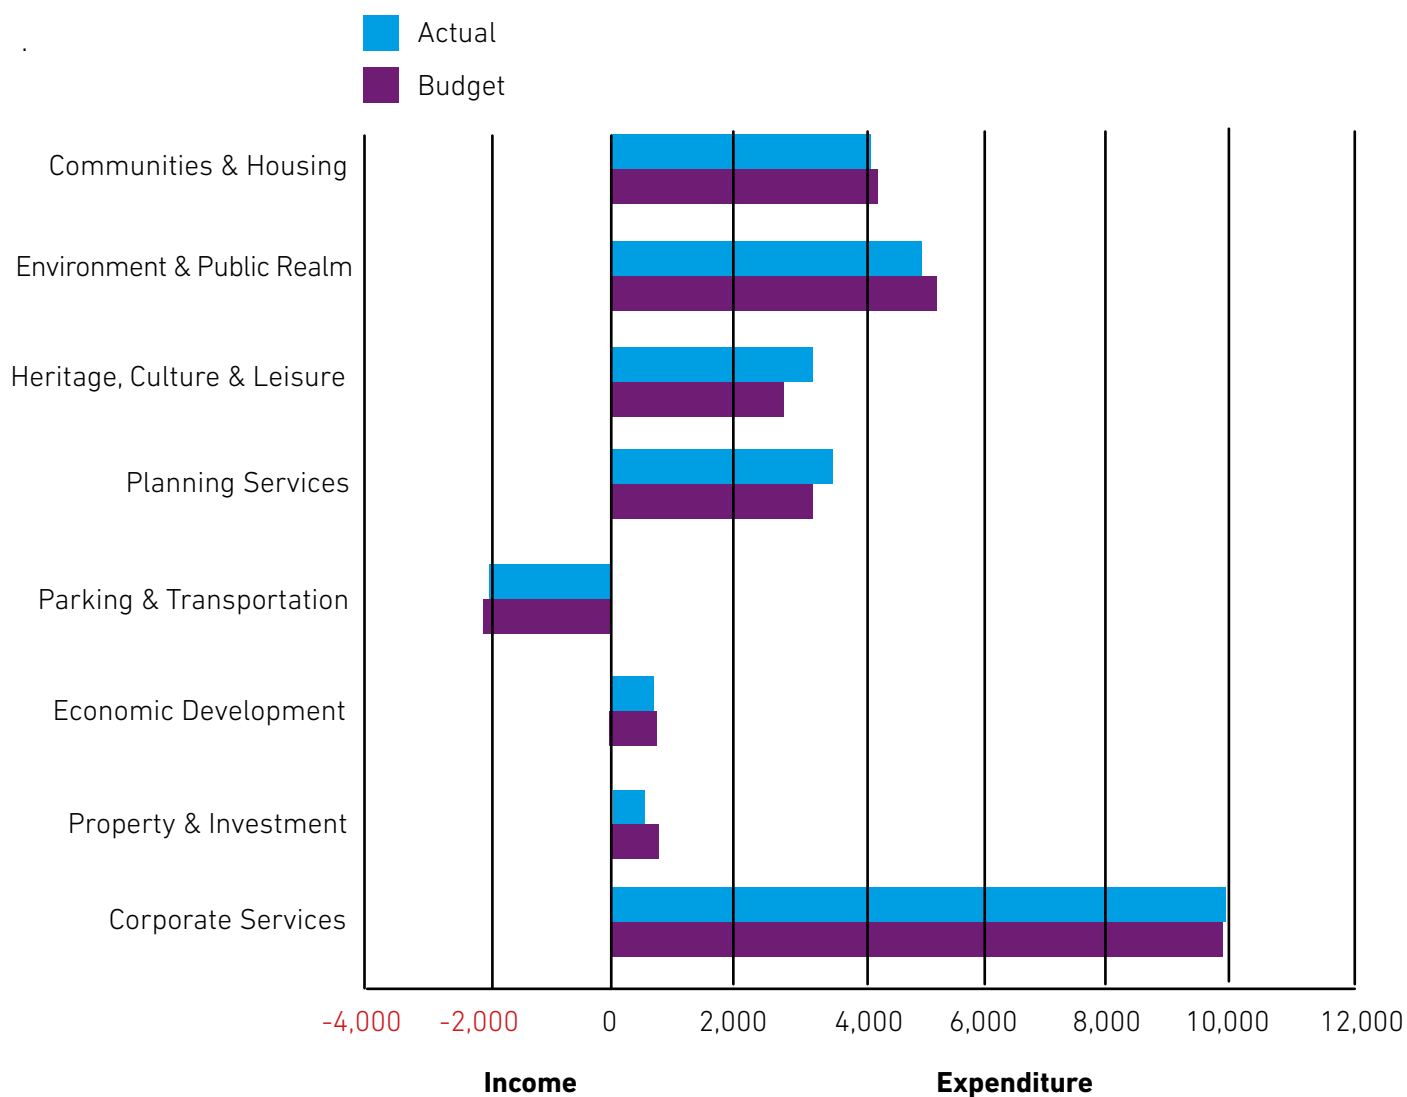

These sources of income are shown in note 11 to the Statement of Accounts, **Taxation & Non-Specific Grant Income**, and in the income totals for the relevant Committee in the **Comprehensive Income and Expenditure Statement**.

## Expenditure

The Council spends money to meet its statutory obligations - delivering services like refuse collection, and making transfer payments such as housing benefit – and to meet our strategic priorities.

Delivering expenditure in line with budget is an important performance indicator. This objective was achieved in 2019/20. The outturn for the year was an overspend compared with the budget of £237,000 (1.2%).

The Council's income and expenditure is shown in the **Comprehensive Income & Expenditure Statement** in the Statement of Accounts.

## Balance Sheet

The Balance Sheet shows the value of the Council's assets less its liabilities at the end of the year. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. The Council's net assets increased from £47.9 million to £62.0 million, mainly because of upward revaluations of the Council's property assets.

2018/19 £000		2019/20 £000
83,038	Property, Plant & Equipment	124,490
10,393	Heritage Assets	10,393
23,014	Investment Properties	23,270
2,647	Other Long Term Assets	715
32,935	Money owed to the Council	31,834
-29,150	Money owed by the Council	-50,946
-74,983	Long Term Liabilities	-77,709
<b>47,894</b>	<b>Net Assets</b>	<b>62,047</b>
15,659	Usable Reserves	17,193
32,235	Unusable Reserves	44,854
<b>47,894</b>	<b>Total Reserves</b>	<b>62,047</b>

**Property, Plant and Equipment** are assets held by the Council to deliver services or for administrative purposes. The increase reflects capital expenditure during the year. Further details of capital expenditure are shown overleaf.

**Money owed to the Council** includes amounts receivable from debtors and cash balances, being cash in hand, bank deposits and investments that are readily convertible to cash. The **Cash Flow Statement** provides an analysis of the movement in cash during the course of the year.

## Balance Sheet (continued)

**Money owed by the Council** includes amounts payable to creditors, provisions for business rates appeals and grants received in advance. The Council currently has no long term borrowing.

**Usable reserves** include money set aside for specific purposes and sufficient contingency to cover unforeseen events. In particular, the Council has decided that the New Homes Bonus that it receives will be set aside for capital investment to improve and enhance the borough. £3.9 million of New Homes Bonus has been used in this way during the year (18/19 - £4.6 million).

**Unusable Reserves** will only become available at some future date, for example if assets are sold. Unusable reserves rose, reflecting the revaluations and change in pension liabilities described above.

Changes in Reserves are shown in the Movement in Reserves Statement in the Statement of Accounts.

## Capital Expenditure

During the year, £34 million was spent on delivering the projects identified within the Council's capital programme.

These projects included:

- Expenditure on new housing developments at Union Street and Brunswick Street
- Purchase of properties for use as temporary accommodation for homeless people
- Acquisition of long leasehold interest in Lockmeadow Leisure Complex
- Public realm improvements in the Town Centre

The Council has an ambitious capital programme for the coming five years, totalling over £100 million. The largest element in the capital programme is the Council's housing and regeneration strategy. The programme will be funded both through New Homes Bonus receipts and other internal resources, and through external borrowing, in line with the regulatory requirement that such borrowing be affordable, prudent and sustainable.

	Actual	Five year plan					Total
	19/20	20/21	21/22	22/23	23/24	24/25	
	£000	£000	£000	£000	£000	£000	£000
Housing Development and Regeneration	5,840	12,022	14,023	12,516	10,680	10,680	59,921
Temporary Accommodation	3,083	2,190					2,190
Disabled Facilities Grants	793	800	800	800	800	800	4,000
Flood Action Plan	0	300	300	300			900
Mote Park Improvements	297	3,650	840				4,490
Town Centre Regeneration	688	40					40
Property Investments	20,281	6,500	3,500	2,500	2,500	2,500	17,500
Kent Medical Campus Innovation Centre	1,535	8,250	1,500				9,750
Infrastructure delivery	0	600	600	600	600	600	3,000
Corporate Property	699	1,430	175	175	175	175	2,130
Biodiversity and Climate Change		1,000					1,000
Mail Bus Station Redevelopment	53	750					750
Section 106 Contributions	0	57	63	480	59	69	728
Other	1,113	676	495	309	270	270	2,020
	34,382	38,265	22,296	17,680	15,084	15,094	108,419

## FUTURE PLANS

At the time of publishing the Statement of Accounts, the impact of the Covid-19 pandemic remains very unclear. Whilst the Council is absolutely committed to fulfilling its responsibilities for service delivery and to supporting the community's recovery from the pandemic, the way in which it will do this remains to be determined. The Council's Strategic Plan objectives are currently being reviewed to consider how they might need to be refreshed in light of the pandemic.

The Strategic Plan depends on the Council's five year Medium Term Financial Strategy, which sets out how our strategic priorities will be delivered, given the financial resources available to the Council. The Council's resources are very largely generated locally, with most of its income coming from Council Tax and other local sources, including parking, planning fees and property income. Given the high dependence on self-generated income, which risks being affected adversely by the Covid-19 pandemic, the Council is currently also reviewing the Medium Term Financial Strategy and will modify it as necessary.

The Council's capital programme is intended to support local public services and to help the Council achieve its strategic priorities for the borough. The Council plans to continue investing through the capital programme, to the extent that investments are sustainable in terms of our ability to fund interest payments and ultimately repayment of capital, and provided that resources are available whether through Public Works Loan Board borrowing or other sources of finance.

## RISK MANAGEMENT

The Council manages risk through a comprehensive risk management framework. This involves identification of risk at corporate and service levels, ownership of individual risks by named officers, development of controls to mitigate risks, and regular reporting. Quarterly reports are presented to the Corporate Leadership Team and bi-annual reports to Policy and Resources Committee. Members take an active interest in the risk management process and engage fully in discussion about individual risks.

The following table sets out what we have assessed as being the key corporate risks.

Ranking	Risk description	Risk rating	
		Inherent risk	After planned mitigations
1	Contraction in retail and leisure sectors	25	20
2=	Resurgence of current Covid-19 pandemic	20	16
2=	Environmental damage	16	16
4	Major emergency with national / international impact	15	15
5=	Financial restrictions	20	12
5=	Poor partner relationships	16	12
5=	IT security failure	12	12
8=	Housing pressures increasing	12	9
8=	Not fulfilling residential property responsibilities	12	9
8=	Short term impacts from end of Brexit transition period	12	9
8=	Building of incomplete communities	9	9
12=	Major project failure	12	8
12=	Governance failures	8	8
14=	Significant contract failure	12	6
14=	Loss of community engagement	12	6
14=	Not fulfilling commercial property responsibilities	8	6
17	Insufficient workforce capacity and skills	4	4

# STATEMENT OF ACCOUNTS 2019/20

## STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

### The Council's Responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In the Council, that officer is the Director of Finance & Business Improvement.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts.

### The Director of Finance & Business Improvement's Responsibilities

The Director of Finance & Business Improvement is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Director of Finance & Business Improvement has:

- Selected suitable accounting policies and applied them consistently.
- Made judgements and estimates that were reasonable and prudent.
- Complied with the Code.

The Director of Finance & Business Improvement has also:

- Kept proper accounting records which were up to date.
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

I certify that this Statement of Accounts gives a true and fair view of the financial position of the Council at the reporting date and of its expenditure and income for the year ended 31<sup>st</sup> March 2020.

