

**Urgent Update: Planning Committee 24 June 2021**

**Item 23 Pages 113 - 117**

**43 Bargrove Road**

**APPLICATION: 21/500489/TPOA**

The reduction of all crowns of trees from the property was included on the application form but omitted from the proposal description in error. The applicant has verbally confirmed that the proposal includes the cutting back of growth to create a clearance of 2 metres from the house at 43 Bargrove Road.

Officer comment

The proposal to cut back from the property is minor works and such action is generally considered appropriate arboricultural management to prevent direct damage to buildings. It is therefore recommended that the proposal description is amended to include this additional operation.

**The recommendation remains unchanged**
