- 11. Fees and independence
- 12. Communication of audit matters with those charged with governance

### **Appendices**

A. Action plan

### Understanding your business

In planning our audit we need to understand the challenges and opportunities the Council is facing. We set out a summary of our understanding below.

### Challenges/opportunities

- Reduction in funding and financial position
- Since the Chancellor's Autumn statement in 2010, funding from central government has been reducing year on year. This poses significant challenges to the authority in balancing its budget in current and future years.
- 2. Participation in shared service arrangements
- The Council has committed to a number of shared service arrangements with neighbouring councils in recent years with the aim of securing improvements in economy, efficiency and effectiveness.
- 3. Local Government reforms
- The Council is implementing plans under the Localism Act which will have implications for how the Council is funded. These include local retention of business rates and localisation of council tax support.
- 4. Investment opportunities
- During 2012/13, the Council amended its Treasury Management Strategy to include prudential borrowing of £6m to invest in property to meet local need for affordable housing.

### Our response

### We will:

- review how income assumptions have been incorporated into the medium term financial plan; and
- assess progress in meeting savings targets.

### We will:

- review how the benefits of shared service arrangements and partnerships are monitored; and
- assess the extent to which the anticipated cost reductions from shared services are delivered.

### We will:

- determine whether the Council has assessed the risks and opportunities attached to the relevant schemes; and
- assess how their impact has been incorporated into medium term financial planning.

#### We will:

- review and conclude on the appropriateness of the accounting treatment of the plans that the Council has put in place
- consider the effect of the schemes on the Council's long term financial strategy

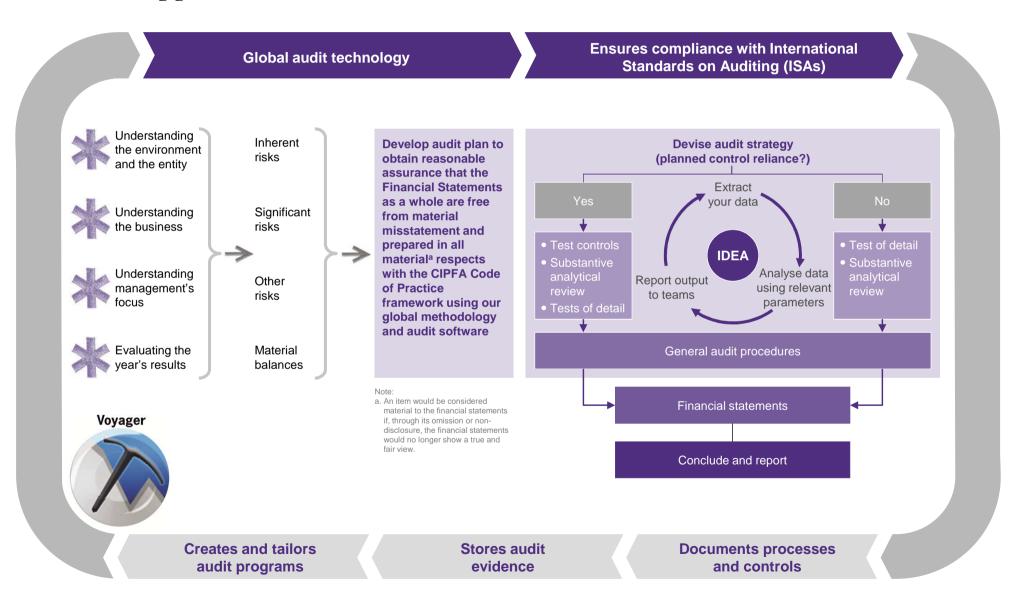

### Developments relevant to your business and the audit

In planning our audit we also consider the impact of key developments in the sector and take account of national audit requirements as set out in the Code of Audit Practice and associated guidance.

| and associated guidance.  |  |   |  |  |  |  |  |
|---|--|---|--|--|--|--|--|

### Our audit approach

### An audit focused on risks

We undertake a risk based audit whereby we focus audit effort on those areas where we have identified a risk of material misstatement in the accounts. The table below shows how our audit approach focuses on the risks we have identified through our planning and review of the national risks affecting the sector. Definitions of the level of risk and associated work are given below:

**Significant** – Significant risks are typically non-routine transactions, areas of material judgement or those areas where there is a high underlying (inherent) risk of misstatement. We will undertake an assessment of controls (if applicable) around the risks and carry out detailed substantive testing.