**Signed:**

Mark Green, Director of Finance & Business Improvement

**Date: 21<sup>st</sup> July 2020**

## PRIMARY STATEMENTS

### COMPREHENSIVE INCOME & EXPENDITURE STATEMENT

For the years ending 31<sup>st</sup> March 2019 & 2020

2018/19 (Restated)				2019/20		
Gross Expenditure £000	Gross Income £000	Net Expenditure £000		Gross Expenditure £000	Gross Income £000	Net Expenditure £000

		(7,832)	(Surplus) or deficit on revaluation of property, plant & equipment assets			(7,633)
		(9,438)	Remeasurement of the Net Defined Benefit Liability			(2,068)
		<b>(17,271)</b>	<b>Other Comprehensive Income and Expenditure</b>			<b>(9,701)</b>
		<b>(18,824)</b>	<b>Total Comprehensive Income and Expenditure</b>			<b>(14,154)</b>

**Note – Change of Committee Structure**

The Council committee structure changed in 2019/20 to reflect the priorities set out in the newly adopted Strategic Plan. As part of the restructure, the Heritage, Culture and Leisure Committee was decommissioned, and the Economic Regeneration and Leisure Committee was created. A number of budget heads were also reallocated to the Communities, Housing & Environment Committee. The comparative figures for 2018/19 have therefore been restated to reflect this. The figures that appeared in the 2018/19 Statement of Accounts were as follows:

<b>Committee</b>	<b>Gross Expenditure £000</b>	<b>2018/19 Gross Income £000</b>	<b>Net Expenditure £000</b>
Policy & Resources	62,187	(52,890)	9,297
Communities, Housing & Environment	15,817	(4,786)	11,031
Heritage, Culture & Leisure	10,096	(4,353)	5,743
Strategic Planning, Sustainability & Transportation	6,874	(7,075)	(201)
<b>Cost Of Services</b>	<b>94,974</b>	<b>(69,104)</b>	<b>25,870</b>
Other Operating Expenditure (Note 9)	1,927	(698)	1,230
Financing and Investment Income and Expenditure (Note 10)	2,040	(1,871)	170
Taxation and Non-Specific Grant Income and Expenditure (Note 11)		1	(28,821)
<b>(Surplus) or Deficit on Provision of Services</b>			<b>(1,553)</b>

## MOVEMENT IN RESERVES STATEMENT

For the years ending 31<sup>st</sup> March 2019 & 2020

Current Year	General Fund Balance Unallocated £000	Earmarked GF Balances £000	Capital Receipts Reserve £000	Total Usable Reserves £000	Unusable Reserves £000	Total Reserves £000
<b>Balance at 1st April 2019</b>	9,228	5,828	598	15,657	32,237	47,894
<b>Movement in Reserves during 2019/20</b>						
Total Comprehensive Income and Expenditure	4,452	0	0	4,452	9,701	14,153
Adjustments between accounting basis & funding basis under regulation (Note 6)	(2,559)	0	(49)	(2,608)	2,608	0
Movements between Reserves	(2,302)	1,992	0	(310)	310	(0)
<b>Increase or Decrease in 2019/20</b>	<b>(409)</b>	<b>1,992</b>	<b>(49)</b>	<b>1,534</b>	<b>12,619</b>	<b>14,153</b>
<b>Balance at 31st March 2020</b>	<b>8,818</b>	<b>7,820</b>	<b>549</b>	<b>17,193</b>	<b>44,854</b>	<b>62,047</b>

Comparative Year	General Fund Balance £000	Earmarked GF Balances £000	Capital Receipts Reserve £000	Total Usable Reserves £000	Unusable Reserves (Restated) £000	Total Reserves £000
<b>Balance at 1st April 2018</b>	9,627	2,899	523	13,049	16,018	29,067
<b>Movement in Reserves during 2018/19</b>						
Total Comprehensive Income and Expenditure	1,558		0	1,558	17,269	18,827
Adjustments between accounting basis & funding basis under regulation (Note 6)	2,381	(1,404)	75	1,052	(1,052)	0
Movements between Reserves	(4,333)	4,333				0
<b>Increase or Decrease in 2018/19</b>	<b>(394)</b>	<b>2,929</b>	<b>75</b>	<b>2,610</b>	<b>16,217</b>	<b>18,827</b>
<b>Balance at 31st March 2019</b>	<b>9,228</b>	<b>5,828</b>	<b>598</b>	<b>15,657</b>	<b>32,237</b>	<b>47,894</b>

The statement shows the movement from the start of the year to the end on the different reserves held by the Council, analysed into usable reserves (i.e. those that can be applied to fund expenditure or reduce local taxation) and other unusable reserves. The statement shows how the movements in year of the authority's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable to council tax for the year. The net increase/decrease line shows the statutory general fund) balance movements in the year following those adjustments.

(444)	243	(201)	Strategic Planning & Infrastructure	(473)	1,769	1,296
<b>17,068</b>	<b>8,803</b>	<b>25,870</b>	<b>Net Cost Of Services</b>	<b>21,692</b>	<b>845</b>	<b>22,535</b>
(16,239)	(11,184)	(27,423)	Other Income & Expenditure	(28,700)	1,713	(26,987)
<b>829</b>	<b>(2,381)</b>	<b>(1,553)</b>	<b>(Surplus) or Deficit</b>	<b>(7,010)</b>	<b>2,558</b>	<b>(4,452)</b>
		12,526	Opening General Fund Balance			15,056
		(977)	Less/Plus Surplus or (Deficit) on General Fund Balance in Year			2,870
		<b>15,056</b>	<b>Closing General Fund Balance at 31st March</b>			<b>16,638</b>

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the council's service committees. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

## NOTE TO THE EXPENDITURE & FUNDING ANALYSIS

## Note – Change of Committee Structure

The Council committee structure changed in 2019/20 to reflect the priorities set out in the newly adopted Strategic Plan. As part of the restructure, the Heritage, Culture and Leisure Committee was decommissioned, and the Economic Regeneration and Leisure Committee was created. A number of budget heads were also reallocated to the Communities, Housing & Environment Committee. The comparative figures for 2018/19 have therefore been restated to reflect this. The figures that appeared in the 2018/19 Statement of Accounts were as follows:

### Expenditure and Funding Analysis

Committee	2018/19		Net Expenditure in the Comprehensive Income & Expenditure Statement £000
	Net Expenditure Chargeable to the General Fund £000	Adjustments between the Funding and Accounting Basis £000	
Policy & Resources	7,517	1,780	9,297
Communities, Housing & Environment	8,052	2,979	11,031
Heritage, Culture & Leisure	1,942	3,800	5,742
Strategic Planning, Sustainability & Transportation	(444)	243	(201)
<b>Net Cost Of Services</b>	<b>17,067</b>	<b>8,802</b>	<b>25,870</b>
Other Income & Expenditure	(16,239)	(11,184)	(27,423)
<b>(Surplus) or Deficit</b>	<b>828</b>	<b>(2,382)</b>	<b>(1,553)</b>

### Note to the Expenditure & Funding Analysis

Adjustments between Funding & Accounting Basis 2018/19				
Adjustments from General Fund to arrive at the Comprehensive Income & Expenditure Statement amounts	Adjustments for Capital Purposes (Note i) £000	Net Change for Pensions Adjustments (Note ii) £000	Other Differences (Note iii) £000	Total Adjustments £000
Policy & Resources	3,175	1,366	(2,761)	1,780
Communities, Housing & Environment	1,856		1,123	2,979
Heritage, Culture & Leisure	2,382		1,418	3,800
Strategic Planning, Sustainability & Transportation	(1,506)		1,749	243
<b>Net Cost of Services</b>	<b>5,907</b>	<b>1,366</b>	<b>1,529</b>	<b>8,802</b>
Other income and expenditure from the Expenditure & Funding Analysis	(5,908)	(1,366)	(3,910)	(11,184)
<b>Difference between General Fund surplus or deficit and Comprehensive Income &amp; Expenditure Statement Surplus or Deficit on the Provision of Services</b>	<b>0</b>	<b>0</b>	<b>(2,381)</b>	<b>(2,382)</b>

**Note i – Adjustments for Capital Purposes**

- This column adjusts Policy & Resources Committee for the statutory adjustments put through in respect of depreciation, amortisation of intangible assets, revenue funding from capital under statute, and other capital charges.

**Note ii – Net Charge for Pensions Adjustments**

- This column adjusts Policy & Resources Committee for the statutory adjustments put through in respect of IAS 19 Employee Benefits pension related income and expenditure.

**Note iii – Other Differences**

- This column adjusts the service committees for various recharges such as accommodation, telephones, staff recharges and IT recharges as when they are reported they only include direct costs.

**EXPENDITURE AND INCOME ANALYSED BY NATURE**

	<b>2018/19</b>	<b>2019/20</b>
	<b>£000</b>	<b>£000</b>
<b>Expenditure</b>		
Employee Benefit Expenses	22,062	24,354
Other Services Expenses	88,771	84,723
Depreciation, Amortisation, Impairment	7,119	4,294
Interest Payments	110	135
Precepts & Levies	1,811	1,936
Gain/(Loss) on the Disposal of Assets	<b>(1,446)</b>	<b>(3,253)</b>
<b>Total Expenditure</b>	<b>118,427</b>	<b>112,189</b>
<b>Income</b>		
Fees, Charges & Other Service Income	<b>(24,170)</b>	<b>(27,239)</b>
Interest & Investment Income	<b>(220)</b>	<b>(217)</b>
Income from Council Tax & NDR	<b>(45,552)</b>	<b>(43,821)</b>
Government Grants & Contributions	<b>(50,037)</b>	<b>(45,364)</b>
<b>Total Income</b>	<b>(119,980)</b>	<b>(116,641)</b>
<b>(Surplus) or Deficit on the Provision of Services</b>	<b>(1,553)</b>	<b>(4,452)</b>

The increase in employee benefit expenses arises in part from additional pension costs following the McCloud case and subsequent ruling relating to age discrimination within pension schemes. Further detail regarding this is provided within note 31.

## 2 - ACCOUNTING POLICIES

### General Principles

The Statement of Accounts summarises the Council's transactions for the 2019/20 financial year and its position at the year-end of 31st March 2020. The Council is required to prepare an annual Statement of Accounts by the Accounts & Audit Regulations (England) 2015 which require the accounts to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the UK 2019/20, supported by International Financial Reporting Standards (IFRS).

The following accounting concepts have been given precedence in the preparation of the accounts:

- Going concern
- Primacy of legislative requirements

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

### Revenue Recognition

In accordance with IFRS 15, revenue is accounted for at the point at which services are delivered to service recipients, not necessarily when cash payments are made or received. In particular:

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.
- Accruals are recognised where the value exceeds £10,000.

### **Income from Council Tax and Non-Domestic (Business) Rates:**

Revenue relating to council tax and business rates is measured at the full amount receivable (net of any impairment losses) as they are non-contractual, non-exchange transactions. Revenue is recognised when it is probable that the economic benefits of the transaction will flow to the Council and the amount of revenue can be measured reliably.

The council tax and business rate income included in the CIES is the accrued income for the year, which consists of:

- The Council's council tax precept and business rate share from the Collection Fund i.e. the amount billed for the year; and
- The Council's share of the actual council tax and business rate surplus or deficit on the Collection Fund at the end of the current year, adjusted for the Council's share of the surplus or deficit on the fund at the preceding year end that has not been distributed or recovered in the current year.

The latter is not required by regulation to be credited to the General Fund and so is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement on the General Fund balance.

The Council as billing authority recognises a creditor in its balance sheet for cash collected from taxpayers and businesses on behalf of major preceptors but not yet paid to them, or a debtor for cash paid to major preceptors.

### **Overheads & Support Services**

The costs of support services and overheads are charged to those that benefit from the supply or service in accordance with the absorption costing principle. The full cost of overheads and support services is shared between users in proportion to the benefits received.

### **Prior Period Adjustments, Changes in Accounting Policies and Estimates & Errors**

Prior period adjustments may arise as result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current or financial years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

## **Value Added Tax**

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue & Customs. VAT receivable is excluded from income.

Further accounting policies can be found throughout these accounts with the notes to which they relate.

## **ROUNDING**

It is not the Council's policy to adjust for immaterial cross-casting differences between the main statements and disclosure notes.

