**Executive Summary**

This report sets out the proposed fees and charges for 2023/24 for the services within the remit of this committee. Fees and charges determined by the council are reviewed annually, and this forms part of the budget setting process. Changes to fees and charges agreed by this committee will come into effect on 1 April 2023 unless otherwise stated in the report.

**Recommendations to Communities, Housing and Environment Policy Advisory Committee:**

1. The Committee is asked to note the contents but may choose to comment on the content.
2. That the Committee recommend to the Executive to approve the Fees and Charges as detailed in Appendix 1.

The authority has a duty to ensure that taking one financial year with another, income does not exceed the costs of providing the service. A number of fees and charges for Council services are set on a cost recovery basis only, with trading accounts used to ensure that the cost of service is clearly related to the charge made. In other cases, the fee is set by statute and the Council must charge the statutory fee. ## **2. INTRODUCTION AND BACKGROUND**

- 2.1 The council is able to recover the costs of providing certain services through making a charge to service users. For some services, this is a requirement and charges are set out in statute, and in other areas the council has discretion to determine whether charging is appropriate, and the level at which charges are set.
- 2.2 In recent years, the use of charging has become an increasingly important feature of the council's medium term financial strategy, as pressures on the revenue budget limit the extent to which subsidisation of discretionary services is feasible. Recovering the costs of these services from users where possible helps to ensure sustainability of the council's offer to residents and businesses, beyond the statutory minimum.
- 2.3 A charging policy (attached at Appendix 2 for reference) is in place for charges which are set at the council's discretion and this seeks to ensure that:
- a) Fees and charges are reviewed regularly, and that this review covers existing charges as well services for which there is potential to charge in the future.
  - b) Budget managers are equipped with guidance on the factors which should be considered when reviewing charges.
  - c) Charges are fair, transparent and understandable, and a consistent and sensible approach is taken to setting the criteria for applying concessions or discounted charges.
  - d) Decisions regarding fees and charges are based on relevant and accurate information regarding the service and the impact of any proposed changes to the charge is fully understood.
- 2.4 The policy covers fees and charges that are set at the discretion of the council and does not apply to services where the council is prohibited from charging, e.g. the collection of household waste. Charges currently determined by central government, e.g. planning application fees, are also outside the scope of the policy. However, consideration of any known changes to such fees and charges and any consequence to the medium term financial strategy are included in this report for information.
- 2.5 Managers are asked to consider the following factors when reviewing fees and charges:
- a) The council's strategic plan and values, and how charge supports these;
  - b) The use of subsidies and concessions targeted at certain user groups or to facilitate access to a service;
  - c) The actual or potential impact of competition in terms of price or quality;
  - d) Trends in user demand including an estimate of the effect of price changes on customers;
  - e) Customer survey results;

- f) Impact on users, both directly and on delivering the council's objectives;
- g) Financial constraints including inflationary pressure and service budgets;
- h) The implications of developments such as investment made in a service;
- i) The corporate impact on other service areas of council wide pressures to increase fees and charges;
- j) Alternative charging structures that could be more effective;
- k) Proposals for targeting promotions during the year and the evaluation
- l) of any that took place in previous periods.

#### **Discretionary Charges for 2023-24**

- 2.6 It is important that charges are reviewed on a regular basis to ensure that they remain appropriate and keep pace with the costs associated with service delivery as they increase over time.
- 2.7 Charges for services which fall within the remit of this committee have been reviewed by budget managers in line with the policy, as part of the development of the medium term financial strategy for 2023/24 onwards. The detailed results of the review carried out this year are set out in Appendix 1 and the approval of the committee is sought to the amended fees and charges for 2023/24 as set out in that appendix.
- 2.8 Table 1 below summarises the 2021/22 outturn and 2022/23 estimate for income from the discretionary fees and charges which fall within the remit of this committee. Please note that the table only reflects changes relating to fees and charges and does not include other budget proposals which may impact these service areas.
- 2.9 The overall increase in income if these changes are agreed and implemented as planned is expected to be £122,400 which amounts to a 4.0% increase in the overall budgeted income figure for this committee for the current financial year. This information excludes fees for licensing, which will be reported to the Licensing Committee for approval.

Table 1: Discretionary Fees & Charges Summary (CHE)

2.10 Detailed proposals are set out within Appendix 1 to this report, and considerations relating to these proposals have been summarised below.

Parks and Open Spaces – No increases are proposed for 2023/24.

Cemetery and Crematorium – A number of changes are proposed to the charges in this area. These proposals have been made with reference to increasing supply costs and are considered to be in line with charges made by local competitors. A fee is also being introduced for use of the Crematorium Chapel which will be available for use in 2023/24.

Environmental Health – Charges have been reviewed and increased where appropriate to offset the costs of service provision.

Waste Crime and Community Protection – No increases are proposed for 2023/24.

Recycling and Refuse Collection – Charges have been reviewed and increased where appropriate to offset the costs of service provision.

- *Bulky collection and Trade waste* – increase due to increased costs of delivering these services.
- *Garden waste service* – No increases are proposed for 2023/24.

HMO Licensing – No increases are proposed for 2023/24.

Gypsy and Traveller Sites – Increase by CPI of 5% in line with government rent cap.

### **3. AVAILABLE OPTIONS**

#### **3.1 Option 1**

The committee could recommend approval to adopt the fees and charges as proposed in Appendix 1. As these proposals have been developed in line with the council's policy on fees and charges, they will create a manageable impact on service delivery whilst maximising income levels.

#### **3.2 Option 2**

The committee could propose alternative charges to those set out within Appendix 1. Any alternative increases may not be fully compliant with the policy, would require further consideration before implementation and may not deliver the necessary levels of income to ensure a balanced budget for 2023-24. The impact on demand for a service should also be taken into account when considering increases to charges beyond the proposed level.

#### **3.3 Option 3**

The committee could choose to do nothing and retain charges at their current levels. However, this might limit the Council's ability to recover the cost of delivering discretionary services and could result in the Council being unable to set a balanced budget for 2023-24.

---

### **4. PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS**

4.1 Option 1 as set out above is recommended as the proposed fees and charges shown within Appendix 1 have been developed by budget managers in line with the Council's Charging Policy. The proposed charges are considered appropriate and are expected to create a manageable impact on service delivery whilst maximising cost recovery. Changes to fees and charges recommended by this committee will go to the Executive for approval and will come into effect on 1 April 2023 unless otherwise stated.

---

### **5. RISK**

5.1 The risks associated with this proposal, including the risks if the Council does not act as recommended, have been considered in line with the Council's Risk Management Framework. We are satisfied that the risks associated are within the Council's risk appetite and will be managed as per the Policy.

---

### **6. CONSULTATION RESULTS AND PREVIOUS COMMITTEE FEEDBACK**

6.1 No consultation has been undertaken specifically relating to the proposals set out in the report. However, the Council has undertaken a survey of residents which will be used to inform wider decisions related to budget setting and spending priorities. The results of this survey will be considered as part of the budget process.

---

## **7. NEXT STEPS: COMMUNICATION AND IMPLEMENTATION OF THE DECISION**

- 7.1 Corporate Services Policy Advisory Committee will receive an overarching report of all fees and charges proposals on 14 December 2022.
  - 7.2 Proposed changes to fees and charges will go to the Executive on the 21 December 2022 for approval as set out within Appendix 1 and will be implemented with effect from 1 April 2023.