Other – Other risks of material misstatement are typically those transaction cycles and balances where there are high values, large numbers of transactions and risks arising from, for example, system changes and issues identified from previous years audits. We will assess controls and undertake substantive testing, the level of which will be reduced where we can rely on controls.

**None** – Our risk assessment has not identified a risk of misstatement. We will undertake substantive testing of material balances. Where an item in the accounts is not material we do not carry out detailed substantive testing.

| Account  | Material (or<br>potentially<br>material)<br>balance? | Transaction Cycle                | Inherent risk | Material<br>misstatement<br>risk? | Description of Risk                  | Substantive testing? |
|--|--|----------------------------------|---------------|-----------------------------------|--------------------------------------|----------------------|
| Cost of services - operating expenses                    | Yes  | Operating expenses               | Medium        | Other                             | Operating expenses understated       | <b>√</b>             |
| Cost of services –<br>employee<br>remuneration           | Yes  | Employee remuneration            | Medium        | Other                             | Remuneration expenses not correct    | ✓                    |
| Costs of services –<br>Housing & council<br>tax benefit  | Yes  | Welfare expenditure              | Medium        | Other                             | Welfare benefits improperly computed | ✓                    |
| Cost of services –<br>other revenues (fees<br>& charges) | Yes  | Other revenues                   | Low           | None                              |                                      | <b>√</b>             |

### Significant risks identified

'Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, either due to size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates for which there is significant measurement uncertainty' (ISA 315).

In this section we outline the significant risks of material misstatement which we have identified. There are two presumed significant risks which are applicable to all audits under auditing standards (International Standards on Auditing – ISAs) which are listed below:

| Significant risk                                   | Description  | Substantive audit procedures  |
|--|--|---|
| The revenue cycle includes fraudulent transactions | Under ISA 240 there is a presumed risk that revenue may be misstated due to the improper recognition of revenue.     | Work completed to date:  Identification of revenue recognition policies  Further work planned:  Testing of revenue recognition policies  Performance of attribute testing on material revenue streams |
| Management over-ride of controls                   | Under ISA 240 there is a presumed risk that the risk of management over-ride of controls is present in all entities. | Work planned: Testing of journal entries Review of unusual significant transactions Review of accounting estimates, judgments and decisions made by management  |

### Other risks

The auditor should evaluate the design and determine the implementation of the entity's controls, including relevant control activities, over those risks for which, in the auditor's judgment, it is not possible or practicable to reduce the risks of material misstatement at the assertion level to an acceptably low level with audit evidence obtained only from substantive procedures (ISA 315).