## **3 - CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES**

In applying the accounting policies, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However the Council has determined that this uncertainty is not yet sufficient to provide an indication of the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.
- A comprehensive review of all property leases was undertaken at the end of 2017/18 to determine whether they should be classified as an operating lease (which are off-Balance Sheet), or a finance lease (which is on-Balance Sheet). The result of this review was that the Council currently has no property leases which need to be classified as finance leases.
- A review of the contract for waste collection has determined that the contractual arrangements do not meet the requirements of IFRIC 4.
- It has been determined that an arrangement between the Council and the managing contractor of the Leisure Centre is classified as a service concession arrangement. Under the terms of the arrangement the Council makes regular payments over a 15 year period to cover the costs of major refurbishment works which have been undertaken by the contractor.
- A judgement has been made as to which of the council's assets fall under the category of Heritage Assets, and the appropriate basis for valuation and disclosure. The outcome of this judgement is reflected in the Heritage Assets note.
- A review of operational assets not revalued this year has been undertaken to determine whether or not there could have been a material movement in the asset values. Using guidance from the external valuer, it has been concluded that the assets are materially fairly stated.

- As a wholly owned subsidiary of the council, Maidstone Property Holdings Limited falls within the group boundary on the grounds of control and significant influence in line with the Code. However the Council's interests in aggregate are not sufficiently material to warrant producing consolidated financial statements when reviewing both quantitative and qualitative information. For this reason, group accounts are not deemed necessary within these statements.
- The Council has determined that it does not need to prepare group accounts to include Cobtree Manor Estate Trust, on the grounds that the Council neither controls, jointly controls, nor has significant influence over the Trust. Councillors who sit on the Cobtree Manor Estate Charity Committee act on behalf of the Trust in their decision making, rather than in the interests of Maidstone Borough Council. The objectives of the Trust derive from a separate trust, the Cobtree Charity Trust, and cannot be influenced by the Council's objectives. The Council does not control the Trust in its capacity as an investor, it is not exposed to variable returns from its involvement with the Trust, and the Trust does not provide any services which the council would otherwise be obliged to provide. The council provides services to the Trust in terms of the day to day administration of its affairs and grounds maintenance of Cobtree Manor Park. The Council recharges the cost of providing these services to Cobtree Manor Park, but does not seek to generate a surplus from the arrangement.
- In the latter part of the year 2019/20 the Covid-19 pandemic had a profound impact across service areas, businesses and the wider community testing the Council's business continuity planning arrangements. It will, in all likelihood, also have a significant adverse impact on the Council's finances and, in turn, reserve balances. This is discussed in more detail in the Narrative Report.

There will be numerous issues that will impact on local authorities as a result of the Covid-19 pandemic. Specific areas within the financial statements include:

- Valuation uncertainty in respect of property, plant and equipment, investment property and heritage assets.
- Pension Fund Assets and Liabilities – The scheme has been assessed by Barnett Waddingham, an independent firm of actuaries. Further information relating to the pension scheme can be found in Note 31.
- Collectability of debt – It is likely that Covid-19 containment measures will result in an adverse impact on the Council's ability to collect debt. The impairment allowances for doubtful debts have been reviewed and increased in light of this risk. Further information can be found in Note 22.

#### 4 - ASSUMPTIONS MADE ABOUT THE FUTURE & OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's financial statements at 31<sup>st</sup> March 2020 for which there is a significant risk of material adjustment in the forthcoming year are as follows:

<b>Balance</b>	<b>Source of Uncertainty</b>	<b>Effect if actual results differ from assumptions</b>
<b>Property valuations</b>	<p>Property valuations are based on market prices and are periodically reviewed to ensure that the Council does not materially misstate its non-current assets and investment properties.</p> <p>The Council's external valuers provided valuations for the Council's entire investment portfolio and a proportion of its operational portfolio. The remaining balance of operational properties was also reviewed to ensure values were reflective of current appropriate values.</p> <p>The outbreak of Covid-19 has impacted global financial markets and as at the valuation date, less weight can be attached to previous market evidence to inform opinions of value. There is an unprecedented set of circumstances on which to base a</p>	<p>A reduction in the estimated valuations would result in reductions to the Revaluation Reserve and / or a loss recorded as appropriate in the Comprehensive Income and Expenditure Statement (CIES). If the value of the Council's property portfolio were to reduce by 10%, this would result in a change of approximately £6.5m.</p> <p>An increase in estimated valuations would result in increases to the Revaluation Reserve and / or reversals of previous negative revaluations to the Comprehensive Income and Expenditure Statement and / or gains being recorded as appropriate in the Comprehensive Income and Expenditure Statement.</p>

<b>Balance</b>	<b>Source of Uncertainty</b>	<b>Effect if actual results differ from assumptions</b>
	<p>judgement.</p> <p>Valuations are therefore reported on the basis of 'material valuation uncertainty' as per the RICS Red Book Global. Consequently, less certainty and a higher degree of caution should be attached to the valuation. At the current time, it is not possible to accurately predict the longevity and severity of the impact of Covid-19 on the economy. Therefore, values have been based on the situation prior to Covid-19, on the assumption that values will be restored when the real estate market becomes more fluid.</p> <p>The estimated remaining useful life of all operational assets is reviewed annually based on the advice from the Council external valuers.</p>	
<b>Depreciation</b>	<p>Assets are depreciated over useful lives which are based on the level of repairs and maintenance that will be incurred in relation to individual assets. If current spending on repairs and maintenance were to be reduced, this could affect a change to useful lives assigned to the assets.</p>	<p>Depreciation charges for operational buildings will change in direct relation to changes in estimated fair value. Furthermore, if the useful life of assets is reduced the annual depreciation charge increases and the carrying amount of the asset falls. It is estimated that the annual depreciation charge for buildings would increase by £0.6m for every year that useful lives had to be reduced.</p>

<b>Balance</b>	<b>Source of Uncertainty</b>	<b>Effect if actual results differ from assumptions</b>
<b>Pensions Liability</b>	<p>Estimation of the net liability to pay pensions depends on several complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on Pension Fund investments. The Council has engaged Barnett Waddingham as its consulting actuary to provide expert advice about the assumptions to be applied. The ongoing impact of the Covid19 pandemic has created uncertainty surrounding illiquid asset values. As such, the Pension Fund property and infrastructure allocations as at 31 March 2020 are difficult to value according to preferred accounting policy.</p>	<p>A 0.1% increase in the discount rate will reduce the net pension liability by £3.4m;</p> <ul style="list-style-type: none"> <li>• A 0.1% increase in the assumed level of pension increases will increase the net pension liability by £3.2m;</li> <li>• An increase of one year in longevity will increase the net pension liability by £7.6m.</li> </ul>
<b>Arrears</b>	<p>At 31st March 2020 the Council had a balance of sundry debtors for £13.9m. A review of significant balances suggested that an impairment allowance for bad debts of £4.1m was appropriate. The allowance has been increased this year given the increased risk of non-payment arising from Covid 19 lockdown measures. Uncertainty remains as to whether or not such an allowance is sufficient.</p>	<p>If collection rates were to deteriorate, a 50% increase in the level of impairment required for doubtful debts would require an additional £2m to be set aside as an allowance.</p>

<b>Balance</b>	<b>Source of Uncertainty</b>	<b>Effect if actual results differ from assumptions</b>
<b>Non-Domestic Rates Appeals</b>	<p>The Collection Fund is liable for potential losses arising from appeals against the rateable value of business premises. A provision of £5.324m has therefore been created to recognise current and backdated appeals. The council's share of the provision of £2.130m is reflected on the balance sheet. This is deemed to be appropriate as it is based on a detailed analysis of information provided by the VOA.</p> <p>There is uncertainty regarding the value of potential losses against the 2017 valuation list. A provision of 2.1p per pound of rateable value is reflected in the above total.</p>	<p>If the yield losses from successful appeals were to increase by 10%, an additional provision of £0.532m would be required overall, and the council's share of the provision would increase by £0.213m.</p>
<b>Brexit</b>	<p>The UK stopped being a member of the European Union (EU) at 23:00 GMT on 31 January 2020. However, significant uncertainty remains concerning the UK's future relationship with the EU. Current assumptions underlying asset valuations and pensions liability assume no significant impact from Brexit.</p>	<p>Depending on the circumstances of Britain's departure from the EU, it is possible that asset values may fall and/or that assumptions underlying the assessment of pensions liabilities may alter.</p>

## **5 - ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT HAVE NOT YET BEEN ADOPTED**

International Accounting Standard 8 requires the Council to disclose the expected impact of new standards that have been issued, but not yet adopted.

Accounting Standards that have been issued, but not yet adopted include:

- Amendments to IAS 28 Investments in Associates and Joint Ventures: Long-term Interests in Associates and Joint Ventures
- Annual Improvements to IFRS Standards 2015–2017 Cycle
- Amendments to IAS 19 Employee Benefits: Plan Amendment, Curtailment or Settlement.

None of the above standards, when adopted, are expected to have a material impact on the Council's financial statements.

IFRS 16 Leases – Agreed to defer the implementation for one year. This will mean the effective date for implementation is now 1 April 2021. It is not currently possible to estimate the impact of these changes.

## **6 - ADJUSTMENTS BETWEEN ACCOUNTING BASIS & FUNDING BASIS UNDER REGULATIONS**

This note details the adjustments that are made to total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

### **General Fund Balance**

The General Fund is the statutory fund into which all the receipts of the Council are required to be paid and out of which all liabilities of the Council are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the year in which liabilities and payments should impact on the General Fund balance, which is not necessarily in accordance with proper accounting practice. The General Fund balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year.

### **Capital Receipts Reserve**

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year-end.

### **Capital Grants Unapplied**

The Capital Grants Unapplied Account (Reserve) holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which it can take place.

2019/20	Usable Reserves	
	General Fund balance £000	Capital Receipts Reserve £000
<b>Adjustments to the Revenue Resources</b>		
Amounts by which income and expenditure included in the Comprehensive Income & Expenditure Statement are different from the year calculated in accordance with statutory requirements:

## Accounting Policy – Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service
- Revaluation & impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off.
- Amortisation of intangible non-current assets attributable to the service

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisation.

## 7 – EARMARKED RESERVES

Within the General Fund balance of £16.838m at the end of the year the Council maintains a number of Earmarked Reserves for specific purposes as follows:

	31st March 2019 £000	Contributions to/from Balances £000	31st March 2020 £000
Local Plan Review	200	109	309
Neighbourhood Planning	64	11	75
Planning Appeals	300	(14)	286
Trading Accounts	31		32
Civil Parking Enforcement	419	(254)	164
Future Capital Expenditure	431		431
Future Funding Pressures	0	1,589	1,589
Homelessness Prevention & Temporary Accommodati	700	(19)	681
Business Rates Growth	3,682	205	3,887
Occupational Health & Safety	0	31	31
Lockmeadow Complex	0	335	335
<b>Total Earmarked Reserves</b>	<b>5,828</b>	<b>1,993</b>	<b>7,820</b>
Unallocated Balances	9,228	(409)	8,819
<b>Total General Fund Reserves</b>	<b>15,056</b>	<b>1,583</b>	<b>16,638</b>

### Description of Earmarked Reserves:

**Local Plan Review** – this is funding set aside to support the review of the Local Plan, due to be completed in 2022.

**Neighbourhood Planning** – this is funding from central government to support the production of local Neighbourhood Plans.

**Trading Accounts** – these are ring-fenced surpluses from trading areas within the Council that by statute can only be used within these areas.

**Planning Appeals** – This reserve was created as a contingency for potential costs of future planning appeals. This is in addition to the provision held for costs relating to known appeals.

**Civil Parking Enforcement** – These are ring-fenced surpluses from the on-street parking for re-investment within parking services

**Housing Prevention & Temporary Accommodation** – These are government grants will be used to fund homelessness prevention initiatives and a sinking fund for temporary accommodation repairs and maintenance.

**Future Capital Expenditure** – These are funds set-aside from balances for use on future capital projects.

**Future Funding Pressures** – This reserve holds funds set aside as contingency for future local government funding reforms.

**Business Rates Growth** – these are locally retained rates from the Business Rates Pool and Pilot that the Council has participated in during 2018/19, which will be used to support local initiatives.

**Occupational Health & Safety** – This reserve was created to hold funding set aside in case the need should arise to make a prosecution under occupational health and safety legislation. It replaces the annual budget previously held for this purpose.

**Lockmeadow Complex** – This reserve contains amounts set aside for smoothing of rental income from the Lockmeadow complex, based on projected annual fluctuations over the medium term

### **Accounting Policy - Reserves**

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income & Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

The Council has created a series of Earmarked Reserves to manage more effectively the resources set aside for specific activities.

Certain reserves are kept to manage the accounting process for non-current assets, retirement and employee benefits and do not represent usable resources for the Council – these reserves are explained in the relevant policies.

### **8 - MATERIAL ITEMS OF INCOME & EXPENSE**

There are no material items of income and expenditure that are not detailed in the notes below.

**9 - OTHER OPERATING EXPENDITURE**

These are corporate items of income and expenditure that cannot reasonably be allocated or apportioned to services.

	<b>2018/19</b>	<b>2019/20</b>
	<b>£000</b>	<b>£000</b>
Parish Council precepts	1,666	1,936
Levies	109	116
(Gains)/losses on the disposal of non-current assets	<b>(839)</b>	<b>(628)</b>
	<b>936</b>	<b>1,425</b>

**10 - FINANCING AND INVESTMENT INCOME & EXPENDITURE**

These are corporate items of income and expenditure arising from the Council's involvement in financial instruments and similar transactions involving interest and investment properties.

	<b>2018/19</b>	<b>2019/20</b>
	<b>£000</b>	<b>£000</b>
Interest payable and similar charges	105	134
Net Interest on the Net Defined Benefit Liability	1,935	1,673
Interest receivable and similar income	<b>(221)</b>	<b>(217)</b>
Income & Expenditure in relation to investment properties and changes in their fair value	<b>(1,649)</b>	<b>(2,256)</b>
	<b>169</b>	<b>(666)</b>

**11 - TAXATION & NON-SPECIFIC GRANT INCOMES**

This note consolidates all the grants and contributions receivable, including those that cannot be identified to particular service expenditure.

<b>Credited to Taxation &amp; Non Specific Grant Income</b>	<b>2018/19 £000</b>	<b>2019/20 £000</b>
Council tax income	17,354	18,180
Income from Retained Business Rates	26,971	21,918
Tariff Payable	(18,602)	(19,028)
Levy Payable	(120)	(110)
Non-ringfenced Government Grants	3,218	6,788
<b>Total</b>	<b>28,821</b>	<b>27,747</b>
<b>Credited to Services</b>		
Housing Benefit Subsidy	45,834	38,958
Non-Domestic Rates - Cost of Collection	206	205
Council Tax Administration	150	148
Other Grants	591	1,695
<b>Total</b>	<b>46,782</b>	<b>41,005</b>

In 2019/20 Income from Retained Business Rates has benefited from the Council's participation in the Kent Business Rates Pool, as explained in note 2 to the Collection Fund Statement.

#### **Accounting Policy – Government Grants & Contributions**

Whether paid on account, by instalments or in arrears, government grants, third party contributions and donations are recognised as due to the Council when there is a reasonable assurance that:

- The Council will comply with the conditions attached to the payments, and
- The grants and contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income & Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or condition are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried on the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation & Non-Specific Grant Income (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income & Expenditure Statement.

Where capital grants are credited to the Comprehensive Income & Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Reserve. Where it has

been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied Reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

## 12 - MEMBERS' ALLOWANCES

The amount of Members Allowances paid during 2019/20 totalled £359,506 (£355,578 in 2018/19).

The Council also produces a statement, in accordance with provision 1021 – 15(3) of the Local Authorities (Members Allowance) (England) Regulations 2003, giving details of allowances paid to Members for the year. This can be viewed on the Council's website:

[http://www.maidstone.gov.uk/home/primary-services/council-and-democracy/additional-areas/budgets-and-spending/tier-3/councillor-allowances#councillor\\_allowances](http://www.maidstone.gov.uk/home/primary-services/council-and-democracy/additional-areas/budgets-and-spending/tier-3/councillor-allowances#councillor_allowances)

## 13 – OFFICERS REMUNERATION

The remuneration paid to the Council's senior employees is as follows:

<b>2019/20</b>	<b>Salary (Including Fees)</b>	<b>Other Payments, Allowances &amp; Benefits in Kind</b>	<b>Total Remuneration excluding Pension Contributions</b>	<b>Pension Contributions</b>	<b>Total Remuneration including Pension Contributions</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>
Chief Executive	148	3	<b>150</b>	21	<b>171</b>
Director of Finance & Business Improvement	105	1	<b>106</b>	15	<b>121</b>
Director of Regeneration & Place	105	1	<b>106</b>	15	<b>121</b>
Director of Mid-Kent Services	94	1	<b>96</b>	13	<b>109</b>

<b>2018/19</b>	<b>Salary (Including Fees) £000</b>	<b>Other Payments, Allowances &amp; Benefits in Kind £000</b>	<b>Total Remuneration excluding Pension Contributions £000</b>	<b>Pension Contributions £000</b>	<b>Total Remuneration including Pension Contributions £000</b>
Chief Executive	127	9	136	19	<b>155</b>
Director of Finance & Business Improvement	102	1	103	14	<b>117</b>
Director of Regeneration & Place	102	2	104	14	<b>118</b>
Director of Mid-Kent Services	90	2	92	13	<b>105</b>

Senior Officers are defined as those who sit on the Corporate Leadership Team. There are no other officers who report directly to the Chief Executive and receive more than £50,000 remuneration for the year.

The Director of Mid-Kent Services is jointly funded with Swale and Tunbridge Wells Borough Councils, each making equal contributions. Therefore, Maidstone's share of the salary is one-third of the value above (£36,000).

The Monitoring Officer (Head of Mid Kent Legal Services) also sits on the Corporate Leadership Team but is paid by Swale Borough Council. Details of her remuneration are therefore within their accounts.

The Council's other employees receiving more than £50,000 remuneration for the year (excluding employer's pension contributions) were paid the following amounts:

<b>Remuneration Banding</b>	<b>2018/19 No. of Employees</b>	<b>2019/20 No. of Employees</b>
£50,000 - £54,999	5	8
£55,000 - £59,999	7	5
£60,000 - £64,999	4	5
£65,000 - £69,999	3	3
£70,000 - £74,999	1	2
£75,000 - £79,999	0	2
£80,000 - £84,999	3	2
£85,000 - £89,999	0	1
£90,000 - £94,999	0	0

### Exit Packages

The number of exit packages with total cost per band and the total cost of the compulsory and other redundancies are set out in the table below:

Exit Package Cost Band (including special payments)	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages by cost band		Total cost of exit packages in each band	
	2018/19	2019/20	2018/19	2019/20	2018/19	2019/20	2018/19	2019/20
							£000	£000
£0 - £20,000	0	4	0	2	0	6	0	36
£20,001 - £40,000	1	0	0	0	0	0	0	0
£40,001 - £80,000	0	1	2	0	2	1	121	24
£80,001 - £100,000	0	0	0	0	0	0	0	0
£100,001 - £150,000	0	0	0	0	0	0	0	0
<b>Total</b>	<b>1</b>	<b>5</b>	<b>2</b>	<b>2</b>	<b>2</b>	<b>7</b>	<b>121</b>	<b>60</b>

#### 14 - EXTERNAL AUDIT COSTS

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and to non-audit services provided by the Council's external auditors, Grant Thornton UK LLP.

	2018/19 £000	2019/20 £000
Fees payable with regard to external audit services carried out by the appointed auditor for the year	38	46
Rebate from Public Sector Audit Appointments Ltd.	0	(5)
Fees payable for the certification of grant claims and returns during the year	20	22
<b>Total</b>	<b>58</b>	<b>63</b>

#### 15 - CAPITAL GRANTS RECEIPTS IN ADVANCE

The Council has received a number of grants, contributions and donations that have yet to be recognised as income as they have conditions attached to them that will require the monies or property to be returned to the giver. The balances at the year-end are as follows:

	2018/19 £000	2019/20 £000
<b>Balance at start of year:</b>	4,080	4,723
Grants Received	2,010	5,439
Funding used for capital expenditure	(1,367)	(4,507)
<b>Balance at end of year:</b>	<b>4,723</b>	<b>5,656</b>

#### 16 - RELATED PARTIES

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

## **Central Government**

Central government has effective control over the general operations of the Council- it is responsible for providing the statutory framework within which the Council operates, and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in Note 1 – the Expenditure & Funding Analysis.

## **Members and Senior Officers**

Members of the Council have direct control over the Council's financial and operating policies. The total of Members' Allowances paid in 2019/20 is shown in Note 12.

All Members and Senior Officers were required to complete a declaration of interests that included details of any finance-related transactions with the Council. There were no declarations of significance.

The Director of Regeneration and Place and Head of Housing and Community Services are both Directors of Maidstone Property Holdings Ltd, which is a wholly owned subsidiary of the Council. The Balance Sheet as at 31st March 2020, reflects £169,094 (2018/19, £75,313) which is payable from Maidstone Property Holdings to Maidstone Borough Council, relating to income and expenditure for the 2019/20 financial year.

**17 - PROPERTY, PLANT & EQUIPMENT****Movements on Balances**

Additions for 2019/20 include the acquisition of a number of properties, the most significant of which are as follows:

- The Lockmeadow Entertainment Complex in Maidstone.
- A further 11 houses in Maidstone to provide temporary accommodation for homeless families.

As Land & Buildings form the most significant element of Property, Plant & Equipment a more detailed analysis of the assets is shown in the table below, sub-totalled by asset class.

Community Assets have all previously been revalued at £1 each, in accordance with the accounting policy set out below. The Code of Practice on Local Authority Accounting requires Community Assets to be recorded on the Balance Sheet at Historic Cost. Due to the age and nature of many of the Community Assets it is not possible to ascertain an accurate historical cost, but expenditure incurred is now added to the value of the asset. Any expenditure on Community Assets was previously written off as Revenue Expenditure charged to Capital under Statute.

The Code of Practice also requires that material classes of assets within Property, Plant & Equipment are now valued together and disclosed separately within the Statement, and this analysis is shown in the table on the previous page.

### Capital Commitments

As at 31<sup>st</sup> March 2020 the Council had the following capital commitments:

<b>Project</b>	<b>£000</b>
Union Street housing development *	1,913
Brunswick Street housing development *	2,917
Springfield Mill housing development	1,011
Kent Medical Campus - Innovation Centre *	5,401
Lockmeadow refurbishments	3,500

The figures for schemes marked with an asterisk are net of committed external funding that the Council will receive.

### Revaluations

The Council carries out a rolling programme that ensures that all Property, Plant & Equipment required to be measured at current value is revalued at least every 5 years. All valuations were carried out externally by Harrisons Chartered Surveyors. Valuations of land and buildings were carried out in accordance with the methodologies and bases for estimation set out in the professional standards of RICS. The latest revaluations were carried out as at 30<sup>th</sup> November 2019 in accordance with the requirements of the Code of Practice and are considered to be materially accurate at the Balance Sheet date.

The table also shows the historic cost values of the various asset classes, which were established at 1<sup>st</sup> April 2007 when the current capital accounting requirements came into force.

	Infrastructure Assets	Community Assets	Land & Buildings	Plant, Machinery & Equipment	Vehicles	IT & Office Equipment	Assets Under Construction	Total
	£000	£000	£000	£000	£000	£000	£000	£000
Carried at historical cost	5,073	3,701	419	16,956	1,751	4,460	16,417	48,777
Valued at current value as at:

31st March 2019			17,628					17,628
31st March 2020			65,986					65,986
<b>Total Cost or Valuation</b>	<b>5,073</b>	<b>3,701</b>	<b>94,915</b>	<b>16,956</b>	<b>1,751</b>	<b>4,460</b>	<b>16,417</b>	<b>143,273</b>

### Accounting Policy – Property, Plant & Equipment

Assets that have physical substance and are held for use in the provision of services or for administrative purposes on a continuing basis.

#### Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant & Equipment is capitalised on an accruals basis in the accounts, provided that the asset value is over £10,000 and yields benefits to the Council and the services it provides, for a period of more than one year. This excludes expenditure on routine repairs and maintenance of non-current assets which is charged directly to service revenue accounts.

#### Measurement

Assets are initially measured at cost, comprising:

- The purchase price
- Any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in manner intended by management.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Infrastructure, Community Assets and Assets Under Construction - Depreciated Historical Cost
- All other assets – current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of fair value.

Where non-property assets have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for fair value.

Assets included in the Balance Sheet at current value are re-valued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every 5 years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. (Exceptionally, gains might be credited to the Comprehensive Income & Expenditure Statement where they arise from the reversal of a loss previously charged to a service.)

Where decreases in value are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income & Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1<sup>st</sup> April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

### **Impairment**

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income & Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income & Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss has not been recognised.