| Other reasonably possible risks   | Description   | Work completed to date  | Further work planned  |
|-----------------------------------|---|---|---|
| Operating expenses                | Creditors understated or not recorded in the correct period | <ul> <li>Activity level controls were identified and a walkthrough of the<br/>system was completed during the interim visit in January 2013.<br/>No control deficiencies were identified as a result of this work,<br/>and we are satisfied that the system and controls are operating<br/>as designed.</li> </ul>      | <ul> <li>Perform attribute testing on material expense streams</li> <li>Assess the method of allocating/apportioning expenses to functional categories for compliance with the Service Reporting Code of Practice</li> <li>Cut-off testing</li> </ul>   |
| Employee remuneration             | Remuneration expenses not correct                           | <ul> <li>Activity level controls were identified and a walkthrough of the<br/>system was completed during the interim visit in January 2013.</li> <li>No control deficiencies were identified as a result of this work,<br/>and we are satisfied that the system and controls are operating<br/>as designed.</li> </ul> | Performance of attribute testing on payroll expenses  |
| Welfare<br>Expenditure            | Welfare benefits improperly computed                        | <ul> <li>Activity level controls were identified and a walkthrough of the<br/>system was completed during the interim visit in January 2013.</li> <li>No control deficiencies were identified as a result of this work,<br/>and we are satisfied that the system and controls are operating<br/>as designed.</li> </ul> | <ul> <li>Substantive testing of a sample of benefit claims</li> <li>Reconcile benefit expenditure to the benefit subsidy claim and assess the impact of any significant differences</li> <li>Complete benefit software diagnostic tool, uprating checks and analytical review compared to prior year subsidy claim</li> </ul> |
| Property,<br>Plant &<br>Equipment | Revaluation measurement not correct                         | We have written to the Council's Valuer to request details regarding professional qualifications, independence, terms of reference and compliance with professional standards. The response to this letter will be used to inform our judgement on the adequacy of valuations provided.                                 | <ul> <li>Review the appropriateness of valuations provided to the council by the external valuer</li> <li>Determine whether revaluations have been accounted for correctly</li> </ul>   |

### Results of interim audit work

### Scope

As part of the interim audit work and in advance of our final accounts audit fieldwork, we have considered:

- the effectiveness of the internal audit function
- internal audit's work on the Council's key financial systems
- walkthrough testing to confirm whether controls are implemented as per our understanding in areas where we have identified a risk of material misstatement
- a review of Information Technology (IT) controls

|                     | Work performed  | Conclusion/ Summary   |
|---------------------|---|---|
| Internal audit      | We have reviewed internal audit's arrangements against the CIPFA Code of Practice. Where the arrangements are deemed to be adequate, we can gain assurance from the overall work undertaken by internal audit and can conclude that the service itself is contributing positively to the internal control environment and the Council's governance framework. | We have concluded that the Internal Audit service continues to provide an independent and satisfactory service to the Council. We will continue to work in collaboration with internal audit so that we can take assurance from their work in contributing to an effective internal control environment at the Council. |
| Walkthrough testing | Walkthrough tests were completed in relation to the specific accounts assertion risks which we consider to present a risk of material misstatement to the financial statements.   | No significant issues were noted and in-year internal controls were observed to have been implemented in accordance with our documented understanding.  |

# Results of interim audit work (continued)

|  | Work performed  | Conclusion/ Summary  |
|--|---|--|
| Review of information technology (IT) controls | Our information systems specialist will perform a high level review of the general IT control environment, as part of the overall review of the internal controls system. We will perform a follow up of the issues that have been raised in the previous year. | The review of the general IT control environment completed in May 2013 concluded that the entity level controls in this area are designed effectively. This work did not identify any significant issues to bring to the attention of the Committee. |
| Journal entry controls                         | At the time of writing, detailed testing of journal transactions recorded was in progress. This involves the extraction of any 'unusual' entries for further review. We will update the committee in due course with any issues which arise from this work.     | Work is currently in progress and is due to be completed in July 2013. The outcome of this work will be reported to the Committee in September 2013.   |

### Value for Money

#### Introduction

The Code of Audit Practice requires us to issue a conclusion on whether the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. This is known as the Value for Money (VfM) conclusion.

#### 2012/13 VFM conclusion

Our Value for Money conclusion will be based on two reporting criteria specified by the Audit Commission.

We will tailor our VfM work to ensure that as well as addressing high risk areas it is, wherever possible, focused on the Council's priority areas and can be used as a source of assurance members.

The results of all our local VfM audit work and key messages will be reported in our Audit Findings report and in the Annual Audit Letter. We will agree any additional reporting to the Council on a review-by-review basis.

### **Code criteria**

The Council has proper arrangements in place for:

- securing financial resilience
- challenging how it secures economy, efficiency and effectiveness in its use of resources

We will consider
whether the Council
is prioritising its
resources with tighter
budget

### Work to be undertaken

Risk-based work focusing on arrangements relating to financial governance, strategic financial planning and financial control.