## Depreciation

Depreciation is provided for on all Property, Plant & Equipment assets by the systematic allocation of depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

- Buildings – straight-line allocation over the useful life of the property as estimated by a suitably qualified officer. The useful lives range from 4 to 50 years.
- Vehicles, Plant, Furniture & Equipment – straight-line allocation over the useful life of the asset as estimated by a suitably qualified officer.
- Infrastructure - straight-line allocation over 20 years.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and depreciation that would have been charged based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

## 18 - INVESTMENT PROPERTIES

The following items of income and expense have been accounted for in the financing and investment income and expenditure line in the comprehensive income and expenditure statement:

	2018/19 £000	2019/20 £000
Rental income from investment property	(1,551)	(2,315)
Direct operating expenses arising from investment property	263	940
<b>Net gain/(loss)</b>	<b>(1,287)</b>	<b>(1,375)</b>

The following table summarises the movement in the fair value of investment properties over the year:

	<b>2018/19</b>	<b>2019/20</b>
	<b>£000</b>	<b>£000</b>
Balance at start of the year	19,976	23,014
Additions	2,439	14
Transfers	0	(854)
Net gains/losses from fair value adjustments	599	1,096
<b>Balance at end of year</b>	<b>23,014</b>	<b>23,270</b>

In estimating the fair value of the authority's investment properties, the highest and best use of the properties is their current use.

The fair value for the council's investment property portfolio has been based on the market approach using current market conditions and recent sales or lettings evidence and other relevant information for similar assets in Maidstone Borough, or other suitably comparable locations. Where appropriate, adjustments have been made to the comparable evidence to relate these directly to the subject properties. Market conditions are such that similar properties are actively sold or let and the level of observable inputs are significant, leading to the properties being categorised at Level 2 in the fair value hierarchy.

There has been no change in the valuation techniques used during the year for investment properties.

### **Accounting Policy – Investment Properties**

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the highest and best use value of the asset from the market participant's perspective. Investment properties are not depreciated and an annual valuation programme ensures that they are held at highest and best use value at the Balance Sheet date. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The

gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

### Accounting Policy – Fair Value Measurement

The Council measures some of its assets and liabilities at fair value at the end of the reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or
- b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The Council uses external valuers to provide a valuation of its assets and liabilities in line with the highest and best use definition within the accounting standard. The highest and best use of the asset or liability being valued is considered from the perspective of a market participant.

Inputs to the valuation techniques in respect of the Council's fair value measurement of its assets and liabilities are categorised within the fair value hierarchy as follows:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – unobservable inputs for the asset or liability.

### 19 – HERITAGE ASSETS: RECONCILIATION OF THE CARRYING VALUE HELD BY THE COUNCIL

Cost or Valuation	Museum Exhibits £000	War Memorials £000	Statues & Sculptures £000	Other Items £000	Total Assets £000

<b>31st March 2020</b>	<b>9,090</b>	<b>480</b>	<b>515</b>	<b>308</b>	<b>10,393</b>
1st April 2018	9,090	480	515	308	10,393
Additions					0
Disposals					0
<b>31st March 2019</b>	<b>9,090</b>	<b>480</b>	<b>515</b>	<b>308</b>	<b>10,393</b>

## **Museum Exhibits**

The exhibits are held in two main locations, the Maidstone Museum & Bentrif Art Gallery, and the Carriage Museum. Further information on the museums and their collections can be seen on their dedicated website:

<http://www.museum.maidstone.gov.uk/>

The total of £9.090m represents those items that have formally been valued as at 1<sup>st</sup> April 2011 for insurance purposes by a number of reputable auction houses. The value of the total collection is likely to be far higher, and is valued for insurance purposes at £17.0m (which includes items on loan to the Council, and those held in Trust at the Museum), but it is considered that it would not be cost-effective or of any significant benefit to formally value the entire collection. The value is reviewed on an annual basis for insurance purposes.

## **War Memorials**

The Council is responsible for two war memorials, one in the Broadway and the other in Brenchley Gardens. A local stone mason has provided a replacement value for the two memorials. Upkeep and maintenance of the memorials is the responsibility of the Council's Property Services section.

## **Statues and Sculptures**

There are a number of statues and sculptures throughout the borough that the Council are responsible for. These are in a number of locations, and have been valued at their purchase cost, where this is known, although none of them individually have a significant value.

## **Other Items**

This relates to two items, the civic regalia used by the Mayor, and the 'Elemental' art installation on the bridge across the River Medway. The civic regalia have been valued by a local jeweller for insurance purposes, and the art installation has been valued at purchase cost.

## **Listed Buildings and Other Heritage Assets**

The Old College complex, comprising the Gateway, the Master's Tower and the Quarterdeck has been classified as a heritage asset. However due to the age and nature of the buildings it is not possible to ascertain an accurate valuation.

In addition the Council owns a number of other assets. These have not been valued as it would not be cost-effective in terms of time and financial resources to do so. These include the balance of the museum exhibits referenced earlier in this note.

## **Accounting Policy – Heritage Assets**

### **Tangible Heritage Assets (described in this summary of significant accounting policies as heritage assets)**

The Council's Heritage Assets are held principally for their contribution to knowledge and/or culture. Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses and impairments) in accordance with the Council's accounting policies on property, plant and equipment. However, some of the measurement rules are relaxed in relation to Heritage Assets, and the valuation methods applied are as follows:

- Replacement Cost
- Purchase Cost
- Insurance Valuation

Where it is considered impractical (in terms of cost and/or benefit) to obtain a valuation there is no requirement to do so, but any assets that are treated in this way must be disclosed in the Heritage Assets note.

## 20 - FINANCIAL INSTRUMENTS

### Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

	Long-term		Short-Term	
	31st March 2019 £000	31st March 2020 £000	31st March 2019 £000	31st March 2020 £000
<b>Treasury Investments</b>				
Financial assets at amortised cost	2,000	0	13,014	11,025
<b>Debtors</b>				
Financial assets at amortised cost	83	62	11,897	10,630
<b>Loans</b>				
Financial liabilities at amortised cost	0	0	0	11,000
<b>Creditors</b>				
Financial liabilities at amortised cost	0	0	10,407	13,926
<b>Other Long Term Liabilities</b>				
Finance Lease Liabilities at amortised cost	2,527	2,020	520	517

On the face of the Balance Sheet Financial Assets at Amortised Cost where the business model for the Council is to collect contractual cash flows. £2m of Treasury Investments are in local authorities with £9.025m invested in AAA rated Money Market Funds. The Council has no long-term treasury funds invested at the year end. Debtors includes two service loans to third parties, Kent Savers £25k and One Maidstone £36k (Business Improvement District Levy). The Council has long-term creditors, and the fair value of trade and other receivables is taken to be the invoiced or billed amount.

The Council has taken out short term loans with other local authorities of £11m. £7m was required to fund the purchase of the Lockmeadow Leisure Complex which enables the Council to gain control of the area for possible future regeneration, the remaining £4m was for funding other areas of the Council's capital programme.

Other Long-Term Liabilities relates to the services concession arrange the Council Serco, the managing contractor of Maidstone Leisure Centre. Details of this arrangement are discussed within 28 – Private Finance Initiatives & Similar Contracts.

The current financial liabilities are all due to be settled within one year.

### Income & Expense

	Long-term		Short-Term	
	31st March 2019 £000	31st March 2020 £000	31st March 2019 £000	31st March 2020 £000
<b>Income:</b>				
Financial assets at amortised cost	19	0	201	208
Other Interest	0	0	0	9
<b>Total</b>	<b>19</b>	<b>0</b>	<b>201</b>	<b>217</b>
<b>Expenditure:</b>				
Financial liabilities at amortised cost	0	0	0	24
<b>Total</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>24</b>

### Adoption of IFRS 9

The adoption of IFRS 9 Financial Instruments by the Code of Practice on Local Authority Accounting came into effect for financial year 2018/19. The effects of reclassification of financial assets following the adaptation of IFRS 9 Financial Instruments by the Code of Practice on Local Authority Accounting are shown in the table below: IFRS 9 requires an authority to review its financial assets for impairment due to the risk of non settlement. As stated in the previous section, the Council has two service loans which are classified as solely payments of principal and interest and the business model is to collect contractual cash flows which is classified under the definition of the code paragraph 7.1.5 and are valued at amortised cost. These require assessment to determine the credit risk since initial recognition, however materiality comes into effect as per the Code. These loans being at very low values (£36k and £25k) are below the materiality threshold for the Council, therefore no impairment is required.

## **Accounting Policy – Financial Instruments**

### **Financial Liabilities:**

Financial Liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Interest is charged to the Financing and Investment Income & Expenditure line in the Comprehensive Income & Expenditure Statement.

### **Financial Assets:**

The Council regularly holds the following financial instruments at amortised cost:

- Deposits with financial institutions and local authorities
- Money Market Funds; and
- Service Loans.

The Council also maintains a continuously 'rolling' portfolio of Debtors (also held at amortised cost).

Financial assets measured at amortised cost are recognised on the Balance Sheet when the Council becomes party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the financial assets held by the Council, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

The Council considers the potential for credit losses on financial assets held at amortised cost either on a 12-month or lifetime basis (Simplified model - Debtors only). An exception is:

- Deposits with local authorities – credit losses are not recognised for deposits held with central Government or other local authorities due to statutory provisions (the Local Government Act 2003), which prevent default.

Impairment losses are calculated to reflect the expectation that the future cash flows might not take place because the borrower could default (triggering a credit loss) on their obligations.

With regard to Debtors, an Impairment Allowance for Bad Debts (IABD) is applied annually based on a set of assumptions on the collectability of external debts based on past experience and future expectations.

## Fair Value

Inputs to the measurement techniques in respect of the Council's fair value measurement of its assets and liabilities are categorised within the fair value hierarchy as follows:

- Level 1 – fair value is only derived from quoted prices in active markets for identical assets or liabilities
- Level 2 – fair value is calculated from inputs other than those quoted prices, that are observable for the asset or liability
- Level 3 – fair value is determined using unobservable inputs, e.g. non-market data such as cash flow forecasts or estimated creditworthiness

All valuations on Council's investments uses level 2.

The accounts are required to show the fair value of the financial assets held by the Council. Fair value is defined as the amount for which an asset could be exchanged assuming that the transaction was negotiated between parties knowledgeable about the market in which they are dealing and willing to buy/sell at an appropriate price, with no other motive in their negotiations other than to secure a fair price.

The fair value of investments is shown in the table below with the level in the fair value hierarchy.

	31st March 2019		Fair Value Level	31st March 2020	
	Book Value £000	Fair Value £000		Book Value £000	Fair Value £000
<b>Financial Assets</b>					
Long Term Investments	2,019	2,018	2	0	0
Short Term Investments (less than 1 yr)	13,050	13,050	2	11,056	11,056
<b>Financial Liabilities</b>					

## 21 - NATURE & EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

The Council could be exposed to risk in relation to exposure to interest rate movements in its investment and debt portfolios. This risk is managed through the Annual Treasury Management Strategy which draws together Council's prudential and treasury indicators and its expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set which provides maximum limits for fixed and variable interest rate exposure. Exposure is managed by use of Prudential Indicators, which set limits on the proportion of investments held at fixed and variable rates. These indicators are monitored on a daily basis. The main exposure to risk in this area is the use of investment Call Accounts and Money Market Funds which are linked to Base Rate. However, the risk is considered to be small as these accounts are generally only used for the short term investment of funds for cash flow purposes, and funds can be withdrawn on a daily basis.

The Council also provides written principles for overall risk management, as well as written policies covering specific areas such as interest rate risk, credit risk

and the investment of surplus cash. These are set out in the Council's Treasury Management Practices, which are a requirement of CIPFA's Treasury Management Code of Practice, which has been adopted by the Council. Treasury Management indicators have also been set to control key financial instruments risks in accordance with CIPFA's Prudential Code. The Treasury Management Practices can also be viewed on the Council's website.

### **Treasury Management Strategy 2019/20**

A summary of the main points of the strategy is as follows:

- to utilise cash balances rather than loan debt to finance the capital programme in the short term, due to low investment returns and high counterparty risk in the current economic climate;
- to further diversify its portfolio, as far as is operationally feasible, ensuring that a combination of secured and unsecured investments are considered. Greater use of Local Authority investments will be sought due to the high security of the borrower which enables investment over a longer period where funds are not required immediately.

### **Credit Risk**

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers. The Council manages credit risk by ensuring that investments are only placed with organisations of high credit quality as set out in the Treasury Management Strategy. These include commercial entities with a minimum long-term credit rating of A-, the UK government, other local authorities, and organisations without credit ratings upon which the Council has received independent investment advice.

There are no credit limits set on the Council's customers, as the amounts involved are not considered sufficiently material to warrant the setting of such limits.

As at 31<sup>st</sup> March 2020 investments were held with the following institutions:

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
AAA rated Institutions	0	5,025
AA+ rated Institutions	0	0
AA rated Institutions	0	0
AA- rated Institutions	0	3,000
A+ rated Institutions	0	1,000
A rated Institutions	14	0
A- rated Institutions	0	0
BBB+ rated Institutions	0	0
Unrated Local Authorities	15,000	2,000
UK Government	0	0
<b>Total</b>	<b>15,014</b>	<b>11,025</b>

### Liquidity Risk

Liquidity risk arises from the Council having insufficient resources to meet its on-going commitments. The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements happen, the Council has ready access to borrowings from the money market, other local authorities and the Public Works Loan Board. There is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. A borrowing provision of £4m exists for short term cash flow purposes. However, provision has also been made with the current Treasury Management Strategy to have an authorised debt limit of £24m to fund on-going schemes in the event of projected capital receipts not being realised.

### Refinancing and Maturity Risk

The Council maintains a significant debt and investment portfolio. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer-term risk to the Council relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer-term financial liabilities and longer term financial assets.

The approved treasury indicator limits for the maturity structure of debt and the limits placed on investments placed for greater than one year in duration are the key parameters used to address this risk. The Council approved treasury and investment strategies address the main risks and the central treasury team address the operational risks within the approved parameters. This includes:

- monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and
- monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Council's day to day cash flow needs, and the spread of

longer term investments to provide stability of maturities and returns in relation to the longer term cash flow needs.

### Market Risk – Interest Rate Risk

As the Council did not find itself needing to borrow funds during 2018/19, except in the short term for cash flow reasons, its only risk is in relation to exposure to interest rate movements in its investments. This exposure is managed by use of Prudential Indicators, which set limits on the proportion of investments held at fixed and variable rates. These indicators are monitored on a daily basis. The main exposure to risk in this area is the use of investment Call Accounts and Money Market Funds which are linked to Base Rate. However, the risk is considered to be small as these accounts are generally only used for the short-term investment of funds for cash flow purposes, and funds can be withdrawn on a daily basis.

The risk exposure is summarised in the table below.

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
Notice accounts/Money market funds	14	9,025
Fixed term deposits with other local authorities	15,000	2,000
<b>Total</b>	<b>15,014</b>	<b>11,025</b>

The Council has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together the Council's prudential and treasury indicators and its expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set to control the Authority's exposure to interest rate risk. An upper limit is set on the one-year revenue impact of a 1% rise or fall in interest rates.

The Council also makes use of interest rate forecasts and market data and advice provided by its Treasury Management advisors to ensure that investment income is maximised wherever possible.

### Foreign Exchange Risk

The Council has no financial assets or liabilities denominated in foreign currencies and thus has no exposure to loss arising from movements in exchange rates.

## 22 – DEBTORS

### Short Term Debtors

	2018/19 £000	2019/20 £000
Central government bodies	5,385	1,299
Other local authorities	3,303	6,903
Other entities and individuals	15,228	13,887
<b>Total</b>	<b>23,915</b>	<b>22,090</b>

### Allowance for Bad Debts

	2018/19 £000	2019/20 £000
Excess Charges Impairment Allowance	630	817
Sundry Bad Debts Impairment Allowance	3,628	4,134
<b>Total</b>	<b>4,258</b>	<b>4,952</b>

The figure on the balance sheet represents Debtors less Provision for Bad Debts, which totals £20.981m.

Other entities and individuals within Short Term Debtors are broken down as follows:

	2018/19 £000	2019/20 £000
Council Tax payers	1,050	1,204
Business Rate payers	1,603	1,470
Capital debtors	23	560
General debtors	10,933	8,937
Payments in Advance	678	575
Other miscellaneous amounts	941	1,141
<b>Total</b>	<b>15,229</b>	<b>13,887</b>

### 23 - CASH & CASH EQUIVALENTS

The balance of Cash & Cash Equivalents is made up of the following elements:

	2018/19 £000	2019/20 £000
Cash held by the Council	12	3
Bank current accounts	157	(341)
Short-term deposits	11,014	11,025
<b>Total</b>	<b>11,183</b>	<b>10,687</b>

### Accounting Policy – Cash & Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in 3 months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value. Currently, due to the requirement of funding for its liabilities, all Council investments are classified as cash and cash equivalents.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

## 24 – CREDITORS

### Short Term

	2018/19 £000	2019/20 £000
Central government bodies	657	4,960
Other local authorities	8,812	4,820
Other entities and individuals	12,878	19,598
<b>Total</b>	<b>22,347</b>	<b>29,377</b>

The movement in the balances for Central Government and other local authorities is a reflection of movements in the debtor and creditor balances relating to the collection fund.

The movement in other entities and individuals reflects an increase in Section 106 monies received from developers that will be passed onto other organisations, primarily Kent County Council and the NHS.

Other entities and individuals are broken down as follows:

	2018/19	2019/20
	£000	£000
General creditors	2,886	2,423
Capital creditors	1,583	1,379
Council tax payers	180	193
Business Rate payers	408	220
Receipts in advance	1,716	5,259
Deposits	5,937	9,839
Retentions	168	285
<b>Total</b>	<b>12,878</b>	<b>19,598</b>

## 25 - PROVISIONS

### Provision for Appeals

	2018/19	2019/20
	£000	£000
Business Rates Appeals - Current	1,179	774
Business Rates Appeals - Backdated	707	1,355
Planning Appeals	380	261
<b>Total</b>	<b>2,266</b>	<b>2,391</b>

The Council is required to account for the effect of Business Rates appeals which were previously borne by the national pool. The balance represents the Council's 40% share of the estimated current and backdated appeals.

A provision has also been established to allow for costs that could arise from potential planning appeals.

The provision is split between long-term and short-term liabilities on the Balance Sheet.

### Accounting Policy – Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation.

Provisions are measured at best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each year – where it becomes less probable that a transfer of economic benefits will

now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant area.

Where some or all of the payment required to settle a provision is expected to be recovered from another party, this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

## 26 - TRUST FUNDS

The Council is required to set out details of the nature and amount of trust funds where it acts as sole trustee, the only one of which is the Cobtree Manor Estate. The object of this trust is to hold Cobtree Manor and Cobtree Manor Estate for the benefit of the inhabitants of Maidstone and other members of the general public.

The assets and liabilities of the Trust as at 31<sup>st</sup> March 2020 are summarised in the following table. The figures for 2018/19 are the audited figures, which differ from those in the 2018/19 Statement of Accounts, as the audit took place after that was published.

	2018/19 £000	2019/20 £000
<b>Fixed Assets:</b>		
Tangible Assets	2,830	2,824
Investment Property	1,630	1,010
Investments	863	670
	<b>5,322</b>	<b>4,505</b>
Current Assets	149	247
Current Liabilities	74	73
Creditors: Amounts falling due after more than one year	232	232
<b>Total assets less current liabilities</b>	<b>5,165</b>	<b>4,448</b>
<b>Total Charitable Funds</b>	<b>5,165</b>	<b>4,448</b>

Gross expenditure in 2019/20 totalled £365,876 (£691,614 in 2018/19). Gross income in 2019/20 totalled £463,350 (£752,564 in 2018/19).

The accounts of the Trust are subject to a separate external audit.

## 27 - PRIVATE FINANCE INITIATIVES & SIMILAR CONTRACTS

The Council has no Private Finance Initiative Schemes, but the following scheme is a similar contract as it is defined as a service concession arrangement.

The Council entered into an agreement during 2009/10 with Serco, the managing contractor of Maidstone Leisure Centre, to undertake a major

refurbishment of the centre. Under the terms of the agreement Serco have initially funded the cost of the works through a loan, and the Council are then repaying this loan over a 15 year term, by equal monthly instalments. The principal element of this loan is reflected on the Balance Sheet and will be written down annually by the amount of principal repaid. Interest paid on the loan is charged to the Comprehensive Income & Expenditure Statement.

The annual principal repayments are credited to the Comprehensive Income & Expenditure Statement, and then reversed out of the Movement in Reserves Statement to the Capital Adjustment Account to reflect the fact that this is a repayment of debt, as this arrangement is classed as borrowing under the terms of the CIPFA Prudential Code for Capital.

### Payments

	2018/19 £000	2019/20 £000
Balance outstanding at start of year	3,578	3,057
Repayment of principal	(521)	(520)
<b>Balance outstanding at end of year</b>	<b>3,057</b>	<b>2,537</b>

These figures are shown on the face of the Balance Sheet as Deferred Liabilities, and are split between the Short Term and Long Term elements.

### Accounting Policy – Deferred Liability

Deferred Liabilities are recognised under the terms of IFRIC 12 (IFRS Interpretations Committee) and the arrangement is recognised as a service concession and accounted for accordingly. This generally involves the grantor (the Council) conveying to the operator (Serco) for the period of the concession the right to provide services that give the public access to major economic and social facilities, in this instance Maidstone Leisure Centre.

### Accounting Policy – Minimum Revenue Provision

The Minimum Revenue Provision (MRP) is a statutory charge relating to the repayment of debt. It represents the Council's underlying need to borrow for capital expenditure. There is a general duty upon the Council to make an amount of MRP which it considers 'prudent'.

The Council has no borrowing but has identified that it has contractual arrangements that are classified as finance leases under the requirements of IFRIC 4. The repayments under these leases therefore need to be treated as a borrowing arrangement. The MRP amount that is set aside is equivalent to the value of the annual principal repayments on the contracts.

## 28 – CAPITAL RECEIPTS RESERVE

This reserve contains the proceeds from the sale of non-current assets, which are used to fund capital expenditure, and forms part of the Usable Reserves section of the Movement in Reserves Statement. This section also includes Capital Grants Unapplied, Earmarked Reserves and the General Fund Balance.

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
<b>Balance at 1st April</b>	<b>523</b>	<b>597</b>
Capital Receipts Received	815	934
Capital Receipts Applied	(741)	(982)
<b>Balance at 31st March</b>	<b>597</b>	<b>549</b>

## 29 - UNUSABLE RESERVES

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
Revaluation Reserve	36,768	44,257
Capital Adjustment Account	68,058	74,470
Deferred Capital Receipts Reserve	5	8
Pensions Reserve	(71,481)	(73,677)
Collection Fund Adjustment Account	(935)	(26)
Accumulated Absences Account	(179)	(174)
<b>Total Unusable Reserves</b>	<b>32,235</b>	<b>44,858</b>

### a) Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant & Equipment. The balance is reduced when assets with accumulated gains are:

- Revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

The Reserve contains only the revaluation gains accumulated since 1<sup>st</sup> April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
<b>Balance at 1st April</b>	<b>29,120</b>	<b>36,768</b>
Upward revaluation of assets	7,832	7,634
Difference between fair value depreciation and historical cost depreciation	(184)	(144)
<b>Balance at 31st March</b>	<b>36,768</b>	<b>44,257</b>

### **b) Capital Adjustment Account**

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income & Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant & Equipment before 1<sup>st</sup> April 2007, the date that the Revaluation Reserve was created to hold such gains.