Specifically we will:

- review the medium term financial plan including the assumptions made;
- review 2012/13 financial performance; and
- assess progress against savings plans.

# Logistics and our team

### **Our team**

| Darren Wells               | Steve Golding               |

| 08/07/13 | Year end field work commences                  |
| 15/07/13 | The audit plan presented to Audit Committee    |
| 30/09/13 | Audit findings clearance meeting               |
| 16/09/13 | Audit Committee meeting to report our findings |
| 25/09/13 | Sign financial statements and VfM conclusion   |
| 28/10/13 | Issue Annual Audit Letter                      |

### Fees and independence

#### **Fees**

|                     | £       |
|---------------------|---------|
| Council audit       | £66,400 |
| Grant certification | £17,600 |
| Total               | £84,000 |

#### **Fees for other services**

| Service | Fees £ |
|---------|--------|
| None    | Nil    |

### **Our fee assumptions include:**

- Our fees are exclusive of VAT
- Supporting schedules to all figures in the accounts are supplied by the agreed dates and in accordance with the agreed upon information request list
- The scope of the audit, and the Council and its activities have not changed significantly
- The Council will make available management and accounting staff to help us locate information and to provide explanations

### **Independence and ethics**

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Auditing Practices Board's Ethical Standards and therefore we confirm that we are independent and are able to express an objective opinion on the financial statements.

Full details of all fees charged for audit and non-audit services will be included in our Audit Findings report at the conclusion of the audit.

We confirm that we have implemented policies and procedures to meet the requirement of the Auditing Practices Board's Ethical Standards.

### Communication of audit matters with those charged with governance

International Standards on Auditing (ISA) 260, as well as other ISAs, prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table opposite.

This document, The Audit Plan, outlines our audit strategy and plan to deliver the audit, while The Audit Findings will be issued prior to approval of the financial statements and will present key issues and other matters arising from the audit, together with an explanation as to how these have been resolved.

We will communicate any adverse or unexpected findings affecting the audit on a timely basis, either informally or via a report to the Council.

### **Respective responsibilities**

This plan has been prepared in the context of the Statement of Responsibilities of Auditors and Audited Bodies issued by the Audit Commission (<a href="www.audit-commission.gov.uk">www.audit-commission.gov.uk</a>).

We have been appointed as the Council's independent external auditors by the Audit Commission, the body responsible for appointing external auditors to local public bodies in England. As external auditors, we have a broad remit covering finance and governance matters.

Our annual work programme is set in accordance with the Code of Audit Practice ('the Code') issued by the Audit Commission and includes nationally prescribed and locally determined work. Our work considers the Council's key risks when reaching our conclusions under the Code.

It is the responsibility of the Council to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Council is fulfilling these responsibilities.

| Our communication plan   | Audit<br>plan | Audit findings |
|--|---------------|----------------|
| Respective responsibilities of auditor and management/those charged with governance  | <b>✓</b>      |                |
| Overview of the planned scope and timing of the audit. Form, timing and expected general content of communications   | <b>✓</b>      |                |
| Views about the qualitative aspects of the entity's accounting and financial reporting practices, significant matters and issue arising during the audit and written representations that have been sought                                     |               | ✓              |
| Confirmation of independence and objectivity   | ✓             | ✓              |
| A statement that we have complied with relevant ethical requirements regarding independence, relationships and other matters which might be thought to bear on independence.  Details of non-audit work performed by Grant Thornton UK LLP and | ✓             | <b>√</b>       |
| network firms, together with fees charged.   |               |                |
| Details of safeguards applied to threats to independence   |               |                |
| Material weaknesses in internal control identified during the audit  |               | ✓              |
| Identification or suspicion of fraud involving management and/or others which results in material misstatement of the financial statements   |               | ✓              |
| Non compliance with laws and regulations   |               | ✓              |
| Expected modifications to the auditor's report, or emphasis of matter  |               | ✓              |
| Uncorrected misstatements  |               | ✓              |
| Significant matters arising in connection with related parties   |               | ✓              |
| Significant matters in relation to going concern   |               | ✓              |