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
<b>Balance at 1st April</b>	<b>66,726</b>	<b>68,058</b>
Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income & Expenditure Statement:		
Charges for depreciation of non-current assets	(5,138)	(4,160)
Amortisation of intangible assets	(124)	(135)
Revaluation Gains/Losses on Property, Plant & Equipment	(115)	(304)
Revenue expenditure funded from capital under statute	(3,247)	(1,799)
Write-off of non-enhancing capital expenditure	(75)	(58)
	<b>(8,699)</b>	<b>(6,456)</b>
Adjusting amounts written out of the Revaluation Reserve	1,651	(117)
<b>Net written out amount of the cost of non-current assets consumed in the year</b>	<b>(7,048)</b>	<b>(6,573)</b>
Capital financing applied in the year:		
Sums set aside for Debt Repayment	521	520
Use of the Capital Receipts Reserve to finance new capital expenditure	741	2,012
Capital grants & contributions credited to the Comprehensive Income & Expenditure Statement that have been applied to capital financing	1,367	4,411
Capital expenditure charged against the General Fund balance	5,153	4,946
	<b>7,728</b>	<b>11,888</b>
Movements in the market value of Investment Properties debited or credited to the Comprehensive Income & Expenditure Statement	599	1,096
<b>Balance at 31st March</b>	<b>68,058</b>	<b>74,470</b>

### c) Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income & Expenditure Statement as benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources that the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

	<b>2018/19</b>	<b>2019/20</b>
	<b>£000</b>	<b>£000</b>
Opening balance at 1 April	77,618	71,481
Remeasurements of the net defined liability	(9,438)	(2,068)
Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	6,865	9,036
Employer's pensions contributions	(3,564)	(4,772)
<b>Closing balance at 31 March</b>	<b>71,481</b>	<b>73,677</b>

### d) Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers and business rates payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
<b>Balance at 1st April</b>	2,037	935
Amount by which council tax and non-domestic rates income credited to the Comprehensive Income & Expenditure Statement is different from council tax and non-domestic rates income calculated for the year in accordance with statutory requirements		
- Council Tax	205	346
- Non-domestic Rates	(1,307)	(1,256)
<b>Balance at 31st March</b>	<b>935</b>	<b>26</b>

### 30 - CAPITAL EXPENDITURE & CAPITAL FUNDING

The total amount of capital expenditure incurred in the year is shown in the table below, together with the resources that have been used to finance it.

	<b>2018/19 £000</b>	<b>2019/20 £000</b>
<b>Opening Capital Finance Requirement</b>	<b>3,227</b>	<b>12,114</b>
<b>Capital Investment</b>		
Property, Plant & Equipment	10,165	37,695
Non-enhancing capital expenditure	76	56
Investment Properties	2,443	10
Intangible Assets	217	222
Revenue Expenditure Funded from Capital Under Statute	3,247	1,799
	<b>16,148</b>	<b>39,782</b>
<b>Sources of Finance</b>		
Capital receipts	(741)	(2,012)
Government grants & other contributions	(1,367)	(4,721)
New Homes Bonus	(4,623)	(3,881)
Other Revenue Contributions	(530)	(755)
	<b>(7,262)</b>	<b>(11,368)</b>
Increase in Capital Financing Requirement	8,887	28,414
<b>Closing Capital Finance Requirement</b>	<b>12,114</b>	<b>40,527</b>

Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. In this instance the funding will come from internal borrowing using existing cash balances, in accordance with the agreed Treasury Management Strategy for 2019/20.

### **Accounting Policy – Revenue Expenditure Funded from Capital Under Statute**

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of non-current assets has been charged as expenditure to the relevant service revenue account in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer to the Capital Adjustment Account then reverses out the amounts charged in the Movement in Reserves Statement so there is no impact on the level of council tax.

## **31 - DEFINED BENEFIT PENSION SCHEMES**

### **Participation in Pension Schemes**

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments that need to be disclosed at the time the employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme (LGPS), administered locally by Kent County Council – this is a funded defined benefit Career Average Revalued Earnings (CARE) pension scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.

Due to the adoption of the 2011 amendments to the International Accounting Standard (IAS) 19 Employee Benefits, there are now classes of components of defined benefit cost to be included in the financial statements, i.e. net interest on the net defined benefit liability and re-measurements of the net defined benefit liability.

### **Transactions Relating to Post-employment Benefits**

We recognise the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income & Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

	2018/19 £000	2019/20 £000
<b>Comprehensive Income &amp; Expenditure Statement (CI&amp;ES)</b>		
Cost of Services:		
Service cost comprising:		
- Current service cost	4,913	6,233
- Past service costs including curtailments	17	1,130
Financing and Investment Income & Expenditure:		
- Net interest expense	1,935	1,673
<b>Total Post Employment Benefit Charged to the Surplus or Deficit on the Provision of Services</b>	<b>6,865</b>	<b>9,036</b>
Other Post Employment Benefit Charged to the CI&ES		
Remeasurement of the net defined benefit liability comprising:		
- Return on plan assets (excluding the amount included in net interest expense)	5,508	(11,199)
- Actuarial gains and losses arising on changes in financial assumptions	(6,661)	16,436
- Actuarial gains and losses arising on changes in demographic assumptions	10,591	2,631
- Experience gains and losses on defined benefit obligation	0	(4,952)
- Other actuarial gains and losses	0	(848)
<b>Total Post Employment Benefit Charged to the CI&amp;ES</b>	<b>16,303</b>	<b>11,104</b>
Movement in Reserves Statement:		
- Reversal of net charges made to the Surplus or Deficit for the Provision of Services for post employment benefits in accordance with the Code	6,865	9,036
Actual amount charged against the General Fund Balance for pensions in the year:		
- Employers' contributions payable to the scheme	(3,564)	(4,772)
	<b>3,301</b>	<b>4,264</b>

### Curtailments

No employees were permitted to take unreduced early retirement that they would not otherwise have been entitled to over the past year. (2018/19, two former employees became entitled as a cost of £17,000).

### Settlements

There were no liabilities settled at a cost materially different to the accounting reserve as a result of members transferring to / from another employer over the year (2018/19 £nil).

### McCloud Case

An allowance has been made for the recent Court of Appeal judgement in relation to the McCloud case which related to age discrimination within pension schemes. On 27 June 2019 the Supreme Court denied the Government's request for an appeal, and on 15 July 2019 the Government released a statement to confirm that it expects to have to amend all public service schemes, including the LGPS. The estimated impact on the total liabilities at 31 March 2020 has been allowed for as a past service cost and has resulted in an increase in the service cost and defined benefit obligation as at 31 March 2020.

### Pension Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the Council's obligation in respect of its defined benefit plans is as follows:

	2018/19 £000	2019/20 £000
Present value of funded obligation	183,242	175,391
Fair value of plan assets	(113,698)	(103,305)
<b>Contributions by scheme participants</b>	<b>69,544</b>	<b>72,086</b>
Present value of unfunded obligation	1,937	1,591
<b>Net liability arising from defined benefit obligation</b>	<b>71,481</b>	<b>73,677</b>

### Reconciliation of the Movements in the Fair Value of Scheme (Plan) Assets

	2018/19 £000	2019/20 £000
Opening fair value of Scheme assets	106,524	113,698
Interest on assets	2,703	2,716
Return on assets less interest	5,561	(11,133)
Administration expenses	(53)	(66)
Contributions by employer including unfunded	3,547	3,642
Contributions paid by scheme participants	885	939
Estimated benefits paid plus unfunded net of transfers in	(5,469)	(5,643)
Other actuarial gains/(losses)	0	(848)
<b>Closing fair value of Scheme assets</b>	<b>113,698</b>	<b>103,305</b>

### Reconciliation of Present Value of Scheme Liabilities (Defined Benefit Obligation)

	2018/19 £000	2019/20 £000
Opening balance at 1 April	184,142	185,179
Current Service cost	4,896	5,103
Interest cost	4,638	4,389
Change in financial assumptions	6,661	(16,436)
Changes in demographic assumptions	(10,591)	(2,631)
Experience loss/(gain) on defined benefit obligation	0	4,952
Past service costs, including curtailments	17	1,130
Estimated benefits paid net of transfers in	(5,314)	(5,491)
Contributions by Scheme participants	885	939
Unfunded pension payments	(155)	(152)
<b>Closing balance at 31 March</b>	<b>185,179</b>	<b>176,982</b>

The estimated impact of the recent McCloud judgement has been included as a past service cost. The estimated impact of the total liabilities as at 31<sup>st</sup> March 2020 is £1.130m (or 0.7% as a percentage of total liabilities).

### Local Government Pension Scheme Assets

	31st March 2019		31st March 2020	
	£000	%	£000	%
Equities	77,963	68%	63,552	61%
Gilts	748	1%	803	1%
Other Bonds	10,353	9%	13,465	13%
Property	13,656	12%	14,056	14%
Cash	1,984	2%	2,704	3%
Absolute return fund	8,994	8%	8,725	8%
<b>Total</b>	<b>113,698</b>	<b>100%</b>	<b>103,305</b>	<b>100%</b>

### Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent upon assumptions about mortality rates, salary levels, etc.

The scheme has been assessed by Barnett Waddingham, an independent firm of actuaries. Estimates for the Kent County Council Pension Fund are based on the full valuation of the scheme as at 31<sup>st</sup> March 2019.

The principal assumptions used by the actuary have been:

	2018/19	2019/20
<b>Long-term expected rate of return of assets in the scheme</b>		
<b>Mortality Assumptions</b>		
Longevity at 65 for current pensioners		
- Men	22.0	21.8
- Women	24.0	23.7
Longevity at 65 for future pensioners		
- Men	23.7	23.2
- Women	25.8	25.2
<b>Financial Assumptions</b>		
RPI increases	3.40%	2.75%
CPI increases	2.40%	1.95%
Salary increases	3.90%	3.85%
Pension increases	2.40%	2.35%
Discount Rate	2.40%	2.55%

The long term assumption made by the actuary is that salaries will increase at 1% p.a. above CPI.

### Sensitivity Analysis

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have

been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases similarly for men and women. In practice, this is unlikely to occur. Changes in some of the assumptions may also be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumption used in preparing the sensitivity analysis below did not change from those used in the previous period.

<b>Sensitivity Analysis</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>
Adjustment to discount rate	+0.1%	0.0%	-0.1%
- Present Value of Total Obligation	173,540	176,892	180,496
- Projected Service Cost	4,686	4,818	4,954
Adjustment to long-term salary increase	+0.1%	0.0%	-0.1%
- Present Value of Total Obligation	177,356	176,982	176,612
- Projected Service Cost	4,820	4,818	4,816
Adjustment to pension increases and deferred revaluation	+0.1%	0.0%	-0.1%
- Present Value of Total Obligation	180,133	176,982	173,893
- Projected Service Cost	4,952	4,818	4,687
Adjustment to life expectancy assumptions	+1 Year	None	-1 Year
- Present Value of Total Obligation	184,567	176,982	169,736
- Projected Service Cost	4,965	4,818	4,675

## Scheme History

	<b>2015/16</b>	<b>2016/17</b>	<b>2017/18</b>	<b>2018/19</b>	<b>2019/20</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>
Present value of defined benefit obligation in the Local Government Pension Scheme	(149,896)	(183,756)	(182,032)	(183,242)	(175,391)
Fair value of assets in the Local Government Pension Scheme	87,447	104,482	106,524	113,698	103,305
Present value of unfunded obligation	(2,192)	(2,260)	(2,110)	(1,937)	(1,591)
<b>Surplus/(Deficit) in the scheme</b>	<b>(64,641)</b>	<b>(81,534)</b>	<b>(77,618)</b>	<b>(71,481)</b>	<b>(73,677)</b>

The liabilities show the underlying commitments that the Council has in the long run to pay post-employment (retirement) benefits. The total liability of £73.677m has a substantial impact on the net worth of the Council as recorded in the Balance Sheet. However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy. The deficit on

the local government scheme will be made good by increased contributions over the remaining working life of employees (i.e. before payments fall due), as assessed by the scheme actuary. The total contributions expected to be made to the Local Government Pension Scheme by the Council in the year to 31st March 2021 are £3.555m

## **Accounting Policy – Employee Benefits**

### **Benefits Payable During Employment**

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include benefits such as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements (or any type of leave e.g. time off in lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to the Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

### **Post-Employment Benefits**

Employees of the Council are members of the Local Government Pensions Scheme, administered by Kent County Council (KCC). The Scheme is accounted for as a defined benefits scheme:

- The liabilities of the KCC pension scheme attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc. and projected earnings for current employees.
- Liabilities are discounted to their value at current prices, using a discount rate specified by the actuaries (based on the indicative rate of return on high quality corporate bonds.)
- The assets of the KCC pension fund attributable to the Council are included in the Balance Sheet at their fair value:
  - Quoted securities – current bid price
  - Unquoted securities – professional estimate
  - Unitised securities – current bid price
  - Property – market value
- The change in net pensions liability is analysed into the following components:

- Service cost which comprises:
  - Current service cost – the increase in liabilities as a result of years of service earned in the current year – allocated in the Comprehensive Income & Expenditure Statement to the services for which the employees worked.
  - Past service cost – the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income & Expenditure Statement.
  - Net interest on the net defined benefit liability, i.e. net interest expense for the Council – the change during the period in the net defined benefit liability that arises from the passage of time charged to the Financing & Investment Income & Expenditure line of the Comprehensive Income & Expenditure Statement.
- Re-measurements comprising:
  - actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions. This charged to the Pensions Reserve as Other Comprehensive Income & Expenditure.
  - the return on plan assets – excluding amounts included in net interest on the net defined benefit liability. This charged to the Pensions Reserve as Other Comprehensive Income & Expenditure.
- Contributions paid to the Kent County Council pension fund – cash paid as employer’s contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are transfers to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and any amounts payable to the fund but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Contributions to the pension scheme are determined by the Fund’s actuary on a triennial basis. The most recent actuarial valuation to determine contributions was on 31 March 2019.

### **Discretionary Benefits**

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to

arise as a result of an award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

## 32 – LEASES

### Finance Leases – Council as Lessee

The Council currently has a number of arrangements which it classifies as finance leases, including vehicles and the operation of the leisure centre.

The future minimum payments due under these arrangements in future years are:

	<b>31st March 2019 £000</b>	<b>31st March 2020 £000</b>
Not more than 1 year	642	559
Later than 1 year and not later than 5 years	2,527	2,030
Later than 5 years	0	0
	<b>3,169</b>	<b>2,589</b>

### Accounting Policy - Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

## 34 – EVENTS AFTER THE REPORTING PERIOD

The Statement of Accounts was authorised for issue by the Director of Finance & Business Improvement on 18<sup>th</sup> June 2020. Events taking place after this date are not reflected in the financial statement or notes. Where events taking place before this date provided information about conditions existing at 31<sup>st</sup> March 2020 the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

### Covid-19 Pandemic

The impact of the pandemic on the period covered by the Statement of Accounts was limited, with lockdown measures only taking effect on 24 March 2020, right at the end of the period. However, there will be a very significant financial

impact in the new financial year, both from additional costs incurred by the Council in

responding to the pandemic, and from a reduction in income across almost all the Council's revenue streams, including Council Tax, Business Rates, and fees and charges for the services that we provide.

### Accounting Policy – Events after the Balance Sheet Date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events.
- Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

### 35 – CASH FLOW STATEMENT - ADJUSTMENTS MADE TO NET SURPLUS OR DEFICIT ON THE PROVISION OF SERVICES FOR NON-CASH MOVEMENTS

	2018/19 £000	2019/20 £000
Depreciation	(5,138)	(4,160)
Revaluation Gains & Losses	1,351	(565)
Amortisation of Intangible Assets	(124)	(135)
Movement in Creditors	(6,837)	(2,908)
Movement in Debtors	4,579	861
Movement in Inventories	(13)	69
Movement in Pension Liabilities	(3,301)	(4,264)
Other Non-Cash items	872	1,038
	<b>(8,610)</b>	<b>(10,064)</b>

**36 – CASH FLOW STATEMENT - ADJUSTMENTS FOR ITEMS INCLUDED IN THE NET SURPLUS OR DEFICIT ON THE PROVISION OF SERVICES THAT ARE INVESTING & FINANCING ACTIVITIES**

	2018/19 £000	2019/20 £000
Capital Grants credited to surplus or deficit on the provision of services	1,367	5,440
Proceeds from sale of Property, Plant & Equipment	812	932
	<b>2,180</b>	<b>6,372</b>

**37 - CASH FLOW STATEMENT – INVESTING ACTIVITIES**

	2018/19 £000	2019/20 £000
Purchase of property, plant & equipment, investment property and intangible assets	11,677	38,246
Purchase of short-term and long-term investments	3,000	0
Proceeds from the sale of property, plant & equipment, investment property and intangible assets	(816)	(934)
Proceeds from short-term and long-term investments	(6,000)	(4,000)
Other payments for investing activities	48	0
Other receipts for investing activities (Grants)	(2,478)	(6,503)
<b>Net cash flows from investing activities</b>	<b>5,430</b>	<b>26,808</b>

**38 - CASH FLOW STATEMENT – FINANCING ACTIVITIES**

	<b>2018/19</b>	<b>2019/20</b>
	<b>£000</b>	<b>£000</b>
Cash receipts of short- and long-term borrowing	0	(11,000)
Repayments of short & long-term borrowing	521	520
Other payments for financing activities	1,095	4,181
<b>Net cash flows from financing activities</b>	<b>1,616</b>	<b>(6,300)</b>

## COLLECTION FUND STATEMENT &amp; NOTES

2018/19 £000		2019/20 £000

<b>2,340</b>	<b>Surplus/(Deficit) on Council Tax</b>	<b>193</b>
<b>(3,458)</b>	<b>Surplus/(Deficit) on Business Rates</b>	<b>(678)</b>
<b>(1,118)</b>	<b>Surplus/(Deficit) as at 31st March 2020</b>	<b>(484)</b>

The Collection Fund is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement

shows the transactions of this council in relation to the collection from taxpayers and distribution to local authorities and the Government of council tax and non-domestic rates. Respective shares of Balance Sheet items are consolidated into the accounts of billing and precepting authorities.

## Notes to the Collection Fund

### Note 1 – Council Tax

Council Tax income derives from charges raised according to the value of residential properties, which have been classified into 8 valuation bands estimating, for this specific purpose, 1st April 1991 values. Individual charges are calculated by estimating the amount of income required to be taken from the Collection Fund by Kent County Council, the Kent Police & Crime Commissioner, Kent Fire & Rescue Authority and this Council for the forthcoming year and dividing this by the Council Tax base which is the total number of properties in each band adjusted by a proportion to convert the number to a Band D equivalent and adjusted for discounts: 62,033.4 for 2019/20 (60,921.6 for 2018/19) (see table below.) This basic amount of Council Tax for a Band D property, £1,830.79 for 2019/20 (£1,735.24 for 2018/19), is multiplied by the proportion specified for the particular band to give an individual amount due. Parish Precepts are added to this basic amount.

The bands, number of dwellings in each, the multiplier for each and the resultant tax base are detailed in the table below.

Band	Number of Dwellings	Multiplier	Council Tax Base
Band A (incl disabled relief)	0	5/9	0.0
Band A	2,540	6/9	1,693.5
Band B	6,283	7/9	4,887.0
Band C	15,400	8/9	13,689.1
Band D	16,186	9/9	16,186.3
Band E	8,824	11/9	10,785.1
Band F	5,202	13/9	7,513.5
Band G	3,845	15/9	6,408.1
Band H	337	18/9	674.8
Other	0		196.1
			<b>62,033.4</b>

### Note 2 - Business (Non-domestic) Rates

The Council collects Business Rates for its area based on rateable values (as determined by the Valuation Office Agency) and multipliers set by Central Government. There are two multipliers:

- Standard Multiplier 50.4p / £ Rateable Value (49.3p in 2018/19)
- Small Business Multiplier 49.1p / £ Rateable Value (48.0p in 2018/19)

The rateable value at 31st March 2020 was £147.123 (£145.864m at 31st March 2019).

For 2019/20, it was calculated that the Council would receive £21.843m in business rates (£22.649m in 2018/19).

A system of Tariff and Top-Up payments operates on the localised shares distributed to local government bodies. A significant proportion of Maidstone's retained share (£19.028m in 2019/20, £18.602m in 2018/19) is subsequently 'top-sliced' and returned to the Government for redistribution across local government.

A further Safety Net or Levy system acts to ensure that any local authority is protected from a net localised business rate yield of less than 92.5% of its Baseline Funding level set by the government. In these circumstances a local authority will receive a Safety Net grant. This grant is paid for by imposing a 50% levy on localised business rate receipts in excess of their Baseline Funding level.

Since April 2013, the Council has participated in a pooled arrangement with Kent County Council, Kent Fire and Rescue Authority and nine other district councils in Kent in order to minimise the levy payment due to Central Government and thereby maximise the retention of locally generated Business Rates.

Business Rates surpluses/deficits declared by the Billing Authority in relation to the Collection Fund are apportioned to the relevant precepting bodies and Government in the subsequent financial year in their respective proportions.

## **GLOSSARY OF TERMS**

### **ACCOUNTING POLICIES**

The specific policies and procedures used by the Council to prepare the Statement of Accounts. These include any methods, measurement systems and procedures for presenting disclosures.

### **ACCOUNTS**

Statement aggregating items of income and expenditure and assets and liabilities. The accounts may show detailed transactions for every activity (generally used for management and control purposes during a financial year) or be summarised to show the overall position at the end of the period. The latter are known as final accounts and show both the net surplus (profit) or deficit (loss) and a balance sheet of the assets, liabilities and other balances at the end of the accounting period. Councils are required to publish a Statement of Accounts as specified in the Accounts and Audit Regulations 2011.

### **ASSETS HELD FOR SALE**

Assets that the Council are actively marketing for sale, and for which there is a reasonable expectation that the sale will take place within one year of the Balance Sheet date.

### **BALANCE SHEET**

A statement of the assets, liabilities and other balances of the Council at the end of an accounting period.

### **BALANCES**

Capital or revenue reserves of the Council made up of the accumulated surplus of income over expenditure on the general fund or any other account. Revenue balances may be utilised to provide for unforeseen circumstances, to ensure that payments can be made pending the receipt of income, and if justified they may be used to reduce the collection fund levy.

### **CAPITAL EXPENDITURE**

Generally, expenditure which is of value to the Council in the provision of services beyond the end of the financial year in which it was incurred, e.g. purchase of land and buildings, construction or improvement of buildings.

### **CAPITAL FINANCING**

The raising of money to pay for capital expenditure. Usually the cost of capital assets is met by borrowing, but capital expenditure may also be financed by other means such as leasing, contributions from the revenue accounts, the proceeds of the sale of capital assets, capital grants, reserves and other contributions.

## **CAPITAL RECEIPTS**

Proceeds from the sale of capital assets. Capital receipts can be used to repay the debt on assets financed from loan or to finance new capital expenditure, subject to compliance with statutory requirements.

## **COLLECTION FUND**

Councils that collect precepts and non-domestic rates on behalf of other authorities are required to maintain a Collection Fund to summarise the collection and payments of precepts, and any associated adjustments.

## **CREDITORS**

Amounts owed by the Council for work done, goods received, or services rendered but for which payment had not been made at the date of the balance sheet.

## **DEBTORS**

Sums of money due to the Council but unpaid at the balance sheet date.

## **DEPRECIATION**

The measure of the wearing out, consumption, or other reduction in the useful economic life of a non-current asset, whether arising from use, passage of time or obsolescence through technological or other changes.

## **GENERAL FUND**

The main revenue account of a charging authority that summarises the cost of all services provided by the Council.

## **HERITAGE ASSETS**

Heritage Assets are defined as assets with historical, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge or culture.

## **INTANGIBLE ASSETS**

Intangible assets are assets that do not have a physical substance but are identifiable and controlled by the Council, such as computer software.

## **INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS)**

These are the accounting standards (as adapted for the public sector) that the Council are required to follow when preparing the annual Statement of Accounts.

## **INVESTMENT PROPERTIES**

Investment properties are those that are used solely to earn rentals and/or for capital appreciation.

## **PROPERTY, PLANT & EQUIPMENT**

Assets that have physical substance and are held for use in the provision of services or for administrative purposes on a continuing basis.

## **REVENUE EXPENDITURE FUNDED FROM CAPITAL BY STATUTE**

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of property, plant or equipment, and is charged as expenditure to the relevant service revenue account in the year.

## **REVENUE SUPPORT GRANT**

A general grant paid by central government to local authorities to help finance the cost of services. It is paid to charging authorities for credit to the Collection Fund.

## **REVENUE ACCOUNT**

An account which records the day to day expenditure and income of the Council on such items as salaries and wages, running costs of services, the purchase of consumable materials and equipment, and the financing costs of capital assets.

## **SUPPORT SERVICES**

An allocation of the net cost of the administrative and professional departments which provide support for all the Council's services (e.g. Executive Services, Finance, Personnel), together with the costs of pooled administrative buildings.

## **USABLE CAPITAL RECEIPTS**

Funds received by an authority from the sale of capital assets that have yet to be used to finance capital expenditure or repay debt.

## **UNUSABLE RESERVES**

These are non-cash reserves that are kept to manage the accounting processes for non-current assets, retirement benefits and employee benefits and do not represent usable resources for the Council.

## **USABLE RESERVES**

These are funds available to the Council and represent specific amounts set-aside for future policy purposes or earmarked purposes, including the General Fund and the Capital Receipts Reserve.

**INDEPENDENT AUDITOR'S REPORT**
